PLEA FOR INDEPENDENCE government.

Contends that This Government Had Made the Filipinos Its Allies and Was Bound to Recognize Their Independence-His Masterly Review of the subject Attracted Great Interest and He Was Given Close Attention.

Washington, April 17 .- At the beginning of today's session of the Senate a bill was passed granting to soldiers of the Mexican war pensions of \$12 a month in certain cases.

After the transaction of the routine lusiness Mr. Moar .addressed the Senate on the Philippines question. Intense interest was manifested in the address by Senators. Mr. Hoar's position upon the subject was well understood, but as it was known, too, that the speech was to be one of the greatest Mr. Hoar had ever delivered, from his point of view, the interest in the utterance was intensified.

Mr. Hoar took for his text the resolution of Mr. Beveridge of Indiana, declaring that the Philippine Islands are termory belonging to the United States and that the United States must govern the archipelago. Mr. Hoar spoke with deliberation, but scarcely with his usual forcefulness. He requested his colleagues not to interrupt him in the course of his speech, indicating that the state of his health rendered, it undesirable that he should enter into a running debate.

"I would invite all the great powers of Europe to unite in an agreement that that independence shall not be interfered

"I would declare that the United States will enforce the same doctrine as applicable to the Philippines that we declared as to Mexico and Hayti and the South American republics. I would then, in a not distant future, leave them to work out their own salvation, as every nation on earth from the beginning of time has wrought out its own salvation.

After Mr. Hoar concluded his speech the Senate went into executive session, and at 5 o'clock adjourned.

Six thousand Boers, it is reported, are fleeing southward from the Rouxville district and are hurrying toward Bethulie. From Reddersberg comes the statement that General Chermside found the rear guard of the Boers retreating southeastward and that a large force of them was moving fourteen miles east of Reddersberg, and apparently falling back upon the British Even Larger Appropriations Will Be advance guard. This sudden flight of the Boers is attributed to the fact that they had become aware of the big Building of Warships in Government preparations by General Robents to surround them, and gather them into a network of British commands. Seeing that the British would vastly outnumber them and fearing that their retreat would be cut off, it is argued that they suddenly pulled out stakes and started in full flight.

Averting to the authority to be found in the Declaration of Independence for expansion, in the course of his speech, Mr. Hoar declared:

"There is expansion enough in it. but it is the expansion of freedom and not of despatism; of life, not of death. Never was such growth in all human history as that from the seed Thomas Jefferson planted. It has covered the continent. South America. It is revolutionizing Europe. It is the expansion of freedom. Mr. Hoar discussed at great length the Filipino rising and the causes which, in his opinion, led up to it. He made an earnest and vigorous defense of the Filipinos, especially of Aguinaldo, who, he declared, was "brave, honest and patriotic." In the course of his eulogy of Aguinaldo he said:
