

THE HOME.

THURSDAY, MAY 24, 1888.

LOCAL NEWS.

Length of day 14 hours, 17 minutes. Sun rises 4:48, sets 7:5.

The delegates to the State convention from Wake stand 19 for Alexander and 13 for Fowle.

We will give the Democratic Executive Committees for the county and the different townships next week.

Monday was a cold bad day for this season. A northeast wind prevailed and a slow penetrating rain fell.

Remember Bynum and Henden sells the genuine J. P. Nissen Wagon, manufactured by Geo. E. Nissen & Co.

We have had a cold, rainy and disagreeable spell of weather since Sunday last. Farmers are getting badly behind with their crops.

There was a big hail and rain recently in the northeastern part of the county that did much damage to the crops.

Rev. F. L. Reid, editor of Raleigh Christian Advocate has been appointed Presiding Elder of the Raleigh District, in place of the late Dr. Wilson.

Mr. F. M. Sorrell's store in Raleigh was entered on last Sunday night. The safe was broken into and \$1250 taken therefrom. No clue to the thieves as yet.

Miss Sally Merritt has returned to her home in Mt. Airy. Her stay among us was pleasant and her many friends will be glad to see her bright face again.

Married.—In Oakland township by Joseph Besser J. P. at his own residence, on the 20th inst, Mr. S. M. Watson to Miss Cara Wicker, daughter of Rev. J. D. Wicker.

Mr. J. T. Mallory, alias "Old Chunk," of Durham, the former postmaster in Pittsboro, is in town. He and his daughter, Mrs. Hackney, are visiting Mrs. Dr. Hanks.

The primary township convention in Contra township was largely attended on Saturday. Steelman delegates were selected. No interest manifested save in the candidate for Governor.

We keep on receiving answers to the puzzle about the hen and the eggs. We cannot publish them all and so decline to publish any. Never was there a question to which there were so many seemingly correct answers.

In spite of a most disagreeable day the county Convention was largely attended on last Tuesday. The delegates were intelligent, harmonious and full of an earnestness that indicates a very active campaign.

Our Schools both close tomorrow. Mr. Jackson will have his "Commencement" in the evening and Mr. Hill will have his in the Court house at night. Encourage the children by going out to hear their performances.

Magistrates, Superior court clerks, and all other persons can buy all kinds of Law Blanks and can have all kinds of printing done in the best style and at the lowest prices at Harrell's Printing House, Weldon, N. C.

Liberty Academy Commencement comes off on the 31st inst. The school closes a very prosperous session, having numbered a 147 pupils. Reduced rates have been secured on the C. F. & Y. V. R. R. and a large crowd and a good time is to be expected.

Melvers, of Sanford, invite their Chatham friends to call at once and examine their big stock of Summer Dress Goods, white and printed lawns, cream Botone, corded Pique and a beautiful stock of Gingham at 10c. A car load of Pacific guano just received.

We are pleased to learn that Dr. Shepherd, President of South Carolina College at Charleston, will bring his family to our town for his summer vacation. The Doctor is a native of Fayetteville, and a man of great ability and learning and as an educator stands at the very front.

The barn of W. H. Sears, a few miles from Morrisville, was struck by lightning on last Saturday night, set on fire and burned up. Mr. Sears loses all his corn, wheat, peas, fodder and farming utensils. This is the second barn he has lost by fire, and he has the deep sympathy of his neighbors.

The May issue of the Wake Forest Student contains a very creditable article written by R. B. Lineberry. He is a worthy Chatham boy and graduate at the approaching commencement. The Student is a very well edited magazine and represents a very progressive institution of learning.

The children of Mt. Pleasant Sunday School, Haw River circuit, presented their worthy Superintendent, C. W. Bynum, a handsome office chair, on last Sunday, as a birthday present. The new chair there is being built by Mr. J. B. Masemore. This is a sufficient guarantee that the building will be handsome and complete.

Mr. W. P. Bartson, better known in the community as "Brother Wint," caught 101 yellow May Shad in five days during the past week. He has caught 133 Shad this spring, besides two very fine carp and many other fish of different sorts. His trap is on New Hope about two miles from where it empties into Haw River. "Bro Wint" says there have been few fish this season that there have been for the past fifty years in New Hope and Haw River.

A subscriber writes us that he has one serious objection to the Home—it is too popular with non-subscribers. "On its way from the office every man, woman and child has to look over it before it gets to me. The most interesting thing we ever heard in this neighborhood, before taking the Home, was the voice of the Scotch whip-poor-will, now it is the Home. Its song is clear, better, more interesting, and more instructive. Every mother's son of us ought to have a "home" of his own. The whip-poor-will sings the same dull and monotonous song evening after evening. The Home changes once a week, but it is always fresh and instructive. Our neighborhood would be the better for having more Homes in it."

To the Voters of Chatham County.

By the request of my friends, I declare myself a candidate for Register of Deeds of Chatham county in the next campaign. W. O. FARRELL, May 17, 1888.

Attention. We are putting in a set of Woolen Machinery at Snow Camp Foundry, and will soon be prepared to card, spin and weave Woolen Goods. In the course of a few days we will issue a circular stating terms and prices. H. W. & T. C. DIXON.

New and Cheap. Lawns, gingham prints and other reasonable dress goods. Trace chains, harness, cotton hoses, plow castings, points of all kind for double shovel plows, cradle fingers, pitch forks, snuff, tobacco and cigars. Horse powder. J. P. STRANDBERG, Egypt, N. C.

The enterprising merchants Melvers at Sanford came near losing their store and entire stock of goods by fire on last Monday night. But we are glad it was no worse. The real loss was very light and covered by insurance perhaps not more than \$175. The fire originated at about 11:30 o'clock. P. M. under a table of ready made clothing. The clerks were aroused by the smoke in time to save the house, and all the goods except some cheap clothing. The main stock was uninjured and the firm is all right and moving along as if nothing had happened.

County Convention. The Democratic County Convention met in Pittsboro at 12 M. on Tuesday, 22nd. T. B. Womack called the convention to order, and W. N. Straughan and P. R. Hatch were requested to act as temporary Secretaries.

Upon ballot by townships Mr. E. W. Atwater was elected president of the Convention and the temporary Secretaries were made permanent. Secretaries Messrs R. W. Bland, Archie Poe, R. G. Eubanks, O. D. Palmer, G. P. Alston, A. P. Gilbert, L. E. Cole, M. H. McIver, J. J. Cook, T. H. Raney, were appointed a Committee on Credentials. During the absence of the Committee the following gentlemen responded, in short speeches to calls made on them. C. E. Houston, J. W. Atwater, J. G. Rencher, A. H. Merritt, H. A. London, T. B. Womack, O. D. Palmer, and J. A. Womack, J. A. Dixon.

Kirkman, O. S. Johnson.

The census of the Convention was taken as to its choice for Governor, which was 59 for Alexander, 18 for Fowle and 17 for Fowle.

For Congress the vote was 92 for Broughton and 6 for Bunn. On motion of L. B. Bynum the following preamble and resolution was adopted:

WHEREAS, The Democratic Convention of Chatham was the first County Convention in N. C. in 1884, to suggest the name of Donald W. Bain, as the democratic candidate for Treasurer and said suggestion was adopted by the State Convention and ratified at the polls.

RESOLVED, That we again present the name of that faithful officer for re-election, as one pre-eminently fitted for his office.

The following resolution was introduced by Mr. Houston and unanimously adopted.

Resolved, That the democrats of Chatham in Convention assembled do recommend with pride and pleasure our former county-man, Hon. John Manning, as eminently worthy of being one of the two Justices of the Supreme Court.

Renews Her Youth. Mrs. P. C. Chesley, Peterson, Clay Co. Iowa tells the following remarkable story, the truth of which is vouched for by the residents of the town: "I am 73 years old, have been troubled with kidney complaint and lameness for many years; could not dress myself without help. Now I am free from all pain and soreness, and am able to do all my own housework. I owe my thanks to Electric Bitters for having renewed my youth, and removed completely all disease and pain." Try a bottle, 50 cts and \$1 at Dr. H. T. Chapman's Drug Store.

Passengers by the Richmond and Danville train Sunday last reported that Greensboro was visited by a severe storm, last Sunday morning. The rainfall was tremendous and the wind blow almost a gale. A frame building in course of erection was blown down and seven chimneys were demolished. The rain fall was exceedingly heavy all the way from Greensboro to Harrisburg.—Char. Chronicle.

Thompson School Commencement.

Last Wednesday evening people began to come into our city from all directions to attend the Thompson School commencement, which began that night at 8 o'clock. Notwithstanding it was raining very hard the academy building was filled to overflowing and all seemed to enjoy the children's night, as it was called. Among the most important features of the night were two essays written by Misses Nellie Womble, and Ola Bray, which reflected much credit on the two named ladies. Although they both did remarkably well, the judges decided that Miss Bray was entitled to the gold medal, as a prize for the same. The little ones all took parts in the exercises of the night and they acted their parts well—to the delight of all the teachers, and especially Mrs. B. N. Mann, who has had charge of them for the last ten months. Their exercises consisted of songs, recitations, dialogues and declamations. Thus ended a night of joy and pleasure to the old as well as the young.

Thursday at 9:30 the bell rang for the crowd to gather at the large and spacious arbor which had been prepared by the school boys for the occasion. Although it looked like it would rain in spite of all the wishes of the faculty and students, the crowd came pouring in from all directions and in all kind of conveyances until there was quite a crowd on the grounds. The exercises opened with prayer by the Rev. A. L. Phillips, of Fayetteville. Then the contest for the declaimers medal began. They all spoke well and reflected much credit to themselves. The judges decided that R. L. Jenkins of Granville county was successful in winning the medal. The next thing on programme was the annual sermon, to have been preached by Rev. B. F. Dixon of Oxford, N. C. To the regret of all Prof. Thompson received a telegram stating that he was sick and could not be with us. We then had an intermission of an hour and a half for refreshments, when the bell rang and they reassembled to hear the contest for the orators medal. They had good orations and delivered them in a way that reflected much credit on their efforts. The judges decided that B. F. Griffith of S. C. was entitled to the medal. The literary address was then delivered by Rev. Mr. Phillips of Fayetteville, N. C., who spoke for three quarters of an hour on the subject of Education, and handled the subject with much credit to himself. He made a good impression on our people. That closed the exercises of the day. At eight, the bell rang for the school and their friends, and all seemed to enjoy it very much until eleven, when the bell rang for them to close, which made all feel sad indeed. All regretted very much that Prof. Thompson wasn't able to attend the exercises of the day, but Prof. McNeil conducted the exercises in a very creditable manner. We all regretted very much that you, Mr. Editor, couldn't be with us. Wishing you much success,

T. T. GUTHRIE, Siler City, N. C.

POMONA HILL NURSERIES.

Two and a half miles west of Greensboro, N. C. The main line of the R. & D. R. R. passes through the grounds and within 100 feet of the office. Salem trains make regular stops twice daily each way. Those interested in Fruit and Fruit growing are cordially invited to inspect this the largest nursery in the State and one among the largest in the South.

The proprietor has for many years visited the leading Nurseries North and West, and corresponded with those of foreign countries, gathering every fruit that was calculated to suit the south, both native and foreign. The reputation of Pomona Hill Nurseries is such that many agents going out from Greensboro, representing other nurseries, try to leave the impression that they are representing these nurseries. Why do they do it? Let the public answer.

I have in stock growing (and can show visitors the same) the largest and best stock of trees, etc., ever shown or seen in any nurseries in North Carolina, consisting of apple, peach, pear, cherry, plum, grape, Japanese persimmon, Japanese plum, apricot, nectarine, Russian apricot, mulberry, quince. Small fruits: Strawberry, raspberry, currants, peaches, English walnut, rhubarb, asparagus, evergreens, shade trees, roses &c.

Give your order to my authorized agent or order direct from the nursery. Correspondence solicited. Descriptive catalogues free to applicants. Address, J. VAX LINDLEY, 128 CHAS. (CITY) CO., N. C.

A Tennessee sheriff attempted to arrest a negro murderer, when he was fired on by the scoundrel and killed with bullets, causing his death in a few minutes; the murderer then made his escape.

In the Southern Presbyterian Assembly, yesterday, Dr. Woodrow commenced his defence in connection with the charges, brought against him relative to his evolution views, but before he had concluded an adjournment took place.

A negro man by the name of Will Houston shot and killed a colored woman in a disreputable house in Winton, May 21. The man was captured shortly after the murder and is now in jail. As court is in session he will no doubt meet with speedy justice.

The act for the erection of a public building at Asheville, N. C. was presented to the President the eighth instant, and not having been returned to the House of Congress in which it originated within the ten days prescribed by the Constitution it has become a law without his approval.—N & O

THE SECRETS REVEALED—George Kennan's Wonderful Journey. MOST interesting contribution to secret history will be the illustrated papers on "Siberia and the Exile System," by George Kennan, which begin in the May Century magazine. They will embody the results of what is believed to be the first successful attempt by a competent investigator to make a thorough study of the Russian exile system. Before undertaking his arduous journey of 200 miles in the interest of "The Century," Mr. Kennan, author of "Ten Days in Siberia," had spent four years in Russia and Siberia, was thoroughly conversant with the people and the language, and had reached the conclusion that the Russian Government had been misrepresented, and that the exile system of Siberia was not so terrible as was supposed. Knowing that Mr. Kennan held these views, the Russian Government gave him every facility for a thorough

INSPECTION OF MINES AND PRISONS of Siberia—the most thorough that had ever been made by a levelling party with letters from the Russian Minister of the Interior and other high officials. Mr. Kennan went everywhere, inspecting mines and prisons, convict barges and hospitals, and traveling with chained exiles along the great Siberian road. He made the intimate personal acquaintance of a few hundred exiles, "liberals" and "Nihilists," many of whom wrote out their histories for his use. The actual facts, as revealed by this searching investigation, are far removed from Mr. Kennan's preconceived ideas, as this thrilling narrative of fifteen months' privation and adventure will show. As is already known, the publication of Mr. Kennan's preliminary papers has resulted in his being placed

ON THE BLACK LIST by the Russian Government, and copies of "The Century" containing them have the objectionable article torn out by the custom officials before being allowed to enter the Czar's dominions. "I expected, of course," says Mr. Kennan, in a recent interview, "to be put on the black list, but I was not. I was surprised that I succeeded in crossing the frontier with all my material and papers coming this way. I became satisfied before I got half

BOARDING A CONVICT BARGE. through Siberia that I should never be permitted to go there again, and that after the publication of my papers no other foreigner would be allowed to make investigations there, and I lost no possible opportunity to secure accuracy and thoroughness. I brought back more than fifty pounds of notes, papers and original documents, many of the latter from secret Government archives, besides five or six hundred foolscap pages of manuscript, prepared for me by political exiles in all parts of Siberia, and covering the most noteworthy episodes of their lives. I can regard the black listing, therefore, with a certain degree of complacency. The stable-door is locked, but the horse has been stolen—and I've got him."

Mr. G. A. Frost, artist and photographer, accompanied Mr. Kennan, and it is expected that the results of his work will form the most interesting series of pictures of Russian and Siberian life and scenery ever made.
