With the new moon, a desirable change in the weather is not only noticable, but quite agreeable.

The oysters now brought to this market are very fine, and Detrick always manages to secure the best.

The loss by the great fire at Durham, N. C. on last Tuesday night is now estianated at one hundred thousand dollars. The steamer Neuse, from Kinston, ar-

rived yesterday moraing with 200 bales cutton, and sailed on her return trip at 3 p. m. Rough rice continues to arrive in large

quantities for this section; thus far this season about 40,000 bushels have been brought and sold in this market. Our people now have the privilege of reading the New York dailies on the same,

days to this week. are glad to note, is being well attended. The Professor is teaching his pupils how to master all the modern figures as well as the popular old ones.

Visitors to the sesside during the summer months will rejoice to know that the new Morehead City hotel has been leased by Dr. Blacknall, proprietor of the Yar-

boro' House, Raleigh. The steamer Contentnes arrived down the Neuse on Thursday night with a full cargo of cotton and rice, and sailed up Trent last evening with a full cargo of merchandise for the various points on the

The peculiarity of the A. S. T. Co. Black Tip is, that it is independent of the upper, and simply protects it from wear, without endangering the upper from ripping, as is the case with toe caps sewed on to the

Washington Detrick's restaurant has now fairly become one of the permanent and desirable of this city. Nowbern has long felt the need of a first-class eating establishment where one could be served with a good lunch or meal at any hour of the day, and Detrick knows just how to serve it.

Oatton sales in our market during the week have been quite active and prices exceedingly good, the best grades averaging about 11 cents. The highest figure paid was 111 by Dail Bros. for a lot of 25 bales grown by Col. John N. Whitford, which graded Middling and was probably the finest cotton ever before brought to

Jeweler and watchmaker Mr. B. A Bell of this city, returns to-day from his second trip this season to the North where he has been to replenish his stock, having through an unexpected run of trade disposed of the large invoices purchased two months ago Mr. Bell sends us word that he has in transit the largest and finest assortment of jewelery and holiday goods that has ever before been exhibited in this section of the South. Look out for a fine display at his store during the coming week, and the holidays

Up to the hour of our going to press, there had been four convictions of larceny and three for assault and battery. The parties to the latter cases were fined. but no judement has as yet been passed upon the arceny cases. The entire time of the Court yesterday and last night was taken up in the case of Nathan Tisdale, charged with the murder of Jas. E. Thompson, No result had been reached at our latest reports.

While it is true that the carrying capacity of our Railroad is taxed to its utmost in the transportation of freight, yet we think that it might be made possible for the Road Master, with permission of the President, to make up a train say of a dozen flat-cars and by the aid of his various section hands load it with refuse cross ties and other wood to be found lying along the road, and bringing the train thus loaded have the wood distributed to the poor. A charity of this character at this inclement season of the year would be of inestimable benefit to its recipients, and we trust our Railroad authorities may find it convenient to carry out this suggestion.

following from the Weekly Argus, published at Easton, Pa., which accounts for the brief absence of our worthy Collector Representatives. of Customs:

" For several days last week our town was graced with the presence of T. A. Henry, Esq. of Newbern, North Carolina, Cohector of Customs for that port Mr. enry is a native of our neighboring State of New Jersey, and counts among before the war, and is therefore fully informed as to the nature of the soil and

thought, whose influence can be no other than for good in the community in which he resides. He is of the opinion that when the people of the North and South come to understand each other better, it will be to their mutual advantage. He has high hopes for the future of North Carolina, a commonwealth with immense capabilities. Mr. Henry's visit North is with a view to tracing up old titles of property owned by his ancestors. His grandfather owned over four hundred acres on which the town of Mauch Chunck is now located."

We trust friend Henry's visit to Pennsylvania, will result to his advantage in every way desirable to him.

Untrue,-In justice to a fellow-citizen who we have every reason to believe is as free from guile as the average mortal man, we clip and comment below upon the following article published in the Wilson Advance, and copied by some of

its exchanges: "We learn from a private letter that the man Parker who is in jail at Washington charged with the murder of Gen. Grimes, has confessed his guilt, and that W. B. Paramore, who was suspected of having instigated the crime, has since fled

to parts unknown." The report published in the Advance, so far as it relates to Mr. W. B. Paramore, is untrue. That gentleman is in Newbern and has been here for the past week. Mr. Paramore was absent from the city, and State, for a few days on business, but as soon as that was concluded, returned. He has made his residence in this city and can be found here at all times when wanted. We would suggest to our esteemed cotemporary the Advance and all other of our exchanges, that it would be well to Prof. Martyne's dancing Academy we make proper inquiries before publishing such statements as the above, when they reflect so seriously upon innocent parties.

To the Honorable the Board of State Canvassers of North Carolina: William P. Canaday, of New Hanover county, State of North Carolina, represents to the Board that many of the returns of the election for Congress in the Third District do not represent the lawful votes cast or tendered at the election for members of Congress held on the second day of November, A. D., one thousand eight hundred and eighty, but, on the contrary, an honest and true account and return of such votes would show that the undersigned was elected instead of John W. Shackelford, who was returned as elected; and this the undersigned is ready to verify if called upon or permitted so to do by your Board. The undersigned protests to your Board that by T. A. #### THE STATE OFFICERS.

The Official Count Completed. (News and Observer, Nov. 28th.)

The Board of State Canvassers yesterday resumed its work of canvassing the returns of the election of State officers. The following is the official result:

Governor: T. J. Jarvis 121,827; R. P. Buxton 115,590. Jarvis' majority 6,237. Lieutenant Governor: James L. Robin-Robinson's majority 7,117.

Secretary of State: Wm. L. Saunders 121,984; Richard M. Norment 114,983. Saunders' majority 7,001. Auditor: Wm. P. Roberts 121,971; Riley

H. Cannon 114,783. Roberts' majority Treasurer: John M. Worth 122,145; Aaron D. Jenkins 114,572. Worth's ma-

jority 7,573. Superintendent of Public Instruction John C. Scarboro 121,965; Archibald R. Black 114,765. Scarboro's majority 7,200. Attorney General: Thomas S. Kenan

121,737; Augustus M. Moore 114,552.

Kenan's majority 7,185. The official returns fail to show any votes cast for Attorney General at two precincts in Union county. The votes were doubtess cast, but were probably overlooked in transcribing the returns from those precincts, or, it may be, that the tickets were cut so close that the Attorney General's name was not on them. This accounts for the small votes the candidates for this office
