# DAILY PROGRESS.

### NEWBERN, N. C.,

### TUESDAY MORNING, DECEMBER 14, 1858.

To Ministers and Members of the Press. Our friends of the Press, and Ministers who may be in attendance at the Methodist Episcopal Conference, commencing in Newbern on Wednesday, the 8th of December, are cordially invited to call at the office of the Daily Progress. Tables and desks, amply supplied with paper, pens, ink and envelopes, will be in readiness for their special accommodation. Our exchanges too, will be at the disposal of such as may desire to use them. The Progress building is centrally located, on Pollok Street, and is within two doors of the Post Office, thus enabling all who may avail themselves of our invitation, to write up to the very latest moment, previous to the closing of the mails.

Look at This !.

It was stated in public in the Conference room on yesterday, during the discussion on the Book Depository question, that the surest and most expeditious route for the transportation of goods from New York to Raleigh and other points in that section of the State, is by Newbern. Now this is precisely the thing we have been trying to impress upon the minds of our friends in the interior and western part of the State all the time. Indeed, many have seen and acted on this fact to their advantage, and many others will, no doubt soon see it and act on it likewise. The gentleman who made the assertion did it incidentally iu debate, and we chronicle it for the benefit of whom it may concern.

EDUCATIONAL JOURNAL .- The December number of the North Carolina Educational Journal pointed to superintend the interests of the Journal have determined to reduce the price of subscription one half where clubs of five and upwards are made up. As the only publication in the State devoted exclusively to the cause of Education, it should receive a liberal support throughout our borders.

LEGISLATIVE DOCUMENTS .- We are indebted doubt not but we shall do much more than ever some of the members of that august body have done. The fact is, Legislative and Congressional documents and debates are next to the New York Ledger, the worst literature afloat.

## LOCAL MATTERS.

#### **Proceedings of the North Carolina Annual** Methodist Episcopal Conference, for 1858. FIFTH DAY.

MONDAY, Dec. 13.

Conference convened Bishop Kauanaugh in the Chair. Religious exercises conducted by Rev Joseph H Wheeler. Minutes of Saturday's proceedings were read

and approved.

Rev J W Lewis asked and obtained leave of absence during the remainder of the session. The special order of the day, the' consideration of the report of the committee on the Book Depository, was postponed for the present, and The questions presented by Dr Carter to the Bishop for legal decision and withdrawn for re vision, on Saturday, were read.

Dr Deems objected to the questions in their present form going before the Bishop, as they were changed in form from those originally presented, and that without his knowledge. Reiterated the declaration that we was not tried by the committee, at Pittsboro' in 1854, but by the Conference. He declared his readiness to be tried on the charges now or at any time. At Pittsboro' he

was not so fully prepared, having received no notice of the charges beforehand; but is now fully prepared to meet the old charges, if it be has come to hand, and is, as usual, filled with use- legal to try them, as well as the new. Dr D. obful and interesting matter. The committee ap- jected to a decision on the second question, as such decision would be prejudging a fact embodied in the 5th specification of the new charge of Dr Carter. Thought that Dr C., in withdrawing his questions and putting them in a different form to that in which they were at first presented and argued, did him (Dr D.) wrong, but he was Hon. Geo. E. to H. C. Jones, Esq., Commoner from this county, at his suggestion the questions were withdrawn, for a number of Legislative documents. If we in order that they might be put in such shape as ever read them, which is not at all probable, we to cover the law in the case instead of the facts. sec. 51st chap. Revised Code. Thought Dr. Deems provoked the investigation or trial at Pittsboro', character, were read the second and third times when Dr. Stuart promised to have Smith there, which he did. Don't know whether Dr. Deems had been notified or not. Dr. Deems replied by stating emphatically that goods; to authorize W. R. Abbott to cut a canal he had not been notified of the charges that were and construct a road thereon; to incorporate the preferred at Pittsboro'. This war was opened upon him about the time that Dr. Early was made to incorporate the Arendell Hotel Company. Bishop-thinks this at least a remarkable coincidence. Dr. Smith had been speaking of him "I will not forgive you" exclaimed Helen, her (Dr. D.) behind his back and was expected, of time yesterday was re-considered, and re-commitcourse, to intend to bring charges before the Conwith scorn; "'twas a base, mean act Bella, and I ference of 1854. were put in nomination. A discussion ensued, confined principally, as to the relative advantages the vote being taken, Raleigh was selected, on the first ballot, as the locality for the agency. A report from Olin High School was received and referred to the committee on Education.

Rev. S. M. Frost asked leave of absence during the remainder of the session, which was granted. On motion Conference adjourned.

COURT .--- The December term of the Court of Pleas and Quarter Sessions for the County of Craven commenced on yesterday. We have not been in the court house, but suppose that everything goes on very much like county courts in other counties. Things outside looked very much like scenes which we have witnessed before, for instance, as we passed down from Conference, late in the afternoon a Simon Suggs looking gentleman, from down the river some where, we suppose, was making a Fourth of July Speech on the side walk. He seemed to be running over with patriotism for his country and love for his species.

FAINTED .- Mrs. Dr. Taylor, a very estimable lady of our City, whose health is rather delicate, fainted in the gallery of the M. E. Church, during the session of Conference, yesterday afternoon. Considerable confusion ensued for a moment, the people starting to do what people usually do on such occa sions, that is, to rush to the spot to see what the matter is, the very thing they ought not to do. The commotion was soon stilled, however, and we are appy to state that the lady fully recovered and eft the church.
