MISCELLANEOUS.

BALTIMORE LOCK HOSPITAL, DR. JOHNSTON Has discovered the most certain, speedy and only of effectual remedy in the world for all Diseases of Imprudence.

Weakness of the Back or Limbs, Strictures, Affections of the Kidneys and Bladder, Involuntary Discharges, Impotency, General Debility, Nervousness, Dyspepsia, Langour, Low Spirits, Confusion of Ideas, Palpitation of the Heart, Trembling, Dimness of Sight or Giddiness, Disease of the Head, Throat, Nose or Skin, Affections of the Lungs, Stomach or Bowels—those Terrible Disorders arising from Solitary Habits of Youth—those secret and solitary practices more fatal to their victims than the song of the Sirens to the mariners of Ulysses, blighting their most brilliant hopes or anticipations, rendering marriage, &c., impossible.

Young Men Especially, who have become the victims of Solitary Vice, that dreadful and destructive habit which annually sweeps to an untimely grave thousands of Young Men of the most exalted talents and brilliant intellect, who might otherwise have entranced listening Senates with the thunders of eloquence, or waked to ecstasy the living lyre, may call with full confidence.

Married persons, or Young Men contemplating marriage, being aware of physical weakness, organic debility, deformities, &c., speedily cured. He who places himself under the care of Dr. J. may religiously confide in his honor as a gentleman, and confidently rely upon his skill as a Physician.

ORGANIC WEAKNESS immediately cured and full vigor restored. A Cure Warranted, or no Charge, in from one to two Days.

SUMMER RESORTS.

FRONT STREET HOUSE, BEAUFORT, N. C.

This large and pleasantly located establishment having been thoroughly refitted and furnished, is now open for the reception and accommodation of visitors.

Its location is on the Front Street and but a few feet from the water, where convenient

BATHING HOUSES are erected. The main building is three stories high having on the top a delightful promenade 120 feet in length.

The rooms are large and airy, opening on piazzas in full view of the ocean, so that persons desirous of spending the summer from their homes for the enjoyment of the sea-breeze will find this house both comfortable and pleasant.

Having purchased the Steamer Wilson, in every particular a first class Ferry-Boat, which will ply regularly between Morehead City and the Front Street House, connecting with the Train for the accommodation of the travelling public, and going on excursions to the Fort and other points of interest about the harbor; and having in connection with this popular establishment a Billiard Table, Ball Room and first rate BAND OF MUSIC,

The Proprietors flatter themselves that they can give entire satisfaction to all who may favor them with their patronage. Pleasure boats with experienced persons to man them will always be in readiness for sailing or fishing excursions. A full supply of ice constantly on hand. No effort will be spared to give entire satisfaction. B. A. ENSLEY & CO. August 1, 1860 d&wtf

ATLANTIC HOUSE, BEAUFORT, NORTH CAROLINA.

PENDER AND PAGE, Proprietors. Located immediately in front of the inlet with not an obstacle to obstruct the view either of the town of Beaufort, Bogue Sound, Core Sound, or the ocean, the waters of which receives its base, waiting on its bosom the delightful sea breeze and inviting one to that most sanitary, luxurious and invigorating indulgence, the sea bath.

In addition to the main building we have constructed a number of pleasantly located rooms on the shore ornamented with a green plateau and grove trees in front.

AMUSEMENTS. Fine fishing in the harbor affords may be indulged in from the colonnades that entirely surround this establishment without the least exposure to the sun or weather.

Large and commodious bathing houses are being constructed, capable of accommodating our guests. Fast sail boats with experienced hands to navigate them always in readiness.

An excellent band of music in attendance on pleasure excursions and at night in our gay dancing saloon.

An excellent bar with choice liquors and wines, sherry, champagne, the best marble top billiard table, chess, backgammon, drafts, dominoes, &c., convenient to the hotel.

We have also purchased a STEAMER for pleasure excursions in and about the harbor and to the seashore; also to make regular connection with the Railroad Cars at Morehead City, landing passengers at our house without the least exposure to the weather.

EDIBLES. Our market abounds in the productions of both sea and land—fish and vegetables in endless variety, fowls, sea game, &c. oysters, clams, soft, hard and stone crabs, scallops, turtles, terrapins, etc., with good and experienced cooks to serve them.

Having built a new and large ice house our guests will always find an ample supply of this luxury on hand.

The object of the proprietors has been to render this the most attractive resort North or South, nature and climate having been exceedingly beautiful to this most favored spot.

On terms, according to the accommodations required, but in every instance governed by moderation. PENDER & PAGE, Proprietors.

CAROLINA CITY HOTEL, NOW OPEN!

The Proprietor of this commodious sea-side resort would respectfully announce that, having completed all his arrangements, the House is now open for the reception of visitors, and he promises that no pains shall be spared to render all who visit the establishment, in quest of health or pleasure, comfortable and happy.

PLEASURE BOATS. Fishing Tackle, Bathing Houses, and all other improvements and conveniences required to render the establishment complete in every particular have been arranged and put in thorough order.

Being well supplied with good cooks and servants, presided over and directed by Mr. L. J. Hawley, a gentleman of experience, the proprietor feels sure that the patrons of the House will have no want ungratified.

The Bar is well stocked with choice Wines and Liquors, and for the amusement and recreation of guests a Billiard Room and Bowling Alley are attached.

A good Band of Music has been employed for the
