

Who's For Sale?

We noticed at the time that it was published in the Raleigh Sentinel, afterwards copied into the Salisbury Examiner, with approving comments, an article with the above heading, intimating, if not charging, that if "two Whig papers, west of Raleigh," could be purchased, that the case of the Republicans would start an "independent paper at Raleigh." We do not know what "old Whig papers, west of Raleigh," are referred to, but if the American is one of them, then we pronounce the authors of these articles falsifiers of truth!

As to the American, we will say that we have not "sold out," but we have received flattering bids from more than two Democratic office-seekers, to "sell out" to each of them, but refused, for the reason that the American is not for sale to any party, but will support whom it pleases for office.

Such an attempt at Ku Kluxing and intimidation, for a difference in opinion upon public measures and the rights of individuals, is not very creditable to the men or party that do it, and cannot be considered an act of proper thinking men. This is the strongest evidence on the part of the leaders of the so-called Democratic party, that freedom of thought and action is to be suppressed; that men are not to be allowed to think and act for themselves in the hazard of their own souls, and are charged with selling their principles.

When The American has co-operated with the leaders of any party, we made no sale or transfer to them of our principles, but claimed the privilege to sever the alliance at any time. This, we take it, is likewise the policy of those which every old Whig and Democrat in the State claims the right to pursue, if they shall deem proper. And who will dare sit in judgment upon them for so doing? Do the people belong to the politicians, that they shall not take it, if they will, to go to the other side, if they have never seen the bill of sale, by which the people have voluntarily deprived themselves of their liberties, and we pray God we never may behold the parchment, with its red lines and red seal—for it will be written in blood!

To pursue this subject a little further: If the old Whigs and old Democrats, which the leaders of the present so-called Democratic party of the State claim to control, are to be transferred to some other party, will they like to have a voice in the matter, and learn the terms upon which they are to be so transferred? The new Democratic party of the State have no nationality, and must look to some other faction or fraction of a party, North, to obtain a respectable position, by alliance; in doing which, it is reasonable to suppose that they will be required to surrender a portion, at least, of their Southern principles, and accept such terms as may be proposed to them. Will the old Whigs and Democrats be willing to be thus dealt by? or will they not rather choose for themselves their party allies? This freedom of choice lies at the very bottom of civil liberty, and is as antagonistic to party tyranny as anything can be. It is used by the Whigs against party tyranny, while they are endeavoring to rivet the adamant shackles of party upon the minds of the people, and appeal to prejudice and passion to secure the manacles as with bolts of steel.

The only "sale" that we have made is a press, type, and some materials to Col. Chas. R. Jones, who proposes to begin the publication of another journal in Statesville, and which for a while will be printed in The American office, but whether in the interests of the Republicans or Democrats, we do not know, and will leave the paper to speak for itself. If Col. Jones desires to publish a Democratic paper, or any other stripe, it is his right; and no Republican will object, so far as we know.

The Lowrey Gang.

The Executive Powerless to capture them—The Blame upon the Ku Klux Democracy—The Power of the Governor crippled by the Ku Klux Legislature.

The Ku Klux sheets have been rampant and branding their tomahawks upon the Governor of North Carolina, charging him with the responsibility of all the robberies and murders perpetrated by the Robeson county outlaws; they proclaim him guilty of neglect, and duty for not making any effort to destroy these lawless citizens who are not rest with the Governor. He has done all in his power to put an end to the outrages of Henry Berry Lowrey and his gang. Upon whom then can the blame rest? It rests upon the Ku Klux Legislature, who deprived the Governor of some of his powers, and repealed the best features of the militia law of the State.

The strictly partisan legislation of that body has crippled the militia law, and fastened the gang of outlaws upon the county which visited Robeson county. The Governor, who conferred with the civil authorities and citizens as to the best means to accomplish the extinction of the desperadoes, and promptly seconded the suggestions and line of procedure which was made by the citizens at that time. It was through his efforts that federal troops were sent to Robeson. So connected with the Governor by the Ku Klux Legislature, that had the entire army of convicts in the Penitentiary broken out, the Governor had not authority to offer one cent reward for their apprehension until they had fled the bounds of the State. Who has done this? The Ku Klux Legislature. They this year have conferred with the militia law, and now the militia cannot be organized.

They have taken away so much authority from the Governor, that he is powerless to employ any measures to capture the Lowrey or any other

gang of outlaws who may be a curse upon the State. Who is to blame for all this? Again, we repeat, the Ku Klux Legislature. All the robberies that have been committed, the cold blooded murders that cry to heaven for vengeance, the agonized families whose homes have been made desolate, the awful tenor and gloom which now pervade the doomed county which has fallen a prey to the merciless banditti, whose hands are reeking with the best blood of her citizens, these, all these horrors might have been ended and would, had not the Ku Klux Legislature weakened the Governor of the State.

Are not the laws of North Carolina despised for their inefficiency and weakness, when by the acts of the Ku Klux Legislature, a band of cutthroats are allowed to slaughter and overawe an entire community without opposition. The Democratic press asks, Who is to blame? Now they know. Their own Ku Klux Legislature. The "Boys" as they are termed.—Wilmington Post.

We hope to see the largest and ablest Convention that ever assembled in this State. Every delegate should be in this city without fail on TUESDAY, the 16th day of April. A caucus should be held here on TUESDAY the 16th. There should not be less than ONE THOUSAND DELEGATES present. Let us have a grand meeting of the representative men of the party. "United we stand, divided we fall."

Local, State and General Items.

BOURBOINISM.—The tenacity of the Bourboinism of the Tennessee Democracy could not be more strongly characterized than by that of Gen. Pillow in its favorite candidate for Governor.

KU KLUX REPORT.—The printing of the Congressional ku klux testimony, it is expected, will be completed in two or three weeks, and will make ten volumes of between 600 and 700 pages each.

APPOINTED.—O. W. Britt has been appointed post-master at Boone Hill, Johnston county, in place of J. T. Smith.

WE KNOW.—This paper upon the management of Messrs Keith & Wicker, is before us. It presents a neat appearance. It is full of matter calculated to make mankind "laugh and grow fat." A new head, gotten up by Phil. Thiem, will be on hand when the next paper is issued. We bespeak for the We Know a hearty welcome by all who love the humorous and desire to forget politics in the enjoyment of something amusing as well as instructive.

A MYSTERY.—The Wilmington Star of the 23rd inst., says, parties engaged in digging a sink on the premises of Dr. McDonald, at his new residence, on the corner of Sixth and Hanover streets, yesterday morning, unearthed a small coffin, about twenty inches long, and which was found about two feet under the ground. Without opening it, Dr. McDonald immediately notified Coroner Hewlett of the circumstance, who summoned a jury and will examine into the matter this morning, at 10 o'clock. The coffin had the appearance of having been lately put under the ground.

PROSPECTS IN THE WEST.—The Asheville Pioneer says from letters received from different counties in Western North Carolina, we are glad to learn that the Republican camp fires are commencing to burn from the mountain tops. The Republicans can carry the State beyond a doubt, and it must be done. The Democratic party now goes before the people as a disreputable old hat, whose only stock in trade is a tattered reputation earned over half a century ago, and now it stands behind blood, treason, and the people stained with blood, treason, and the people stained with blood. All that is required to carry our State is good nominations for the different offices to be filled, and a turnout to the election day of all the Republican elements in the State.

NATIONAL PARK.—Westward the Star of Empire takes its way. Those living one hundred years from to-day will behold that portion of this Union known as the Great West, as thickly settled as the State of New York. To a very great extent the beauties of nature will have disappeared beneath the progressive and never-tiring arm of the pale face.

It is, in this connection, that the Congress has before it a bill forever setting a part what is known as the Yellow Stone Valley in Montana and Wyoming Territories, a tract of land some fifty miles square, as a National Park. This bill should pass at once. The project is worthy of the support of all men who desire to retain a small portion of terra firma in its original simplicity. Civilization is stripping away the romantic and beautiful disguises of nature, at a rate terrible to contemplate. When we turn our thoughts to the rapid strides which have been made in settling and developing the Great West, it is not difficult to imagine the time when the whistle of the iron horse, the buzz of the steam mill, the rumble of the foundry, or some other modern device devoted to the unpoetical purposes of commerce and manufacture, will be heard in almost every one of the magnificent valleys and upon every prominent hill of the land which is now a wilderness and a standing monument of the greatness of Nature's God, and conclusive evidence to every mind that there is a Creator—A Maker of all things—God Almighty;—and the wilderness of Nature will be banished from the face of the earth until the trumpet of the Arch-Angel Gabriel shall sound the quick and the dead to the bar of God for the judgment of the Last Day. Therefore, to preserve something in the primeval wilderness, where men may go to commune with the natural, unmanaged by the presence of the artificial, is as necessary as it is wise, that the Congress should set apart from our vast public domain abounding in sublimity and beauty, a tract of land for a National Park. Such a tract is the Yellow Stone Valley. A National Park among the Rocky Mountains! Think of it! Surely, a project of this kind will meet with no opposition.

UPRISING IN THE PENITENTIARY.—THE GUARD ATTACK AND ONE WOUNDED—ONE CONVICT KILLED AND TWO WOUNDED.—For several days the convicts confined in the Penitentiary have been confined in their cells. The refusal of the Legislative Board to surrender to the Board appointed by Gov. Caldwell, and funds for the support of the Institution being in the hands of the Caldwell Board, the prisoners were put upon half rations and work suspended. Each cell contains fifteen prisoners and are examined by the overseers in the evening when supper is taken in.

Last Thursday evening, Mr. McAllister one of the Overseers, on entering one of the cells, was attacked by the prisoners confined in that cell and killed. Mr. Kemp another Overseer seeing that Mr. McAllister had been disarmed, rushed to his assistance. He was seized, thrown down and shot at, the ball missed him and struck a convict by the name of Larkins in the thigh. About this time the regular guard were attracted by the disturbance and the firing of guns. They proceeded to the cell in question, whereupon the prisoners retired to the cell. Mr. Penny, one of the officers, demanded the arms taken from McAllister and Kemp. Immediately the convicts, causing a striking Mr. Penny in the arm, a convict from Edgewood, was killed. Two other convicts were wounded and the remainder surrendered and gave up the arms taken from McAllister and Kemp.

This is the first uprising which has occurred in the Penitentiary. It is to be hoped the lesson afforded by the killing of Hartsfield, will deter the convicts from a similar attempt.

We are informed that the convicts are on full rations.

There is an old saying, which runs somewhat after this wise: Persons who depart from the truth, should have good memories.

In the News of Friday we find the following:

DEED.—At the Penitentiary, from starvation, a colored convict named _____, was sentenced to the Penitentiary for six months and had been in five. He died in the Penitentiary, from starvation, on the 17th inst. (for whom he voted in 1869), who deprived him of food by withholding the funds set apart for him to feed him.

We have the above in type and will probably have to publish it sometime next week, unless the Governor consents to feed his Penitentiary constituents.

In the same paper of the same day, we find the following paragraph, a portion of the News' article on the difficulty of the day before:

"We deem it due justice to all parties concerned to state that the result was in no wise caused by the differences pending on the outside which is unknown to the convicts, but what would naturally have occurred at any time. The convicts are on full rations and it is not even proved that any necessity will occur to reduce them."

We think comment unnecessary. We leave a discriminating public to say how much confidence they can afford to have in anything the News may hereafter say.

KU KLUX ACT.—On Tuesday last, an important case, upon which turns the constitutionality of the Ku Klux Act, was before the U. S. Supreme Court for argument.

The points upon which the Court will be called upon to decide are as follows: First, as to whether or not, under the enforcement law of May 31, 1870, persons can be punished for committing a crime defined under the laws of the State; and second, as to whether or not the right to bear arms is a right guaranteed by the Constitution, and to be protected under the enforcement act. This will substantially test the validity of the act in question, and decide whether criminals shall be punished for violating this law the same as those that are punished under the State law. Reverdy Johnson and Henry Stanbery, will argue against the Government, while Attorney-General Williams will have charge of the other side.

P. S. Since the above was put in type, the Attorney-General entered a plea to the jurisdiction; upon which the Court dismissed the case.

PARDONED.—Gov. Caldwell has pardoned Jones Parisher out of the Penitentiary. He was convicted at Fall Term, 1870, of Martin Superior Court, of felonious slaying, and sentenced to two years imprisonment. He was the keeper of the county poor house, and in order to quiet a large crazy colored woman who was an inmate of the poor house, he attempted to frighten her by shooting a gun at her and threatened to present her. She attacked him and in the struggle she was killed. Many good citizens asked his pardon.

TOWNSHIP TAXES.—David A. Wicker, Norfolk-Dunston and Ross Petiford, Esqrs., will take the tax list for Raleigh Township at Metropolitan Hall, commencing on April 1st, 1872, and continuing for 20 days, when and where the tax payers can list their property.

KUKLUX DEMOCRACY.—LEADING DEMOCRATS TAKE LEAVE OF US FOR EVER.

We see from the proceedings of public meetings held in Alexander and Camden counties, that Dr. J. M. Carson, of the former county and John L. Chamberlain of the latter, both active members of the Legislature and elected by the Democratic party, have renounced the Kuklux Democracy and taken open and bold ground for the Republican party. Both these gentlemen are leading men and will greatly increase the Republican vote of their counties.

Dr. Carson commands the respect and confidence of both parties. He is safe and reliable. His accession to the Republican party is a great gain in the West.

Of Mr. Chamberlain, the Elizabeth City North Carolinian says: "Still they come—recruits to the great Republican party. On Friday last Hon. John L. Chamberlain, late Conservative Representative from Camden, addressed a Republican meeting of that county and unequivocally declared himself in favor of the party of Progress, of Justice, of Peace and Law and Order. He is a gentleman of ability and wields a great influence. We will say our opponents feel apprehensive of the future when their best men are leaving their party."

THE STATESVILLE AMERICAN.—The anxiety of the Ku Klux Democracy as to the political status of this paper is, at last, dispelled. The American yesterday, bid farewell to the Kuklux Democracy, and arrayed itself on the side of Union, Liberty, Law and Order. We welcome our Statesville cotemporary into the ranks of that party which has saved the Union from disruption and freed four millions of slaves. The advocates of Peace and Liberty, Union and Equality, Law and Order, are greatly strengthened by the acquisition of the American. We doubt not that the Republican party throughout the West will be greatly increased by the wise and timely counsel of the American during the Summer campaign upon which we are now entering. The influences which caused our defeat in 1870, have passed away, and now remains for our party to nominate its strongest men—men against whom nothing can be said except that they are Republicans. Do this, and the accessions to our ranks, during the year 1872, will number thousands.

RAILROAD NEWS.—The Asheville Citizen learns from Mr. G. M. Roberts, the Treasurer of the Western Division of the Western N. C. Railroad, that the President of this road returned a few days since from New York, and reports that the Pennsylvania Central Railroad Company proposes to take assets of this Western road and bind themselves to build it from Wolf Creek to Asheville, and from Asheville to Waynesville.

Colonel Tate, the President of the Eastern Division, is now in New York, negotiating with this company for the building of this road from this place to Old Fort.

Treasurer Roberts informs us that President Rollins intends, about the first of April to take up the \$50,000 now on deposit to secure costs, &c., in the suits entered by Woodin & Co., against Littlefield & Hopkins, and pay it out to the creditors of this road.

ROBESON COUNTY.—The Wilmington Star of the 21st says all quiet in Robeson. Passengers on the train yesterday report Henry Hartsfield, the captive reporter, at Lumberton, but that he was only on parole, intending to return to the outlaws. He still asserts that he has been unable to hear anything of the whereabouts of Henry Berry Lowrey, Andrew Strong and Stephen Lowery were at Red Banks. In addition to the above, Henderson states, on the authority of Andrew Strong and others, that Boss Strong is not dead, though he has not seen him.

Since writing the above we have seen the report, as coming from the outlaws, that Lowery has been absent from the usual haunts of the gang for about four weeks, and will remain away about four or five weeks longer, but nothing has been learned as to where he is, or what his intentions are.

WINSTON REPUBLICAN AND THE ERA.—We have made arrangements with Mr. Frederick T. Walsor, Editor of the National Republican, published weekly at Winston, N. C., to club The Era, with the Republican, weekly edition, to subscribers for \$2.50 a year; and \$1.25 for six months.

The Tri-Weekly Era and the Republican will be furnished subscribers at \$4.50 per year; six months \$2.25.

We shall be glad to make a similar arrangement with the Republican papers of the State.

The Winston Republican is one of the best papers in the State. It is said and feared in the advocacy of the great principles of the Republican party, and merits the patronage of the Republicans throughout the State.

PREJUDICE AGAINST COLOR.—There are a great many people—mostly Democrats—who live North of Mason's and Dixon's line, that have as much prejudice against the negro as any Ku Klux. For instance, the Labor-Convention which met at Columbus, Ohio, a few weeks ago, refused to declare the equality of race and color in all fields of labor. An exchange truthfully says an organization which examines a laborer's article and tibia before permitting him to compete in the race for wealth and happiness, cannot expect to command great respect from anybody much less the support of the real laboring men of the country. These ear-marks are positive proof that the organization is in the interest, if not absolutely Democratic.

THE OUTLAWS.—The Wilmington Journal of the 23d, says Mr. A. B. Henderson, the Herald correspondent, appeared yesterday at Moss Neck, as the train passed that point. He was apparently alone, although he stated that the outlaws were near at hand, and had fortified him to leave them yet. He spoke as though he was now really in fear, then, they having searched him and taken his pistol from him immediately on his return to entertain suspicions in regard to his business among them, and seemed to fear, particularly, that he might attempt to snuff out their idea of effecting their capture. He stated that he had promised to go with them, once more, to visit some of their old haunts that he had not yet seen, when they are to release him and he will return again to civilized life.

All who are indebted to the Bank of Cape Fear, either as Principal or Surety, will please give immediate attention to their notes, as they will be put in suit at the next term of the United States District Court which will meet in Wilmington, the 29th day of April.

C., on Tuesday, May 7th, 1872, and continue from day to day until the same is completed, when and where the parties to said action are notified to appear, and do all things necessary to protect their interests in the premises.

INDEPENDENT JOURNALISM.—One by one, the substantial papers of the State are renouncing the party lash, and indicating a manly independence as their future guide.

The Ku Klux Democracy will not permit any newspaper to occupy an independent position. Every newspaper and every voter will be forced by the proscriptions of the Radical Ku Klux Democracy to advocate the claims of one of the two political parties. According to Ku Klux doctrine, he that is independent, is against the Democracy.

We admire the independence and manliness of several of our Democratic exchanges. It shows that there is a little more freedom abroad in the land than heretofore; that the terror and intimidation of the Ku Klux Klan is on the wane.

WILMINGTON, CHARLOTTE & RUTHERFORD RAILROAD.—The Charlotte Democrat says the Sheriff of Mecklenburg county levied on nine car loads of iron in that city, on Monday last, which was being shipped for the Western Division of the Wilmington Charlotte and Rutherford Railroad.

The officers of the Road claim that the levy is illegal, as all the property is covered by a mortgage long executed. The executions in the hands of the Sheriff amounted to two or three thousand dollars.

On Saturday last, S. T. Carrow, U. S. Marshal, arrested the Sheriff on a writ of \$25,000 for damages in making the levy, issued at the instance of Mr. Matthews of New York, who furnished the iron.

HOMICIDE.—The Battleboro Advance says a Alexander Walker, of that county, son of the late Holling Walker, was killed on the 8th inst., near Nashville, in a difficulty with John Brown, who acted entirely in self-defense, as Mr. Walker was advancing with his gun drawn at the time he shot him with his gun. We understand the verdict of the coroner's jury was rendered to that effect.

PENITENTIARY OUTBREAK.—An investigation into the revolt at the Penitentiary on Thursday, the 21st, discloses the fact that preparations for a general attack on the guard was contemplated. The prompt action of the guard alone prevented a general uprising.

A correspondent of the Daily News of this city advocates the nomination of Josiah Turner Jr., for Governor. We have no objection to the nomination of Mr. Turner by the K. K. Democracy, but we shall object decidedly to having him count his votes by the letter m.

PAPER AT LEXINGTON.—Messrs. Johnson & Hough propose at an early day to begin the publication of the Monthly Fire-side at Lexington, N. C.

There will be a meeting of the Republicans at Dobson, in the county of Surry, on the 30th inst., to appoint Delegates to the National Convention, to be held at Philadelphia, on the 17th inst. The meeting will be held at the K. K. Democracy, but we shall object decidedly to having him count his votes by the letter m.

DISTRICT AND STATE CONVENTIONS.—There will be a meeting of the Republicans of Orange county held at Hillsboro' on Saturday the 30th day of March instant, for the purpose of appointing delegates to attend the District and State Conventions. A full turnout is earnestly requested.

REPUBLICAN MEETING IN FRANKLIN.—The Republicans of Franklin county will hold a county Convention on Monday, April 1st, for the purpose of appointing delegates to the State Convention. A large attendance is desired.

REPUBLICAN MEETING IN LENOIR.—The Republicans of Lenoir county hold their county Convention on Monday, the 26th inst. The meeting is called by the County Executive Committee, and a rousing turnout is expected.

NOTICE.—There will be a meeting of the Republican citizens of Granville county at the Courthouse in Ogdun on the 9th day of April, 1872, for the purpose of appointing delegates to the District Convention to nominate a candidate for Congress.

BEAUFORT COUNTY CONVENTION.—The Republicans of this county will hold their County Convention for the purpose of appointing delegates to the State Convention, on Saturday, the 30th of March, 1872. A full attendance is desired.

DEAD MEN TELL NO TALES: If they did, anagrams against the depleting lance, the drastic purge, and the terrible salivants of the materia medica, would arise from every corner. The motto of modern medical science is "Preserve and Regulate, not destroy," and no remedy of our day is so entirely in harmony with this philosophy as Dr. WALKER'S VEGETABLE SYRUP FOR BILIOUSNESS. In this powerful, yet harmless restorative, dyspepsia, bilious complaints, and all diseases of the stomach, liver, bowels and nerves, constitute an irresistible antidote.
