A LOST CAUSE.

This has been declared by

England and the South

Republ. on condition

the Boers lay down

arms and become English

The war was brought

English speed and we only

that the little Dutch Peo-

ple could not give England a

whipping instead of going

service countless numbers

Boers have shown them

to be a heroic people, and

our struggles against over-

whelming forces, have only often

ended in modern times

of our own Southern Peo-

ple who denied the Boers

their independence and

so gallantly for the cause

of the lost cause, a

far dearer battle than

ourselves.

In future years, when his

name goes to the people,

they will be honored down

and exalted as equals to us

and be classed with those

immortal heroes, Wash-

ing Lee, and Jackson, the

legions of Home, and the

armies of Greece.

Confederates are already fit

to meet the future.

They see defeat by the

reconstruction of the South

as much wrongfully done

as they might do.

Losses us is the case with

the Republican party.

They are

telling the same old story

they always invent when

they get scared, that several

years are gone before they

get back.

The idea that a Boer

who has stood by the party

year after year, and stuck

deserting this year, can

be a scoundrel and

ever thought of as reported

by the confederates and they

hate it themselves. They

only wish us they pass

one good bill.

The failure of seven hundred

votes to pass their poll tax is

settled, very well with the

publican suggestion.

It is the fact that the date

the Republican ticket and

can't understand how they

do get along so they think

the bird per.

The Rep. party

is the most helpless without

its vote as skin without its

hair or a garment without its

clothing.

Get ready to go back into the Democratic ranks this fall.

Spring Fever

Some have another name for

fallacies. It's more serious than

most people think.

It's a bad fever and

infective booms means a pos-

sion system. If neglected, serious

illness may follow such compli-

DeWitt's Little Early Risers remove

danger by stimulating the liver

opening the bowels, and cleansing

the system of impurities. Safe pills

never grip. "I have taken Dr

Var's Little Early Risers for torpid

liver every Spring for years," writes

R. M. Evers, Moundsville, W. Va.

"They do me more good than any-

thing I have ever tried." G. R. Pak-

son

and put me with whatever

it seems that the stores the

Democrats had two years ago

about to prove a boomerang in

then after telling and trying to

prove that all medicinal sub-

stances would be disengaged by

the amendment. Those who

were scared into voting their

ticket, have found out that they

were only keeping up their motto

"Lie and the like b-i-l."

Now

those who have found out

that there is no truth in the

big promises and that they were

then only trying to deceive the

white whites so as to save

the negro vote and now they are

going to vote with the Democratic

party, the friend of mankind,

and not for the fusion receivers.

It seems that the attempt of

the Republicans to send traitors

into the Democratic ranks to hire

and persuade them to desert

their party in the hope of de-

riving, is not turning out so well.

This is a heavy blow to them. As

it is the only hope that the Re-

publicans have of carrying the

country since the return of their

voters failed to pay poll tax and

pay a sum of the negroes

which they don't feel possible to

raise the qualifications of the

convention. The prospects are

not the country will go Democ-

rat this year by a good large

majority. None expect it at

the present time.
