Tile Ladies-who, though mentioned last in this dlassification, have always held the first place in our affections—may be fully assured that, if any matters of interest capable of being construed by them as "news" can be found in our rambles through the world of letters, we shall consider as prominent among our duties the gathering and placing before them all that may tend to elevate and improve the mind whether considered in the relation of sisters, mothers, wives or daughters; pledging ourselves that there never shall be found in our paper—in any department, or on any consideration—a word or sylla-ble to offend the dellicacy of the most amiable and virtuous of the sex; for, as we design the NEW ERA to be a herald of the growing prosperity of our town, so do we also desire to be able to chronicle the evidences of her morality.

BEAUFORT JOURNAL.

A Commercial and Family Newspaper,
PUBLISHED IN BEAUFORT, N. C.

The "Beaufort Journal" commenced its Second Volume, on the 12th of April, 1858. The Journal being the only paper published on Beaufort Harbor, and the only one devoted to its interest, the Editor appeals to all who feel an interest in that locality, to give their support to his paper. The Editor makes no hollow promises that his paper shall be the best in the country for the price, or that there will be any extra display of talent in its Editorial Columns, as is frequently the case in issuing Prospectuses for country papers, but he does pledge himself to publish a good paper—one worthy of a liberal support from the pople of the State. It is the design of the Editor to make the Journal a first class Commercial Paper, to give reports of the Markets, Foreign and Domestic, at the Journal will continue, as heretofore, Indentity and the scholar and the professional man, while to the intelligent reader of every class they furnish a more correct and satisfactory record of the current literature of the day, throughout the world, than can be possibly obtained from any other source.

The completion of the Atlantic & North-Carolina Railroad is near at hand, and it is very important that the only paper published on this Harbor should be widely circulated, in order that its Commercial advantages may become better known.
