Election News!

MOORE.

JONESBORO, Aug. 8.

I feel over-joyed to inform you that old Moore county has gone Republican by a majority of 225, a Republican gain of 600.

Yours Respectfully, B.

The Sentinel says: "One thing is certain, the calling of the Convention was a blunder."

The Republicans of Bertie are excellent Bell-ringers. Their Bell gives no uncertain sound.

The Democrats in Franklin are very jubilant over the slaughter of a Republican Bullock on election day.

The Democrats of Cleveland are still betting on Durham notwithstanding he was an independent candidate for Congress last year and was denounced as John Pool's candidate.

The Sentinel says: "The secret of the large Republican gains in Wake is the increased demand for laborers in the cotton fields, and on new buildings in Raleigh, at Cary, and other prosperous points. Prosperity attracts laborers—field hands, brick makers and hod-carriers. Hence, the influx of negro laborers in this county."

The Republican bees were very active workers during the late canvass. We notice Boyd, Bell, Buxton, Bliker, Blivens, Bullock of Granville, Bryant (Hinnant), Barringer, Bowman, Black, Barrow, Bean, Badger, Bateman, Bryan of Wilkes, Bullock of Franklin, and Brower. We have succeeded in hitting the whole swarm except the two last.

OH, MY!—Hear, the Sentinel: Old Aunt Abby House, whose good sense is co-extensive with her patriotism, if that be possible, was a witness of the voting in the House of Representatives last winter on the Convention Bill. She shook her fist at the Democrats and with an ominous shake of the head, said, "You are calling this Convention too soon—too soon!"

The Sentinel bears witness to the prosperity of Wake and Mecklenburg counties as follows:

"Wake is yearly increasing in prosperity; more laborers are demanded, and hence the negro population is gradually increasing in numbers. This is the case also in Mecklenburg.

Secretary Bristow is spending a few days with Secretary Fish on the Hudson.

NORTH CAROLINA.

The crop prospects in Cumberland are said to be very good.

Burglaries are getting to be matters of frequent occurrence in Fayetteville.

The Bank of Mecklenburg at Charlotte has suspended and Judge Shipp appointed trustee.

The corn crop of Hyde, says a correspondent of the Wilmington Journal, is very good, but the cotton prospects not as good as that of last year.

J. W. Cranly of Wilmington has received the appointment of Naval Cadet from that Congressional District.

Forty-five beoves, fifty-eight sheep, two hogs and one calf were required to satisfy the hungry of Wilmington last week.

Remember that the State Dental Convention will meet at the Atlantic Hotel, Beaufort, on Wednesday, the 11th inst.

The Catawba White Sulphur Springs has had the largest average of visitors this season than ever before, and every body that is there is well pleased.

Mr. John Livingston, of New Hanover county, claims the championship in beef raising, having put one in the Wilmington market that weighed 9 pounds 2 ounces, and measured twenty five inches in circumference.

Pender county has had a big excitement in the way of a general bear hunt. An old she bear attacked a hog pen; the neighborhood started in pursuit, and succeeded in "tailing" her and three cubs.

Among the resources of the National Banks on June 30th were loans and discounts 984 millions, total resources 1913 millions; among the liabilities 686 millions to individual depositors.

SARATOGA, Aug. 10.—Parole won the Kentucky stakes; time, 1:44. Grimstead won the 2 mile race for all ages time, 3:37. Mudge won the 1/2 mile race for all ages; time, 1:15; the fastest recorded. Dead Head won the steeple chase.

Judge Lawrence of the Supreme Court granted a motion for a bill of particulars in the suit of Mayor, &c., vs. Tweed. The suit in this case is to recover money paid on alleged fictitious bills of Edward Manning, approved by Tweed as Commissioner of Public Works.

"A repudiated debt currency in unlimited quantities," say the Ohio Democrats. "A sound currency of coin or its equivalent," say the Maine Democrats. "A tariff for revenue," say the Ohio Democrats. "A tariff for revenue only," say the Maine Democrats. And yet the Ohio and Maine Democrats call themselves by the same name, and profess to belong to the same political church.—Washington Republican.

We often hear Thomas Jefferson spoken of as "the father of Democracy." This is true in one sense and false in another. Jefferson's party up to 1816 was known as the Republican party. It was so called by Jefferson, known as such among its followers, and was so styled in all the party calls published during that period. Therefore, correctly speaking, Jefferson was the father of the Republican party. The term, Democracy, was fixed upon Jefferson's party by its opponents in order to create odium against it. After Jefferson's time, it became a popular name with the party and was finally adopted by the Washington Republican.

A scull race Monday evening at Rockaway, near New York, between the Biglin and Toneyck, resulted in the defeat of Biglin. Course, a mile and a half and return.

SAN FRANCISCO, Aug. 10.—A citation has been issued to commanding officials of the Central Pacific Road to produce the defaulter and bigamist Woodruff alias Miller, or disclose his whereabouts.

PANAMA.—In Sannigal Salvador, where the recent fanatical riots took place, order has been established. President Gonzales had about fifty of those engaged in it shot in squads at different towns between Sannigal and the capital, causing Padres, who occasioned the outbreak, to witness the executions. Many criminals confessed they might rob the rich, provided they gave a part to the church.

Great sorrow and indignation have been expressed throughout Central America at the events of Sannigal, in which the respectable part of the clergy join.

LONDON, Aug. 10.—Special despatches to the Standard from Glasgow report sixty rioters, many of whom are badly hurt, were brought before the Magistrate yesterday morning and remained to jail. The rising broke out again in the suburbs Monday, and the volunteers and regular troops were ordered to hold themselves in readiness, but the disturbance was quieted by reading the riot act. It is remarked that the mobs of the Catholic armed with hatchets, steel knuckles and knives, are organized and acting under leaders.

LOCAL DEPARTMENT.

Nothing before the Mayor's Court to-day.

We had another copious shower last evening.

The revolutionists die hard, but die they must.

How about the election, is the password now.

We give our readers an illustrated paper this evening.

Have you heard the news from Caldwell? It has gone Republican.

We wonder if the Sentinel will hold its rooster again this afternoon?

The weather has moderated considerably since yesterday, so have politics.

There will be excursion trains from all parts of the State to this city to-morrow night.

The flag on the Capitol is half-mast in respect to the memory of the late Hon. Wm. A. Graham.

The Governor of Ramoat paid us a visit to-day. He appears to be in high spirits, but not of turpentine.

The Supreme Court has been in session since the first of June, and will adjourn about Saturday.

Hon. Josiah Turner, Jr., has just returned from Harnett where he has been on a tour of inspection, we presume.

The Sentinel says: The old bar hunter who set a trap to catch a bar and got caught himself, is something like the Democratic party.

We'll bet the lining in our old hat that the Democrats will never call another Republican Convention. Who'll take us up?

The several committees are busily making preparation for the grand demonstration that will certainly take place on to-morrow night.

The clouds of disappointment are beginning to hover about those whose hopes were raised to the highest pitch by the unreliable news of yesterday.

The News appears to be ignorant of the fact that our rooster crowed twice on yesterday and the Goddess of Liberty headed each column on the first page.

We have been informed by James H. Harris that there are only six colored men elected to the Convention, and four of the six are three-fourths white.

We presume the Sentinel and News is about tired of baffling with the hopes and anxieties of its readers and will ingloriously bow to the decree of the people in their next issues.

The startling intelligence of the demise of ex-Governor Graham casts a heavy gloom over the political world in this community. Not a few of all classes can be seen wearing a pensive look in consequence thereof.

The Justices of the Supreme Court and the members of the bar of the Supreme and Superior Courts will meet at 12 m., Thursday August 12th, at the Supreme Court room, to take suitable action in relation to the death of Hon. Wm. A. Graham.

A meeting of the citizens of Raleigh will be held at Metropolitan Hall, at 10 a. m., to-morrow, to take action concerning the death of the late Hon. Wm. A. Graham.

J. H. SEPAR, Mayor.

Aug. 11th.

A SWINDLER CAUGHT.—Some time since a man, going by the name of Hunt, figured pretty extensively in the Northern dry goods market by purchasing goods in the name of Messrs. A. Creech, of the marble front, and R. L. Hunt, of Oxford, and ordered them to be forwarded to different places. He was caught up with in Philadelphia on yesterday, so says a dispatch, and was allowed a hearing. The dispatch did not state the result of the trial.

The rads have concluded and very wisely so, to change the programme for the Thursday night's demonstration.

Now Mr. News you should not practice such deception upon your readers as that, especially after you have been tendered an invitation to participate with us. We will have one of the grandest jubilees here to-morrow night that the people of this city ever witnessed, and that too, over our success throughout the State. Come one! Come all!

The quotation made by the News of to-day, from the Christian Advocate, concerning the colored man who admitted that he did not vote on last Thursday, nor had never voted, because he was too big a fool to do so, is highly endorsed by every sane colored man, and many of them go a step further and say, he should never be allowed to vote. Now if the News will call this ignominious "a sensible colored man," it must call those who know how to vote sagas.

A Gross Insult to the Freemen of North Carolina.

A VITAL ERROR.—It is certain, that as between parties, certain definite lines must be drawn. Men must be known as belonging to one order or the other. This delicate blending of one party with the other, and this kindly preservation of social relations will not do.

The radical party has drawn its line; it has sunk its foundation, and that foundation is built on the negro vote.

Now, here in Wake, in Mecklenburg, in Wayne, in New Hanover, we see Democrats and Republicans in full social accord. Is this right? Shall Democrats accept their masters? Must the white bow to the black? And will the white Democrats recognize a social equal the men who have nursed in their arms negro babies and kissed mothers that the equality of races might be preserved? God forbid that the

white men of North Carolina should come down to this degradation. But the Radicals demand it, and oh God! How many of our Democratic friends have taken it quietly?

Our advice is, to draw the line strongly. Those who have voted the negro ticket, let them stay on that side. Let them be known as negroes.

We copy the foregoing from the Daily News of this city and we propose to keep it standing until the honest people of every portion of North Carolina shall have seen and read it. We want all Democrats who voted against the revolutionary portion of their party to see what is in store for them if they should ever so far forget themselves as to return to their allegiance to the Democratic party. Let the people take these men at their word. Accept the proposition, fellow-citizens, and stay within the Republican fold. Note the difference: Democracy tells you that you are not to be allowed liberty of conscience. You are told that henceforth you are debarred social intercourse merely because you have thought proper to exercise your constitutional rights as freemen, and because you were unwilling to be made the tools of designing bad men. On the contrary, Republicans offer to you freedom of conscience and freedom of speech.

The Republican party interferes with neither. We have within our ranks as much of brains, as much of patriotism, and as much of all the elements that go to make true genuine good society as can be boasted of by the author of the foregoing article, or any who endorse him, and nothing is lost on these accounts. So far as we are concerned we can say "we thank thee, Jew, for that word." The majority of the anti-convention men who voted in the last election will stay. It needed no prompting. They were sufficiently disgusted before, and the foregoing advice, although emanating from a mind diseased with prejudice, rancorous with hatred and foaming with corruption, will be taken. The freemen of North Carolina have had their eyes opened at last and can never so far forget themselves as men of honor as to return to a party that thus insults them. We hope the press of the State will copy the above article, and we want the Republican press especially to keep it standing for a while at least. Again, we say, we thank the News for this additional aid towards Republican accessions.
