

CUPS TO MATCH THE PUNCH-BOWL

Mrs. Haywood's Gift to the Cruiser Raleigh.

PLEASING EVENT ON THE SHIP

Colonel Boyd Speaks for the Donor at the Presentation—William J. Bryan Visits the Raleigh and Sees the Gun That Fired the First Shot at Manila.

New York, April 18.—Enthusiasm over the Raleigh increases instead of waning. Many hundreds of visitors braved the North river this afternoon in excursion steamboats, tugs, launches and row-boats to see the first home of Dewey's squadron. The morning tugs were reserved to give the jacksies a game to do some necessary work. The event of the day for the Raleigh was a presentation made by the woman who named her. Citizens of North Carolina gave the ship a huge silver punch-bowl some years ago. The punch-bowl, which successfully survived the battle of Manila, now has its necessary complement in the shape of a dozen handsome silver cups inscribed: "U. S. S. Raleigh, Presented by Her Sponsor, Mrs. A. W. Haywood."

A contingent of North Carolinians, impatient that the vessel did not proceed at once to a port in their State, journeyed north and made the presentation early this afternoon. The party, which was brought off from West Thirty-fourth street by one of the Raleigh's launches, included A. W. Haywood, Chas. C. McDonald, C. B. Wright and Miss Wright, Thomas Holt Haywood, Miss Daisy Holt and Assistant Attorney-General Boyd. Others who attended the presentation ceremony were Mrs. Custer, wife of the late general; Lieutenant Gunger, of Maine, and Mrs. Gunger; Mrs. Coghlan, wife of the Raleigh's captain; General Haywood, United States Marine Corps. Mrs. Haywood was unable to be present on account of illness. She is a daughter of the late Governor Holt of North Carolina. Her husband and son represented her.

Captain Coghlan met the party at the gangway and escorted them to the ward-room. Mr. Boyd made the presentation address, which reflected the pride felt by citizens of Raleigh, as well as the whole nation, in the achievements of the cruiser and the men who fought her. Captain Coghlan responded happily, and the presentation cups were brought into their proper use.

Another honor that the Raleigh received today was an unexpected visit of William J. Bryan. Colonel Bryan sent word over to the cruiser from the Thirty-fourth Street pier that he would favor the Raleigh with his presence if transportation were provided. Captain Coghlan thereupon sent over one of the Raleigh's launches. Colonel Bryan appeared on the deck about noon. Captain Coghlan had not noticed the approach of the launch, and he evidently was somewhat surprised as Colonel Bryan approached with outstretched hand. "I'm Mr. Bryan," said he. "Glad to meet you," replied Captain Coghlan.

"William J. Bryan," continued the ex-colonel. Captain Coghlan wished Mr. Bryan well, and turned him over to his executive officer, Lieutenant-Commander Phelps, who showed him around the ship. Colonel Bryan's stay lasted only a few minutes. The gun which fired the first shot at the battle of Manila was shown him, and Colonel Bryan said "H'm."

The council today passed a resolution asking the dock board to set aside a pier where the Raleigh might be tied up during her stay, so that citizens might go on board without difficulty.

The officers of the Raleigh have accepted an invitation to dinner at the Union League Club Friday night.

The jury will be instructed to leave all question of the race issue out of the case and bring in a verdict strictly from the evidence.

A big hole was made in the bottom and the schooner filled in five minutes. The survivors escaped with difficulty and hung around until daylight, at which time the schooner and the rest of the crew had disappeared. They had difficulty reaching shore in the boat, which was leaky.

GILMORE TAKEN BY FILIPINOS

Lieutenant and Fourteen Sailors Captured at Baler.

FATE OF THE MEN IS UNKNOWN

Party From the Yorktown Ambushed While Attempting to Relieve a Spanish Garrison—Filipinos in Manila Desire to Open Negotiations for Ending the War.

Washington, April 18.—A dispatch was received from Admiral Dewey today which said: "The Yorktown visited Baler, Luzon, April 12, for the purpose of rescuing and bringing away the Spanish forces, consisting of fifty soldiers, three officers and two priests, who were surrounded by 400 insurgents. Lieutenant Gilmore and a party of bluejackets were ambushed, fired upon and captured. Their fate is unknown, as the insurgents refused to communicate afterward."

Admiral Dewey gives a list of fifteen missing, including, besides Gilmore, Chief Quartermaster Walton, Coxswain Ellsworth, Gunner's Mate Mygard and Salmaker's Mate Vendigil.

The greatest concern is manifested at the Navy Department over the news sent by Dewey. Knowing something of the cruelty of Filipinos towards prisoners, officials can only hope for the best. They are encouraged by the fact that three American soldiers captured before Manila were, at last accounts, being treated with consideration.

Instructions have been sent to Dewey to use every effort to secure the release of Lieutenant Gilmore and the fourteen missing men, either by ransom or exchange. Otis and Dewey have about 1,800 Filipino soldiers as prisoners, and the President has three million dollars for extraordinary expenses. Already the suggestion has been made that some of these three millions might be used to persuade Aguinaldo that his cause is hopeless, and the authorities pooh-pooh the idea, though they are exceedingly reticent in discussing it.

Lieutenant Gilmore was well known in Washington, where his wife resides. He was born in Philadelphia in 1854. In the war with Spain he was on the St. Paul under Captain Sigbee.

TIRED OF THE WAR.

Natives Preparing to Make Concerted Effort to Bring About Peace.

Manila, April 18.—Prominent local Filipinos are organizing with the object of opening negotiations with the Americans for the termination of the war. Their purposes, as outlined by General Lagarda, are:

- First. To obtain as large autonomous rights for the Filipino people as possible.
Second. To bring about peaceful relations between the insurgents and American authorities.
Third. To insist that Americans and Filipinos only shall occupy public offices.

Arevalo, former aid to Aguinaldo, is now in Manila. He said that if the Americans would send emissaries to Aguinaldo now he thinks a peaceful solution of the trouble is probable.

A petition has been prepared by volunteer American soldiers in the island of Luzon, praying for their discharge in the island, that they may receive travel pay, the same as if they had returned to their homes in the United States after being mustered out. In return for this concession, they promise to form a National Guard here. The petition contains 4,669 names.

The provost marshal has seized \$100,000, which was collected in the South of Luzon and shipped to Aguinaldo's agent, a business firm.

A Filipino recruiting office has been raided in Manila, where a colonel and two captains were captured. Colonel Whaley, First Washington Infantry, will command General King's brigade during the latter's illness.

ALL OUT BY JULY.

Some of the Volunteers Will Sail on Transports Now at Manila.

Washington, April 18.—Secretary Alger said this evening that some of the volunteers in the Philippines would sail for San Francisco on transports now at Manila. Just what segments would be sent Mr. Alger said he would not know until he heard from General Otis. It was also said all the volunteers would be home or on the way by July 1. Whether more troops will be sent to the Philippines has not been determined.

General Henry, in Porto Rico, was ordered today to send home one regi-

ment of infantry and two batteries of artillery that have seen the longest service in the tropics. Porto Rico is fast approaching the point where protection to life and property can be left to the native constabulary.

BLANKS WANTED TIME.

He Made a Speech, Sang, Prayed and Took Up a Collection From the Scaffold.

Louisville, Ky., April 18.—Bob Blanks was hanged at Mayfield, Ky., at 10:30 this morning on the same scaffold on which Will Tuttle died last Friday. Blanks was taken sick before going to the scaffold, but he rallied and asked to be permitted to make a speech. He talked forty minutes. He asked every one present to bid him farewell, and a thousand "good-byes" arose in chorus. Then he asked that a collection be taken for his wife and children, and \$11 was realized. The sheriff told him to get ready, but he begged for time, and, kneeling on the trap, prayed. Then he began to sing hymns. The sheriff started to put on the cap, but Blanks tore it off five times. At last four men held him while the cap and noose were adjusted. Just as Blanks yelled "Wait a minute," the trap was sprung and he fell to death.

CHESAPEAKE AND OHIO.

Extensive Terminal Improvements at Newport News in Contemplation.

Newport News, Va., April 18.—The Chesapeake and Ohio Railway is planning improvements to its valuable terminal property here that will cost hundreds of thousands of dollars. A new grain elevator, having a capacity of about 1,000,000 bushels, will be built near pier 8. A new coal pier of modern style will be erected below pier 8. Pier 8 will be enlarged to accommodate rapidly growing business, and it is quite likely that a large bonded warehouse will be built on the pier. The railroad yard will be extended 3,000 feet to the north, and when the additional four miles of track are laid, the Chesapeake and Ohio yard here will be three miles long from the piers to the northern boundary and will include fifty-two miles of track.

DREYFUS CASE PREJUDGED.

Government Influence Will Insure an Early Decision Against Revision.

London, April 18.—The Paris correspondent of the Daily News deprecates the alleged decision of the government to influence the Court of Cassation to give judgment in the Dreyfus case about April 27, and adds that he believes the government intends to pardon Dreyfus after insuring a decision against him to please the army.

The Paris correspondent of the Times confirms the report that the government intends to hurry the decision, which will be against revision, and adds that the struggle will then be continued in a more violent form, keeping France in a ferment.

She was thrown some distance by the pilot of the engine. It is not known whether her injuries will be fatal or not, as she lies internal. She is now at St. Peter's Hospital.

BREAK FROM QUAY.

Thirteen Votes Lost, But the Deadlock Remains Unbroken.

Harrisburg, Pa., April 18.—There is no doubt that the demonstrations attending the defeat of thirteen supporters of Quay during the balloting today were disappointing to those who expected the break would lead to a grand smash of the Quay line. Quay may lose a few more votes tomorrow, but all hope of breaking the deadlock has been abandoned.

STREET DUEL IN A VIRGINIA TOWN.

Richmond, April 18.—John Beard, sheriff of Amherst county, and John H. Parr, chairman of the board of supervisors, had a street duel in Amherst today. The men had a fight early in the day, and Parr, the smaller man, was wounded, but he expressed a determination not to let the matter rest. The two men met later, armed with pistols. Seven shots were fired. Beard was shot in the side and Parr was shot through the lungs and leg, and perhaps fatally wounded.

CUBAN ARMY PAY DOLL.

Havana, April 18.—Revision of the list of the Fifth Army corps of the Cuban army was finished this evening. It shows 4,221 soldiers entitled to payment. The total number of Cuban soldiers to be paid is 39,821. Ninety-nine generals, 5,629 other officers and 669 soldiers holding government offices are excluded. One hundred and nine officers who are disabled will probably be paid at Gomez's request. A committee has been appointed to make the payment.
