PROSPECTUS OF THE SCIENTIFIC AMERICAN.

VOLUME XIV, BEGINS SEPTEMBER 1, 1858. Mechanics, Inventors, Manufacturers and Farmers! The Scientific American has now reached its Forty-fourth Year, and will enter upon a New Volume on the 1st of September. It is the only weekly publication of the kind now issued in this country, and it has a very extensive circulation in all the States of the Union. It is not only a most valuable source of information, but a most interesting and profitable one. It contains a full and complete record of all the great events going on in the scientific, mechanical and industrial world, as to please and instruct every one. If the Mechanic or Artizan wishes to know the best machine in use, or how to make any substance employed in his business, if the Housewife wishes to get a receipt for making a good color, &c., if the Inventor wishes to know what is going on in the way of improvements, if the Manufacturer wishes to keep posted with the times, and to employ the best facilities in his business, if the Man of Leisure and Study wishes to keep himself familiar with the progress made in the chemical laboratory, or in the construction of telegraphs, steamships, railroads, reapers, mowers, and all the other machines and appliances, both of peace and war—all these desiderata can be found in the Scientific American, and not elsewhere. They are here presented in a reliable and interesting form, adapted to the comprehension of minds unaccustomed in the higher branches of science and art.

HARPER'S MAGAZINE. SEVENTEENTH VOLUME. The Publishers of Harper's New Monthly Magazine refer to the six volumes already issued as the best assurance that the Magazine will be prepared to render it worthy of the liberal patronage which it has received. They believe that the Magazine now embarks in its general plan every thing essential to an attractive literary miscellany, adapted to the wants of the American Public. Its regular circulation has not been diminished even during the disastrous financial revolution, which has proved disastrous to so many literary and commercial enterprises, and they are assured from every quarter that the Magazine is recognized as a necessity rather than a luxury. They therefore announce no "New Features" for the future. They will continue to fill the Magazine with articles inculcating sound views in Life and Morals; leaving to its own appropriate organs, Wise men and true patriots agree upon the object of the Magazine will be to unite the people in one common country. The Publishers do not find it necessary or expedient to appeal to public attention by issuing "Specimen Numbers" containing an unusual amount of numbers or illustrations. They intend that every number shall prove the Magazine to be the best and cheapest Periodical published. It will contain a larger amount of matter, more numerous and better illustrations, printed in a better manner, than any other Monthly Magazine, and the Publishers are confident that it will deserve and receive the same liberal appreciation and liberal patronage which it has received to it during the Eight years of its publication. Sept 1st, Franklin Square, New York, August 3, 1858.

DAILY PROGRESS.

VOL. I. NEWBERN, N. C., SATURDAY MORNING, OCTOBER 2, 1858. NO. 25.

PROSPECTUS OF THE NEW ERA, AND COMMERCIAL ADVERTISER.

The undersigned will commence the publication of a journal with the above caption on Wednesday the 20th of July, to be continued every Saturday thereafter, the regular issue of which may be relied on. The political character of the NEW ERA will be of the same caste as the Union, (which expires with its present issue), namely Democratic. The best energies of the proprietors will be directed to any and all measures tending to resuscitate the dormant powers of "Old Athens," and particularly to keep the people posted on what we are really doing; with this determination, they will furnish a faithful record of all statistics which may be in their power to obtain, in addition to any commercial information which can conduce to the welfare of our mercantile interests. The Farmer will find in the NEW ERA a column from which he may glean some information in addition to his previous store of agricultural knowledge. The Literary man, will we trust, discover that, in our selections, the constant aim will be to present nothing which can be unworthy the refined taste of an accomplished gentleman. The Ladies—who, though mentioned last in our affections—may be fully assured that, if any matters of interest capable of being construed by them as "news" can be found in our rambles through the world of letters, we shall consider as prominent among our duties the gathering and placing before them all that may tend to elevate and improve the mind, whether considered in the relation of sisters, mothers, wives or daughters; pledging ourselves that there never shall be found in our paper—in any department, or on any consideration—a word or syllable to offend the delicacy of the most amiable and virtuous of the sex; for, as we design the NEW ERA to be a herald of the growing prosperity of our town, so do we also desire to be able to chronicle the evidences of her morality. Terms Two Dollars a Year. J. H. MUSE, D. W. DAVIES.

Newbern, July 16, 1858.

PROSPECTUS OF THE "NEWBERN GAZETTE."

The subscriber respectfully informs the citizens of Newbern and the public, that he has made arrangements for the publication of one of the largest, neatest and cheapest newspapers in North Carolina. It is designed as a Family and Literary Journal, and will be devoted to local and commercial news, the promotion of southern literature, science, art and general information. The "Gazette" will be neutral in politics, but, at the same time, the editor will claim the prerogative of giving its readers items of political information. The services of a valuable corps of contributors and reporters have already been engaged, many of whom rank among the most scientific writers in America. The editor makes no boast that it will be "the best paper in the world," but earnestly and confidently commends it to the patronage of a liberal public, with the assurance that nothing shall be withheld to merit their warmest interest in its prosperity. Any favor toward this laudable enterprise will be thankfully received and kindly reciprocated. Terms Two Dollars a Year in Advance. THOS. R. MURRAY, Editor and Proprietor.

MOSE'S LETTERS.—A New Book.

The Editors of the Lee Gazette are now publishing a book, the title of which will be "LIFE AS IT IS: OR, THE WARRIORS OF 'OUR MUSE,'" which book will not only contain all the letters which have appeared in the Gazette over the signature of "Mose," but many others, rich, rare, and spicy, that have never been read. The Editors deem it useless to say anything relative to the character of this New Book, nor need they say that it will be the most amusing work that has been issued in half a century, for it need only be known that "Mose" wrote it, to satisfy all on these points. While it will be an amusing work, illustrated with proper designs and cuts to show up persons and things in their true light, it will be free from Vulgarity, and will have for its chief object the correction of the many absurdities so prevalent in the present day. It will be a book of over 160 pages, printed on good material, and bound in paper cover. PRICE FIFTY CENTS for single copies—Five copies to one address for \$2. No money required until the work is delivered, but those who wish a copy of this rare work should send in their orders at once. It will be ready for delivery in the course of a month. All our friends are requested to act as agents. Address WHITAKER & BUNTING, Editors Lee Gazette, Raleigh, N. C. Sept 1st

SECOND VOLUME OF THE BEAUFORT JOURNAL.

A Commercial and Family Newspaper, PUBLISHED IN BEAUFORT, N. C. The "Beaufort Journal" commenced its Second Volume, on the 12th of April, 1858. The Journal being the only paper published on Beaufort Harbor, and the only one devoted to its interests, the Editor appeals to all who feel an interest in that locality, to give their support to his paper. The Editor makes no hollow promises that his paper shall be the best in the country for the price, or that there will be any extra display of talent in its Editorial Columns, as is frequently the case in issuing Prospectuses for country papers, but he does pledge himself to publish a good paper—one worthy of a liberal support from the people of the State. It is the design of the Editor to make the Journal a first class Commercial Paper, to give reports of the Markets, Foreign and Domestic, the Latest News, &c. The Journal will continue, as heretofore, Independent on all subjects. It will take sides with no political party, but will advocate such measures as are thought best calculated to promote the interests of the country and of our State. As to the different localities in this vicinity, it is not our object to show partiality, but to advocate the claims of Beaufort Harbor, and leave Beaufort, Morehead, and Carolina Cities to stand on their own merits—believing that more good can be accomplished in this way than in discussing the claims or advantages of localities—and we appeal to the citizens, those interested, and to the friends of these places, to give us their support. The completion of the Atlantic & North-Carolina Railroad is near at hand, and it is very important that the only paper published on this Harbor should be widely circulated, in order that its Commercial advantages may become better known. Persons at a distance, who feel an interest in this place, will find the Journal to be very interesting, as we shall be careful to give all local news of any importance. TERMS: One Copy one year..... \$2 00 Five Copies..... 8 00 Ten..... 15 00 The getter up of the club will be entitled to one copy gratis. Advertisements inserted at the usual rates. A liberal deduction made for yearly advertisements. All communications must be addressed to JOHN NICHOLS, Ed. & Pro. Beaufort, N. C. Sept 1 dtf

PROSPECTUS OF THE SOUTHERN STATESMAN.

BY HICKS & EVANS. In view of the Great Destitution in the reading community, occasioned by the discontinuance of the Carolina Intelligencer and Cleveland Times, the subscribers propose to publish a weekly Newspaper in the town of Shelby, North-Carolina, to be devoted to Politics, Agriculture, General News, Education, Morality, Internal Improvements, Commerce and Miscellany. In its political complexion the Southern Statesman will be the unwavering advocate of the principles of Democracy, as expounded by Jefferson, Jackson, Polk and others, believing that under these principles, the union of the States and the perpetuity of our glorious form of Government will be more likely to be maintained than by any other party in existence. The interest of those engaged in Agriculture, (the most noble and independent avocation on earth) shall be duly attended to, by publishing, occasionally, valuable agricultural essays, as well as by giving, correctly, the prices of produce at the markets where our patrons will be mostly concerned. We shall expect our paper to be the medium of News from the Churches, and shall publish a sufficient amount of moral and religious matter to make it a safe and desirable Family Newspaper. In short, to do good is our object, and will, therefore, be our greatest aim. This we hope to accomplish, by making our paper as free from errors as our capacities will enable us, and we appeal to our friends to support us. We will commence the publication of the "Statesman" shortly after the Democratic Convention at Charlotte on the 14th prox., if a sufficient number of subscribers is obtained to justify it. All lists and names of subscribers must be forwarded to us, at Shelby, by the first of April. TERMS: \$2 per annum payable in advance, (on the receipt of the first number,) \$2 50 if not paid in 3 months, and \$3 if payment is delayed longer than 6 months. R. H. HICKS, H. F. EVANS, dtf Sept 1

DAILY PROGRESS.

SATURDAY MORNING, OCTOBER 2, 1858.

North Carolina.

DINNER.—The political and personal admirers of Andrew Jackson Jones, of Bladen county, who was not elected Senator at the late elections, gave him a dinner recently.

FROST.—The first of the season made its appearance at Weldon, one morning this week.

GAS.—We learn that Raleigh will be lit up by gas by the commencement of the coming State Fair.

WANT A BANK.—We see it stated that application will be made to the next Legislature to charter a Bank at Statesville, N. C.

THE DANVILLE CONNECTION.—A correspondent of the last Charlotte Democrat, proposes the holding of a Convention of the friends of the Danville Connection, at Greensboro', sometime before the meeting of the State Fair on the 18th October. There will evidently be a strong effort made in that direction at the ensuing Legislature.

NEW POST OFFICE IN HYDE.—We learn a new Post Office has been established in Hyde County, by the name of Enterprise. The name of the Post Master is unknown.

Miscellaneous.

AN AMERICAN FLORENCE NIGHTINGALE.—The Charleston Mercury of Thursday says: "We are informed that a young lady from Baltimore arrived in this city, yesterday, to tender her services as nurse to the Howard Association; and that, in case her services should not be required, she will proceed to New Orleans for the same purpose."

THE KISS.—She stood upon the doorstep, I lingered stood without, I clasped her tiny hand in mine, And, lo! how she did pout.

I told the oft repeated story o'er, Of how I loved her well; In went her lips, and what I did Think you I would tell!

MORPHY, THE AMERICAN CHESS PLAYER, BEATEN.—Morphy the American chess player, has been beaten by Harwitz in their first trial, after three hours' play, in Paris. Harwitz won the first move, and proposed to play the "King's gambit," which the yankee accepted. Morphy sacrificed a knight for a terrific attack, which, with an inferior antagonist, must have succeeded. Harwitz made a firm defence, and remained after the shock with queen and four pawns to queen and one. By admirable manoeuvring the Prussian succeeded in enforcing an exchange of queens, which decided Morphy to resign.

BLOODY DUEL NEAR MEMPHIS.—A letter from Memphis, Tenn., to Lancaster (Pa.) Examiner, says that a duel was recently fought near that city by Mr. Watters, of Virginia, and Dr. J. E. Nagle, formerly of Pennsylvania. They fired two rounds with Derringer pistols, both being wounded at each fire. They then, by agreement, resorted to revolvers, and continued the fight. Mr. Watters was riddled at every shot, and it is said, died on Sunday night. Dr. Nagle was so badly wounded that his recovery is thought impossible.

RECOVERING.—It is stated that General Scott has so far recovered from the effects of his recent fall that he is able to move about and transact his ordinary official and private business.

A CASE OF FALSE IMPRISONMENT.—A very important law case has been decided by Judge Ellsworth at Hartford, Connecticut, George A. Hill, a Boston broker, was decoyed to Hartford by means of anonymous letters, and on his arrival, the parties who used fraud to get him there, caused him to be arrested and committed on a charge of debt and concealment of property. A habeas corpus was sued out, and a release claimed, on the ground that the arrest was illegal. Judge Ellsworth ordered Mr. Hill to be discharged, on the fact that fraud was employed in his arrest, and intimated that Hill could recover heavy damages for false imprisonment.

MATRIMONY ON THE FAIR GROUNDS.—A novel incident occurred at the Marshall County Fair, held at Lewisburg, Tenn., last week, which was not laid down in the programme. A couple presented themselves and were married in the amphitheatre in the presence of hundreds of spectators. The premium was offered for such an exhibition, the parties went their way looking as if each had just obtained a prize above all price.

THE "ZOUAVE" ON LOVE.—The famous Capt. De Riviere, who appears to have come safely through all his troubles, is announced next in order, as a public lecturer. He was to speak at Hope Chapel, on Wednesday evening, on "Love" Here it was, that the no less famous Lola Montes lectured last spring, and on the same subject.

POSTAGE.—The Postmaster General has ordered that all "supplements," or "extras," folded within regular issues of daily or weekly journals—not actual and bona fide editions of such publications, conveying intelligence of passing events and general intelligence—subject the whole package to letter postage.

PRIORNESS WINS A RACE.—Mr. Ten Broeck's American horse Priorness won the Great Yorkshire Handicap at Doncaster races. Twelve horses ran, but their pretensions were generally moderate. The Great St. Leger was to be run for on the day the City of Washington sailed. Lord Derby's horse Foxopolite continued first favorite at short odds.

HUME, THE "SPIRIT RAISER"—Mr. Hume's marriage is said to be definitely negotiated, although the lady's family felt some aversion to see her marry a "spirit raiser." He, however, declares his powers have quitted him forever. Before their departure he gave an exhibition of their powers at the palace, upon the commands of his Czar and Czarina, producing his accustomed wonder, the Czarina gave him a diamond ring worth \$500. He is offered \$600 a night by hundreds of people at St. Petersburg to display his powers, but he refuses. I think I told you his future brother-in-law gives his bride \$60,000. Mr. Hume has an income of \$1,200, left him by an English lady, besides what money he must have made "professionally." There is no doubt that an English lady left him a life annuity of \$1,200. Paris Letter.
