Moore.

Register! Register!

Let the people turn out and register. In consequence of the Democratic gerrymander of Raleigh and other cities and towns of the State, by which the boundaries of wards have been changed, it is necessary that all persons living in such cities or towns who desire to vote shall register for the coming election.

Registration to vote at city or town elections will not answer now. In the country, all persons who have arrived at the age of twenty-one years or removed into the township in which they reside since the last election, and have remained residents of the same within the time prescribed by law, must register before the day of election.

REGISTER.—The wards in the city having been changed by the act of the Legislature, it will be necessary for a new registration in order to vote in the next August election. The books are now open, and we call upon our friends to register right away. The following are the Registrars and the places of registration: M. B. Barbee, 1st Ward—Upchurch's coach shop, Hargett street, D. A. Wicker, 2d Ward—Basement of old Cape Fear Bank, J. J. Lewis, 3d Ward—Courthouse, J. P. Frairie, 4th Ward—N. Dunston's shoe shop, E. W. Best, 5th Ward—Best's Store, Hillsboro street.

OUTSIDE CORPORATE LIMITS.—The voters of Raleigh Township outside the city limits, will find the registration books at the store of Mills H. Brown, on Fayetteville street. Those entitled to vote who have reached twenty-one years of age since August, 1874, or who have come into the territory named, since, will have to register in order to vote; others will call upon W. D. Haywood, Esq., at Mr. Brown's store, and see that their names are correctly entered in the new book.

Attention, Republicans.

Organize in your townships. See that all Republicans are REGISTERED long before the day of election. When you get through with documents and newspapers, pass them around to your neighbors—particularly your Democratic friends. Immediately after your nominations are made, have your tickets printed and placed in safe and reliable hands.

Tickets! Tickets!!

We are prepared to print and furnish TICKETS, at the following prices: Township Tickets \$2 00 per thousand; for less than a thousand \$1.50. Convention Tickets \$1.00 per thousand. No tickets will be sent from this office unless the CASH accompanies the order.

THE CAMPAIGN.

An Election for Delegates to amend the Constitution of the State, will be held on Thursday, the 5th of August, 1875. The Convention will meet at Raleigh, on the 6th of the following September. Township Officers also will be elected on the first Thursday in August.

LOCAL DEPARTMENT.

Interesting Matter, both New and Standing, on every Page.

PERSONAL.—Solicitor General S. F. Phillips returned to the city from the West yesterday and left for Washington this morning.

Monday was doubtless the warmest of the season, the thermometer standing at 100° in the shade at 3 o'clock.

If Leopold's cigars are not the best in town, then you may say we are not a judge of the weed. You will find him at the old stand of J. M. Towles, on Fayetteville street.

Look out for your hogs and dogs. The catchers are around, and the business has commenced in good earnest. Twelve of the purps have been captured and placed in the pound. Unless called for in three days they will be put to death.

SUNSTROKE.—Buck Whitaker, a young man about 18 years of age, and son of Mr. Barnes Whitaker, had a slight sunstroke, yesterday morning, on Wilmington street. Medical aid was summoned, and at last accounts the sufferer was doing well and entirely out of danger.

The Asheville Pioneer comes to us full up with good splay matter on the Convention. The Pioneer is a wide-awake journal and is striking the advocates of Convention right and left in the West. Its influence among the poor working men is felt everywhere west of the Blue Ridge.

THE CROPS.—It is very gratifying to learn from all sections of the country that the crops are more promising than they have been for many years. The reports that there has been too much rain is a mistake, and we have every reason to hope for a bountiful crop.

And now it has come to light that marble-top furniture is injurious to health, because, says the Herald of Health, they are cold and rapidly absorb the heat and vitality of the body, robbing it of its life. That may do very well for winter, but if they absorb heat this weather we want to rent all the marble slabs in town until the heated term is over.

The popular candy man and favorite of the little folks on Fayetteville Street, has imported a monkey in order to assist him in his study of Natural History, and thereby enable him to substantiate his present views on Darwinianism, to which he has tenaciously clung since the introduction of that work into the scientific world. Jock will eat candy, but won't play the fiddle worth a cent.

The First Baptist Sunday School on Sunday last concurred unanimously in a resolution to send Chas. S. Farris to Wake Forest College to be educated for the ministry. His tuition and necessary expenses will be defrayed by weekly contributions from the Sunday School. The selection of this young gentleman to represent the Baptist element in this section at Wake Forest College is indeed a splendid one, and will doubt give universal satisfaction.

The Singer Sewing Machine office in this city is closed to-day in respect to the memory of the inventor, who died in London Saturday, and whose funeral takes place to-day in that city.

WANTED.—A young gentleman desires a furnished room in a private family, within five minutes walk of the Capitol. Address "Anxious," care Daily Constitution, City.

Eat more fruit and less animal food such weather as we are having at present, but be particular when you eat the fruit and in what quantities; a wise head once said that fruit is gold in the morning, silver at noon, and lead at night.

Governor Brogden returned to the city Sunday evening and brings good news from old Wayne. The Democrats are not "taking any stock" in Conventions in the east. The Governor left last evening for Asheville on business connected with the Western N. C. R. R.

Charlotte has a secret society of young men, and the badge they wear is a barrel, the most conspicuous part of which is the bung-hole. We'll wager that Caldwell belongs to that society, and that he knows why such a design as a barrel for a badge was adopted.

Secure your tickets for the excursion and picnic of the Raleigh Light Infantry to Kittrells, at Carmer's drug store. The train leaves N. C. R. R. Depot at 8 o'clock, a. m., sharp. Tickets for the round trip, including admission into the ball-room and meals during the stay, and night's lodging at the hotel, \$2.50. We hope to see a large attendance present.

Wilmington street is now perfumed with hides partially dried, but sufficiently green to emit one of the most offensive odors ever inhaled by human nostrils. We dislike "to go back on" hides as they give us such a good understanding in summer and such sure footing in winter, but if their odoriferous properties are to block up our pathway, we prefer a return to wooden bottoms.

REMOVED TO RICHMOND.—Gen. F. D. Sewall, successor to Col. P. W. Perry, Supervisor of Internal Revenue for this District, will remove his office from this city to Richmond, Va., in the early part of next week. While it is not our desire to pluck a single laurel from the brow of our sister city, we regret this change and think that a more commodious place than Raleigh for Headquarters is not in the district.

WATERMELONS.—We return thanks to Mr. S. D. Harrison, the extensive watermelon dealer on Fayetteville street, for two of the finest and most delicious melons we have seen this season. As Mr. H.'s sales are so rapid, he is consequently enabled to keep his fruits fresh, and you can rely on getting none but such at his store. He delivers them to all parts of the city free of charge.

"RATS" VS. JOURNEMEN.—The fact of two pages of one copy of the Wilmington Journal containing, by actual count, one hundred and seven errors, forcibly illustrates what we have always held—that boys employed on newspapers, to do the work of men who have worked years to acquire the art of printing, cannot fill the places of the latter. In the paper mentioned above, mistakes occur of so gross a character as to destroy entirely the sense of the sentence in which they are used. The reader is quick to detect such mismanagement, and no paper can exist which allows such errors to appear in its columns.

THE CHURCHES SUNDAY.—All the churches, considering the intense heat of the weather, were well filled Sunday. Rev. Dr. Pritchard, of the First Baptist, being still out of the city, his pulpit was filled by Rev. Dr. Wingate, of Wake Forest College.

At the Edenton street Methodist, the pastor, Rev. A. W. Mangum, preached to large and appreciative congregations morning and evening, taking his text in the morning from St. John, 16th chapter, 8th, 9th, 10th and 11th verses. The discourse was a most interesting one, and well adapted, in many respects, to the wants of many of his congregation. Mr. Mangum will take leave of his congregation in a week or two, to enter upon his duties at the University. His pulpit will be filled by Rev. Mr. Burkhead until the meeting of the N. C. Conference in December.

The many friends of Mr. T. J. Bashford, of the firm of Harrison & Bashford, will be glad to learn that he has returned to the city from the Hot Springs in Arkansas, where he has been for some time to recuperate his health, greatly benefited by the health-restoring waters of that famous resort. Pete is looking as fat and hearty as ever.

We have seen policemen on duty in New York, Boston, Philadelphia, and every other large city in the North during the summer season, when strokes were as frequent as leech strokes during the winter season, in snow-storms, "hail-storms" and rain-storms, but we must confess that we never saw one with an umbrella over him and a cane in lieu of a billy in his hand before. "A hint to the wise is sufficient."

While we have been so unfortunate as to have had all the peaches nipped in the bud by Jack Frost, it will be some consolation to us all to know that we can feast on canned peaches next winter, as our exchanges inform us the like was never before seen in the peach-growing States North. The yield will reach 2,000,000 bushels, and what's troubling the minds of the growers is where the consumers for this abundant crop will be found.

The Coroner's Jury in the case of Thos. Crawford, one of the convicts who were carried from the Penitentiary to labor on the County Work House in New Hanover, and whose death was mentioned in our last issue, returned the following verdict: "That the said deceased came to his death from gun shot wounds received at the hands of the guard, Alex. Richardson, while on duty, while attempting to escape from the Work House, and in our opinion the guard was justified."

TAKE NOTICE, YE CRUEL DRIVERS, AND GOVERN YOURSELVES ACCORDINGLY.—The following humane resolution was offered by Mr. E. E. Pesaud, and adopted by the Board of Aldermen of this city: Resolved, That it shall be unlawful for any person or persons to treat unmercifully, or otherwise mistreat, any horse, mule, ox, or any animal within the corporate limits of the city, on penalty of being arrested and fined not less than five dollars.

To say the least, this is one of the best resolutions ever offered or adopted by our City Fathers. It is a mark of progress to see them making laws for the "prevention of cruelty to animals." This subject has long since occupied the Northern mind, and therefore standing organizations with authority in both New York, and Boston for the sole purpose of protecting the dumb beasts.

THE REPUBLICAN RALLY SATURDAY NIGHT.—In accordance with an advertisement which appeared in the Sentinel, of this city, Metropolitan Hall was dimly lighted, on last Saturday evening, and the curfew thereof tolled the knell of a departed spirit, until a few Democrats were persuaded by its mournful sound to enter. After thirty or forty had taken their seats in the back of the hall, ex-Sheriff Lee took the rostrum and begged them to draw near unto him. They did so, and he began by saying, I appear before you in the light at which point the lights in the hall were raised) of a better—and so we got a little more light on that subject. He then proceeded to give his reasons for being an independent candidate, but they were so flimsy that we would do him an injustice to reproduce them. We never heard him make a weaker defence. He was followed by Mr. Harris, who ascended the platform amid deafening applause from the audience, that had gradually grown larger and larger while Tim had the floor, and such was the effect of the noise upon the quiet that reigned during Tim's say, that hundreds were drawn in, and the Hall was soon densely packed. Mr. H. walked into Tim with gloves off and sleeves rolled up, and then completely buried him alive by showing up his past record and his present purposes. He was listened to with the closest attention and was greatly applauded. Tim attempted a reply, but finding it impossible he asked to be excused. This was readily done, and Mr. T. M. Argo was loudly called for, and responded in a few brief but pleasing remarks in regard to his departure for the West. He has gone there to do battle against the revolutionists and for the cause of peace and good government. The meeting then adjourned amid great enthusiasm.

We hear many complaints from families living in the neighborhood of the Raleigh and Gaston Railroad Depot about the everlasting and seemingly unnecessary tooting of the freight-train going out and coming in on the road, between midnight and daybreak. We know that these whistles are sometimes used for signals, but when a continued noise is kept up for an hour or more, it is almost intolerable by persons living within hearing, and who are trying to get a little sleep, after perhaps having been kept awake the first part of the night by the intense heat. The gentlemanly engineers are sure would not persist in this if they thought their whistling disturbed the residents near by, and now that we have given them the hint, we can insure those who have been complaining against any further disturbance from their stables.

QUERY.—A sufferer wants to know if railroad companies authorize their conductors to collect fare from a passenger when the latter loses his ticket and satisfies the conductor beyond doubt, of the fact, a case of this kind occurred a few days ago on a road leading into the city. A gentleman purchased a ticket at a certain office, got into the cars, and placed his ticket in the hand of his hat, but before going so, showed the ticket to several parties in the coach. When the conductor called for the passenger's ticket, it was gone, and notwithstanding the former passenger fully substantiated his statement that he had purchased a ticket, yet the unrelenting conductor persisted in demanding the payment of his fare. The aggrieved passenger wishes to be informed, through the columns of the Constitution, whether or not a railroad company authorizes such action on the part of their conductors under such circumstances as the above.

Judge Russell returned from the West this morning, where he has been for several days hard at work addressing the people against Convention. He brings encouraging news from Wilkes and Yadkin counties, both of which will go against Convention by overwhelming majorities.

Mr. T. R. Purnell, State Librarian, returned to the city this morning from Salem. Count on Forsythe for 200 majority against Convention.

Ex-Judge Russell spoke against Convention at Taylorsville, Alexander Co., last Monday.

A destructive fire occurred in Charles ton on Saturday.

RALEIGH HIGH SCHOOL.

An English, Classical, Mathematical, and Military School for Boys.

Rev. Jos. M. Atkinson, Jr., Principals, CHARLES H. SCOTT, Principals.

The 2d annual session of this school will begin Wednesday, Sept. 28, 1875. The Principals have provided for the school the commodious and attractive residence on Newbern Avenue, well known in Raleigh as the "Cotton Plant," and recently owned and handsomely refitted by Col. B. Kingland.

Besides continuing their Day School, they propose taking a limited number of boys of good character, and directing to board in their own families. The training of the school, as heretofore, will be full, thorough and accurate, preparing its pupils for college or business life. Competent assistants will be provided in all departments, as may be required. The Principals trust that it is scarcely necessary for them to say that whilst the school will continue to be conducted on Christian principles, it will be entirely without denominational aim or bias.

For circulars and other information address either of the Principals, Raleigh, N. C.

THE UNIVERSITY OF NORTH CAROLINA.

The 1st Monday in September Next, the term ending the 2d Thursday in June, 1876, with a vacation of two weeks at Christmas. It has been re-organized on the eclectic system, combining, however, three curricula of Arts, Science and Agriculture. Instruction will be given in the branches of learning usually taught in the best Colleges. Special instruction provided in Agriculture and the Mechanical Arts. An able faculty has been appointed. The buildings recently repaired, and the enrollment of several hundred students.

ENCOURAGE HOME INDUSTRY.

It is a well known fact that the use of wood in the construction of buildings and other structures is a most economical and durable material. It is also a most beautiful material, and its use in the construction of buildings and other structures is a most desirable one. We therefore encourage the use of wood in the construction of buildings and other structures, and we call upon our friends to use wood in the construction of their buildings and other structures.
