OUR NATIONAL FINANCES.

Most Favorable Condition Shown by the Treasurer's Report.

Washington, Nov. 6.-Hon. Ellis H. Roberts, the Treasurer of the United States, in his annual report to Secretary Gage, sums up the operations of the last fiscal year by saying that "a notable activity was exhibited in all kinds of currency, with a marked in crease in the use of gold coin, and Northward-Newly Elected Governor in a less degree of silver coin, while the prosperity of the country has at no time left any part of the government notes in the Treasury, above the demands of daily business in its several offices."

He says: "The effect of the new revenue laws is shown in the receipts for the year in which there was an increase over 1898 of \$56,553,419 from customs, and were larger than those for any previous year, with the exception only of 1866, and the total ordinary receipts, same exception. The net ordinary expenditures were a little over \$605,000,-000, an amount exceeded only twiceciency of \$89,111,599 in the ordinary revenues.

"Inclusive of loans and the issue of notes and certificates the total receipts ments \$946,222,148. With the addition the action of the Basutos. of the proceeds of the new three per cent loan to the ordinary revenues, there was a fiscal surplus of \$100,791,-521 for the year. The receipts from the loan represented every part of came to the in Washington in the form of checks on banks in every part of the country. Nearly \$29,000,000 was paid in gold, upwards of \$25,000,rest in other kinds of money.

from customs was not exceptional, for a like growth has taken place in all per cent of the receipts, amounting to \$2,076,736,587, and given for 11.83 per to \$2,195,973,013. In 1899, the receipts the receipts and 35.2 per cent of tle way communication at Colenso. disbursements. For twenty-one years there has been a natural and healthy
