Personal.

Mrs. N. E. Morris, of Goldsboro, is at the Gaston House.

Mr. W. W. Upchurch, of Raleigh is at the Gaston House.

Mr. J. J. Bryan, of Stonewall, is at the Gaston House.

Mr. Wm. Clevé, the leading business man of Vanceboro, is in town.

Mr. S. B. Dodds, formerly of Raleigh, now of Richmond, is in the city.

Messrs. G. W. Venters and H. S. Page, of Pitt, are at the Gaston House.

Mr. J. W. Wooten, a prominent planter of Jones, was in town yesterday.

Mr. Joshua Deon, of Pamlico, a well-known miller and manufacturer is in the city.

Mr. John A. Duncan, of Beaufort, now representing one of the leading New York commercial houses, is at the Gaston Hotel.

Messrs. E. H. Meadows & Co. are leading in the sale of seed peas for the early truck planting for which our farmers are preparing.

Mr. R. N. Mitchell, of Raleigh, the greatest of living boiler makers, passed through the city yesterday, going to make a visit to Mr. W. A. B. Branch, of Beaufort county.

THE NEW BERNE provision market is quite bountifully supplied with fish, flesh and fowl, of every kind.

RETURNED TO HER ROUTE.—The steamer New Berne, Capt. Southgate, returned to her route yesterday, and left late last evening with a full cargo of cotton, &c., and also brought a full list of inward freights.

CHURCH CONTRIBUTIONS SOLICITED.—The congregation of St. Cyprian's church, colored, are anxious to remodel and repaint their church, and respectfully ask the aid of the citizens of New Berne for that purpose. Contributions will be thankfully received at the barber shop of John B. Brown.

HEAVY GOODS BY RAIL.—The two steam lines to this port having neglected to furnish adequate and expeditious transportation, we observe that the railroad is bringing quite a quantity of heavy goods for our merchants. Several carloads of Western meat were unloaded at the depot yesterday.

THE NEUSE RIVER BRIDGE.—Parties across the river, interested in the subject of bridging that stream, are requested to call at the Commercial News office. We are having an engineer and bridge builder to make estimates upon the work, and intend to put the matter in such a shape after the holidays as will insure the building of the bridge the coming spring and summer.

THE ANNOYANCE OF NIGHT STEAM WHISTLES.—A good many of our citizens are complaining of the night steam whistle, which is becoming an intolerable nuisance. Several of our mills run all night, and at intervals, from midnight to daybreak, they sound their whistles, waking everybody in the neighborhood, and very seriously annoying sick people. The early outgoing freight train sounds its whistle for about an hour, from half past three in the morning. We learn that General Manager Yates has corrected this as far as he can, and we hope the mill men will follow his example.

RUN OVER.—Mr. James B. Hilton was run down by Bob Lee, the driver of the driver of the New Berne Steam Fire Engine, who was riding one of the company's horses. There is no little reckless and wilful horsemanship on the part of some of the colored drivers of this city, and it would be well for pedestrians to take out permits to carry fire-arms for their own protection. We know a lady who was nearly twice run over between Pollok and South Front streets by two of the colored Jehus who came cashing into Middle street from the two alleys opening into that thoroughfare. A good shot gun is loaded against a probable

emergency of this sort, and we can offer the assurance that it will be used if the occurrence is repeated.

PROSPERITY PRODUCED BY THE PRESS.—We are accustomed to observe the prosperity of Raleigh. It may be news to New Berne and other people to know that the printing presses of Raleigh have gathered from a distance, and put down in that city since the close of the war, more than five hundred thousand dollars. Just think of that for a starter.

THE UNIQUE AT THE ATLANTIC.—Mr. Detrick, of the Atlantic Garden, has just received an importer's invoice of Russian Sardines, Holland Herrings, Potted Ham, Potted Tongue, Sardines put up in mustard, Schweitzer and Linburger Cheese, Russian Caviar (sturgeon roe potted), and Bremen Bread (bumbenichal). By the way, that cocktail champagne has got us on more than one occasion, and we have written, if not seen, double. The price of the cocktail sizes is fifteen cents per bottle, or two for a quarter, to take home. Compounded into cocktails the contents of one of these pony bottles goes for fifteen cents, and Detrick will treat you right.

HARD AND PINE WOOD.—E. Merrick, on Brinson's wharf, keeps on hand and for sale both Hard and Pine Wood, and is constantly receiving supplies.

If you want a load of good Oak or Ash Wood call at Wm. Salter's.
