\$50 REWARD

Will be given by the subscriber for the apprehension and delivery in any jail, so that I can see them, of my two negro men ABEL and CESAR. They both ran away in October last, and were lately the property of Mr. Daniel Tolson, dec'd, of Smith's Creek, near which place or on Bay River they are probably lurking. Cesar is about 32 years old, about five feet eight inches in height, dark but not black; Abel is about 40 years old, but looks younger, very black and spare in form. They are well known in the neighborhood of Bay River as "Shinglers." I will give the above reward for the apprehension of the two or \$25 for either of them.

LOST.
LEFT the premises of the subscriber on Friday
the 30th of April last, a small negro boy, be-
tween 10 and 11 years of age, named DAVE. He
is four or four and half feet high, has a high
forehead, and in looking at you slightly, but per-
ceptibly throws his head backward. In talking,
his articulation is imperfect on the account of
being tongue-tied, (as it is called) and owing perhaps
to other natural defects. When last seen, he was
without hat or jacket. He may be wandering
about, and perhaps in consequence of the defect
of his speech, not be able to make himself under-
stood. I forewarn all persons whatsoever from
secreting or in any manner unlawfully detain-
ing him, so that he cannot return home. A liberal
reward will be given to any person finding and
bringing him to me, or sending me word where he
is, so I get him.

Office of the District Court for the Eastern
District of Pennsylvania.

Another Scientific Wonder!
GREAT CURE FOR
DYSPEPSIA!
DR. J. S. HOUGHTON'S

PEPSIN
THE TRUE
DIGESTIVE FLUID,
OR, GASTRIC JUICE.
Prepared from RENNET, or the fourth STOM-
ACH OF THE OX, after directions of BARON
LIEBIG, the great Physiological Chemist, by J.
S. HOUGHTON, M. D., Philadelphia, Pa.
This is a truly wonderful remedy for Indigestion,
Dyspepsia, Jaundice, Liver Complaint, Constipation,
and Debility, Curing after Nature's own method,
by Nature's own Agent, the Gastric Juice.
Half a teaspoonful of Pepsin, infused in wa-
ter, will digest or dissolve, Five Pounds of Roast
Beef in about two hours, out of the stomach.
Pepsin is the chief element, or the great Digesting
Principle of the Gastric Juice—the Solvent of the
Food, the Purifying, Preserving, and Stimulating
Agent of the Stomach and Intestines. It is ex-
tracted from the Digestive Stomach of the Ox, thus
forming an Artificial Digestive Fluid, precisely like
the natural Gastric Juice in its Chemical powers;
and furnishing a complete and perfect substitute for
it. By the aid of this preparation, the pains and
evils of Indigestion and Dyspepsia are removed just
as they would be by a healthy Stomach. It is
doing wonders for Dyspepsics, curing cases of De-
bility, Emaciation, Nervous Decline, and Dyspeptic
Consumption, supposed to be on the verge of the
grave. The Scientific Evidence upon which it is
based, is in the highest degree curious and remark-
able.

SCIENTIFIC EVIDENCE!
BARON LIEBIG in his celebrated work on Animal
Chemistry, says: "An Artificial Digestive Fluid,
analogous to the Gastric Juice, may be readily pre-
pared from the mucous membrane of the stomach
of the Calf, in which various articles of food, as
meat and eggs, will be softened, changed, and digested,
just in the same manner as they would be in the hu-
man stomach."
Dr. COMBE, in his valuable writings on the "Phys-
iology of Digestion" observes that "a diminution
of the due quantity of the Gastric Juice is a promi-
nent and all-prevailing cause of Dyspepsia;" and
he states that "a distinguished professor of medi-
cine in London, who was severely afflicted with this
complaint, finding everything else to fail, had re-
course to the Gastric Juice, obtained from the stom-
achs of living animals, which proved completely suc-
cessful."
Dr. GRAHAM, author of the famous works on
"Vegetable Diet" says: "It is a remarkable fact in
physiology, that the stomachs of animals, macerated
in water, impart to the fluid the property of
dissolving various articles of food, and of effecting
a kind of artificial digestion of them in no wise dif-
ferent from the natural digestive process."
Call on the Agent, and get a Descriptive
Circular, gratis, giving a large amount of scientific
evidence, similar to the above, together with Reports
of remarkable cures, from all parts of the United
States
AS A DYSPEPSIA CURER,
Dr. HOUGHTON'S Pepsin has produced the most
marvellous effects, in curing cases of Debility, Emac-
iation, Nervous Decline, and Dyspeptic Consumption.
It is impossible to give the details of cases in the
limits of this advertisement. But authenticated cer-
tificates have been given of more than two hundred
remarkable cures, in Philadelphia, New York and
Boston alone. These were nearly all desperate
cases, and the cures were not only rapid and won-
derful, but permanent.
It is a great Nervous Antidote, and particularly
useful for tendency to Bilious disorder, Liver Com-
plaint, Fever and Ague, or badly treated Fever &
Ague, and the evil effects of Quinine, Mercury,
and other drugs upon the Digestive Organs, after a
long sickness. Also, for excess in eating, and the
too free use of ardent spirits. It almost reconciles
Health with Intemperance.
Dr. HOUGHTON'S Pepsin, is sold by nearly all the
dealers in fine drugs and Popular Medicines,
throughout the United States. It is prepared in
Powder and in Fluid form—and in Prescription vi-
als for the use of Physicians.
Private Circulars for the use of Physicians, may
be obtained of Dr. Houghton or his Agents, describ-
ing the whole process of preparation, and giving the
authorities upon which the claims of this new rem-
edy are based. As it is not a secret remedy, no ob-
jection can be raised against its use by Physician in
respectable standing and regular practice. Price
ONE DOLLAR per bottle.
