

GENEROUS GIFT TO TRINITY COLLEGE

B. N. Duke Adds \$50,000 to His Bounty.

SERMON BY BISHOP DUNCAN

Great Discourse on Preparation for Life's Battles and Problems—Dr. White Delivers the Alumni Address—Literary Address by Bishop Vincent.

Durham, N. C., June 6.—Special. B. N. Duke gave Trinity College \$50,000 this afternoon. The gift was made unconditionally and the trustees have not yet decided what will be done with it. It is thought that \$25,000 will be added to the regular endowment fund of the college and the other \$25,000 used to endow the library. The announcement of the gift was made this afternoon and was cheered.

The Baccalaureate Discourse.

Durham, June 6.—Special.—This was Trinity College day in Durham. Navy blue bunting, the college colors, fluttered to the breeze from nearly every place of business, and a piece of blue ribbon was attached to the lapel of a great many coats.

The visitors here attending the commencement are the most numerous in the history of the college. In fact, there are more than twice as many here already as there were last year or the year before. The number of ministers present has been a matter of comment on all sides.

BISHOP DUNCAN'S SERMON.

Bishop Duncan announced as his text for the discourse, Luke 12th chapter and 40th verse, "Be ye therefore ready also, for the Son of Man cometh at an hour ye think not of."

The man needed by the church and the world today, said the Bishop, is the prepared man, the man who is ready, the man thoroughly finished for every good work.

The man needed by the church and the world today, said the Bishop, is the prepared man, the man who is ready, the man thoroughly finished for every good work.

Prepared men means a faithful response to life's work, and there can be no faithful response unless there is growth. All that God expects of you is truthfulness, according to the talent he has given you.

This world is not cruel. Every man is given a chance in life. There is not a State or city in this great Union where the doors will not be thrown open to the prepared man.

For about two hours Bishop Duncan spoke of how men should prepare themselves for the work of life. To be prepared does not mean to be educated alone. The heart must be pre-

pared as well as the head. He believed the hand of God was in the movement of the war with Spain and could not tolerate the man who talks about "more murders in the Philippines" and "more waste of treasure."

The last part of Bishop Duncan's sermon was devoted to a discussion of Christian Education, the only true education, he said. The youth of the land must be prepared by the Christian men and women of this land.

It was as able a sermon as was ever heard here, and in this sketch only an attempt has been made at the line of thought presented.
