CHARLES WIDDIFIELD & CO.,

by a friend who has been a great traveler in Persia and the Holy Land.

While going down the river Exphrates, he experienced a serse attack of Fever and Ague. On discovering his condition, one of the Boatmen took from his person an Amulet, saying, "Wear this and no Fever will touch you." Although incredulous as to its virtues; he complied, and experienced immediate relief, and has since always found it an effectual protection from all malarious complaints.

On further investigation he found that the boatman attributed to it miraculous powers, and said that it could only be obtained from the Priests of the Sun. Sometime afterwards, the gentleman in conversing with a Priest obtained from him the secret of its preparation, and ascertained where the medicinal herba were found, of which it was compounded. The wonderful virtues of this article have induced a full belief in the minds of the natives in the miraculous healing powers of their Priests.

Since his return to America, it has been tried with the happiest effect by several Laddes and Gentlement of high character, who have given it the most unqualified praise. This remedy having been a specific in Persia for hundreds of years, for the prevention and cure of Fever and Ague and Billious Fevers—is now offered to the American people.

It will be sent by mail, prepaid, with full directions for use, on receipt of one doller.
