

9 months, children of Thomas J. and Ann Eliza Latham.
In Lenoir county, on Wednesday, the 29th, of June, CORNELIA WOOTEN, daughter of Council Wooten, Esq.
In this place on the 7th inst, EDWIN, son of James and Mary A. Bishop, in the 3d year of his age.
In Tallahassee, Florida, on the 21st June JOHN B. SHERMAN, Esq., formerly of New-Berne, N. C., in the 57th year of his age.
In Wayne County on the 27th June, at the residence of his brother, Elijah Pipkin, STEWART PIPKIN, aged about 36 years.
In this Town, on the 1st instant, Mrs. LYDIA E. DICKINSON, consort of the late Craven Dickinson, aged 55 years, 2 months and 5 days.
In Kingston, on Tuesday, 28th ult., WILLIAM REFS, infant son of Louisa H. and R. W. King, Esq., aged 11 months.
In this Town, on the 1st inst., WILLIAM B. PERRINS, of this County, aged 65 years, 8 months and 17 days.
In this county, at the residence of John M. Clemons, Esq., near New-Berne, Mrs. CHRISTIANA FOSCUS, widow of Simon Foscus, Esq., of Jones County, in the 73d year of her age. It is seldom that relations and friends are called upon to mourn the loss of one, so amiable, kind, and affectionate as the subject of this notice, and who, for a long life has so well performed her part, both as a Christian and earthly protector and guide of a large family of children two of whom only are left to mourn their irreparable loss. It will be a satisfaction to a large circle of relatives and friends here and elsewhere to know that she died perfectly resigned to the will of her Heavenly Father, and rejoicing to be free from the pains and cares incident to the mortal life, although her declining health for some years had been kindly soothed by the affectionate attentions of her remaining children, who left nothing undone that would tend to comfort and prolong her earthly pilgrimage.

THE MARKETS.

NEW-BERNE MARKET.

NEW-BERNE, July 6, 1853.
BACON.—Hams sell at 10 cents, and hoground from 8 1/2 to 9 cents.
BEEF.—In demand at 26 cents.
CORN.—There seems to have been more activity in the Corn market the past week. A wagon load of 30 bushels was readily taken at 55 cents. We hear of no receipts in large lots—supply on hand limited, demand quick.
EGGS.—Eggs are in demand at 11 cents per dozen.
LARD.—A small lot was sold this morning (Friday) at 11 cents—supply on hand limited and in moderate demand.
MEAL.—No change in price since our last issue; none coming in from the country, and in demand at 90 cents by the lot, retail price from stores 81.
PEAS.—None coming to market.
POULTRY.—Spring Chickens bring 25 and 30c per pair and grown fowls 25 and 40 cents.
TALLOW.—We hear a good deal of inquiry for Tallow, but no transactions taking place, as there is but little coming to market; a good article would command 11 cents.
TURKEYS.—Sales this week at \$17 1/2 to 30 for Dip, being an advance on last week's prices. No Scrape coming in—demand fair.

WASHINGTON MARKET.

WASHINGTON, July 5th, 1853.
NAVAL STORES.—No change to notice in any article under this head—receipts very light.
GRAIN.—Corn for retailing still commands 52c for white, and 50c for mixed and shipping but 45 to 47c is offered. Wheat—no new crop has made its appearance—a small lot of old in prime order from Hyde co., brought 85c. for 60 lbs. to-day.

WILMINGTON MARKET.

WILMINGTON, July 6, 1853.
The river is very low, but little produce comes in from that and other sources.
TURKEYS.—The sales since our last reach probably 1800 bush, all at firm prices, any 32 1/2c per bu. for yellow dip and 28 1/2c for virgin. Market firm and demand good.
SPIRITS TURKEYS.—We note the following sales since last issue—310 bush. on Saturday at 36 cents per gallon, 150 do. on yesterday at 37 cents, and 100 do. do. at 38 cents. Stock very slight, and holders are asking higher rates.
ROBIN.—We hear of no transactions, stock moderate.
CORN.—With the exception of a lot of 200 bush. per Rail Road, to order, there have been no recent receipts. The stock on hand is light and the demand good.
PEAS.—A fair stock on hand. No late receipts.

CERTAIN REMEDY!!!

IS man an animal? The Doctors say so, and we give in—as to the Ladies, every body says they are Angels, and we are bound to say so too. Yes, man is an Animal, and a dirty Animal at that. We suppose Angels are thirty-two for the ladies and thirty this hot weather, as well as the lords of creation.
Having satisfied ourselves of the truth of these profound maxims in animal economy, by long and attentive observation, WE, the subscriber, have prepared for the benefit of the Gentlemen, Ladies, Misses and Boys of New-Berne, and all about this country, a certain & most pleasant cure for this thirty propensity, "to which flesh is heir," (especially in this hot weather,) by ordering at no small cost, and putting up in fine order in our Toy, Fancy and Confectionary Store on Craven Street, just above the Merchant's Bank, one of Geo's beautiful and super-excellent PATENT SODA FOUNTAINS, which is now in successful operation. Come one, then, come all, and pick and choose your Sprud from a variety so numerous that we are afraid it will make your mouth water to name them—but come and drink, and drink often at the fountain, not precisely without money and without price, but for a very small quantum of that root of all evil, notwithstanding. Fountain in prime working order morning, evening and night.
ROBERT D. DUNN, New-Berne, July 2d, 1853. 23 1/2 f.

GREENSBOROUGH MUTUAL INSURANCE COMPANIES!

THE Subscriber having been appointed Agent for the Greensborough Mutual Fire Insurance, Life Insurance and Trust Companies, is now prepared to take risks in either, at the lowest rates. A. MILLER, Agent.

GREENSBOROUGH MUTUAL FIRE INSURANCE COMPANY.

The cost of Insurance on the Mutual plan, is but a small sum compared with a Joint stock company. This Company being located in the Western part of the State, consequently much the larger portion of the risks are in the West, very many of which are in the country. The Company is entirely free from debt; have made no assessments, and have a large amount to cash and good bonds. It is therefore confidently recommended to the public. At the last Annual Meeting, the following officers were elected for the ensuing year:

JAMES SLOAN, President, S. G. COFFIN, Vice President, C. P. MENDENHALL, Attorney, PRIZER ADAMS, Sec. & Treasurer. DIRECTORS: James Sloan, Greensboro', F. Elliott, Guilford, Dr. J. A. Mohane, W. A. Wright, Wilmington, C. P. Mendenhall, " " " " W. S. Rankin, " " " " Dr. C. Watkins, C. Rev. C. F. Deana, " " " " F. Col. J. M. Garrett, " " " " J. J. Shaver, Salisbury, Dr. D. Weir, " " " " J. H. South Lowell Academy.

(ORANGE CO. N. C.) THE undersigned would respectfully inform his former patrons and his friends and the public at large, that he will at the commencement of the next session, resume his station at the head of South Lowell Academy. This Institution is situated in a section of the State where a healthy climate, pure water, pleasant scenery, and a moral community furnish many incentives to industry as are often to be found. Young men from any part of the State, or adjoining States, need fear no injurious effects from the climate at South Lowell, while to those from the eastern portion of the State it offers a safe and pleasant retreat from the diseases incident to that region. Whilst no pains will be spared to improve the mind, it will not be forgotten that knowledge is valuable only when united to integrity of heart and consequently every reasonable effort will be made to lead the minds of those intrusted to our care, to "Remember their Creator in the days of their Youth." There will be preaching in the Academy three or four times a month, and other religious meetings once or twice a week. No student will be permitted to remain who exerts an immoral influence, and none to return who does not attend diligently to his duties. One competent Assistant will be present at the commencement of the Session, and more will be immediately employed if the interests of the students demand. Students can come by public conveyance to Hillsboro', twelve miles west, or to Oxford, twenty-five miles east of South Lowell, and at either of these places private conveyances can be readily obtained. Board can be obtained in the best families at \$6 per month, including all things except lights, Tuition, for beginners \$10,—for Common and Higher English \$12.50,—for Languages \$15. To the sons of regular ministers of any denomination, tuition will be furnished at half price. Particular attention will be given to preparing young men for teachers. The next Session will commence on Wednesday July 27th; and the classes will be organized the same day. JAMES A. DEAN, South Lowell, June 18th, 1853. 21 4v.

A NEW ESTABLISHMENT.

THE undersigned would respectfully announce to the citizens of Craven and the adjoining counties, that he has purchased the Store, corner of Broad and Middle Streets, formerly occupied by Samuel Miller, where he will carry on a general Manufacturing Business of TIN, SHEET IRON AND COPPER WARES. He will also keep on hand a good assortment of Cooking, Parlor and Office Stoves, Grates, Fenders, Fire Irons, Japanned Tin of every description, and all articles usually kept in an establishment of the kind. It is the desire of the subscriber to establish a permanent business in New-Berne, one that cannot fail, if successful, to promote the interest as well of the buyer as the seller, and he therefore wishes every citizen of Craven to call and examine his stock, and satisfy himself that they can purchase at home innumerable articles which they have hitherto been accustomed to order from abroad. Merchants and Pedlars supplied at New York Wholesale prices. N. B.—Particular attention will be paid to Roofing, Gutters, and all kinds of Jobbing particularly attended to. C. A. HART, New-Berne, June 7, 1853.

GOOD MEDICINES!

STABLER'S DIARRHOEA CORDIAL. A pleasant Mixture, compounded in accordance with the rules of Pharmacy, of the most delicate and purest ingredients, for the relief of the most distressing cases of Diarrhoea, Cholera Morbus, and all similar affections of the system. In its action, it always acts gently and produces a healthy condition of the Liver, thus removing the cause at the same time that it cures the disease.

STABLER'S ANODYNE CHERRY EXPECTORANT

Is confidently recommended to all, as a safe and pleasant remedy for the cure of COUGHS, HOARSENESS, BRONCHITIS, ASTHMA, CROUP, CONSUMPTION in an Early Stage, and for the RELIEF of the most distressing Stages of the Fatal Diarrhoea. It combines, in a scientific manner, remedial agents of long esteemed value, with others of more recent discovery, and besides its soothing and tonic qualities, acts through the skin gently, and with great efficacy, for the cure of this class of diseases.

The valuable Medicines above named have recently been introduced, with the approval of a number of the Medical Profession in the City of Baltimore and elsewhere, and in practice have succeeded most admirably in curing the diseases for which they are prescribed. They are offered to the Country Practitioner, as medicines which he can in all respects depend upon, as prepared in agreement with the experience of some of the most learned and judicious Physicians, and strictly in conformity with the rules of Pharmacy, and as especially serving his convenience, who cannot so readily as the City Physician have his own prescriptions compounded by a practical Pharmacist. See the descriptive Pamphlets, to be had gratis of all who have the Medicines for sale, containing recommendations from Doctors MERRILL, BALDWIN, ADDISON, PAINE, HANBY, LOVE &c. Doct. S. B. MANNING says: "I do not hesitate to recommend your Diarrhoea Cordial and Anodyne Cherry Expectorant." Doct. JOHN ANDERSON says: "I give much pleasure to add my testimony to that of others, in favor of the extraordinary efficacy of your Diarrhoea Cordial" &c. &c. Doct. W. S. LOVE writes: "I have had the Anodyne Cherry Expectorant in my practice, with the happiest effect, and think it one of the most convenient and efficient combinations ever offered to our profession." Doct. L. D. HANBY writes: "I have administered your Anodyne Expectorant in several cases of Bronchial affection, with the most happy results, and from a knowledge of its medicinal effects, I can with the greatest confidence recommend it." Doct. W. S. LOVE writes: "I have administered the Anodyne Cherry Expectorant to my wife, who had the Bronchitis for fourteen years, and that she is fast recovering from her long standing illness. It has in a few weeks done her more good, than all the remedies she has heretofore used under the medical counsel.

Sixteen of the best Apothecaries and Pharmacists in the City of Baltimore, write: "We are satisfied the preparations known as STABLER'S ANODYNE CHERRY EXPECTORANT and STABLER'S DIARRHOEA CORDIAL are medicines of great value and very efficient for the relief and cure of the diseases for which they are recommended; they bear the test of skill and care in their preparation, and of the most judicious and we take pleasure in recommending them." Twenty-seven of the most respectable Merchants, residents of Maryland, Virginia and North Carolina, who have sold and also used these medicines themselves, say: "From our own experience and that of our customers, we can confidently recommend them for the cure of the diseases for which they are prescribed, to be so efficient and to give such entire satisfaction to all."

AYER'S CHERRY PECTORAL

For the rapid Cure of COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION. MANY years of trial, instead of impairing the public confidence in this medicine, has won for it an appreciation and notoriety by far exceeding the most sanguine expectations of its friends. Nothing but its intrinsic virtues and the unmistakable benefit conferred on thousands of sufferers, could originate and maintain the reputation it enjoys. While many inferior remedies thrust upon the community, have failed and been discarded, this has gained friends by every trial, conferred benefits on the afflicted that can never forget, and produced cures too numerous and too remarkable to be forgotten. While it is a fraud on the public to pretend that any one medicine will infallibly cure—still there is abundant proof that the CHERRY PECTORAL does more than any other remedy, and is most invariably sure the malady for which it is employed.

As time makes these facts wider and better known, this medicine has gradually become the best reliance of the afflicted, from the logcabin of the American Peasant, to the palaces of European Kings. Throughout this entire country, in every State, city, and indeed almost every hamlet it contains, CHERRY PECTORAL is known as the best remedy extant for diseases of the Throat and Lungs, and in many foreign countries, it is coming to be extensively used by their most intelligent Physicians. In Great Britain, France and Germany, where the medical sciences have reached their highest perfection, CHERRY PECTORAL is introduced, and in constant use in the Armies, Hospitals, Alms Houses, Public Institutions, and in domestic practice, as the surest remedy their attending Physicians can employ for the dangerous affections of the lungs. Also in milder cases, and for children it is safe, pleasant and effectual to cure. In fact some of the most flattering testimonials we receive have been from parents who have found it efficacious in cases particularly incidental to childhood. The CHERRY PECTORAL is manufactured by a practical Chemist and every ounce of it under his own eye, with invariable accuracy and care. It is sealed and protected by law from counterfeits, consequently can be relied on as genuine without adulteration. We have endeavored to furnish the community with a medicine of such intrinsic superiority & worth as should command itself to their confidence—a remedy at once safe, simple & effectual, which this has by repeated and countless trials proved itself to be; and trust by great care in preparing it with chemical accuracy, of uniform strength to afford Physicians a new agent on which they can rely for the best results, and the afflicted with a remedy that will do for them all that medicine can do. PREPARED AND SOLD BY JAMES C. AYER, Practical and Analytical Chemist, Lowell, Mass. Sold in New-Berne, by I. DISOSWAY, and by dealers in medicines every where.

NOTICE TO FARMERS.

CHAPPELL'S Fertilizer or Agricultural Salt. "Super-phosphate of Lime" "Super-phosphate of Lime" or bones dissolved in Sulphuric Acid. NEAR MEYER ALEX, Carroll Co. Md. July 7, '53. P. S. Chapman, Esq.—Dear Sir: In answer to yours of the 27th of June, I would say, during the summer of 1852, I purchased three barrels of "Chappell's Fertilizer," and applied two barrels to the same on oats, and one barrel on corn. It yielded me a good crop of both oats and corn. In the fall I established out ground, and sowed it in rice, and it yielded me more than an average crop. I used three barrels last summer on corn, and it made me an excellent crop. In several of the rows I put none of the Fertilizer, and in those rows I had no corn. I have used it this summer on corn and potatoes (broadsides), and so far it has prospered well, and should the season be favorable, have no doubt it will yield me a good crop. Yours truly, RICHARD BRASHAR. A supply of the above will be kept constantly on hand and offered for sale at manufacturer's prices, by SAMUEL OLIVER & SON, Agents, March 22.
