need not detail to you. "At your last meeting I called your

attention to the need of better scientific equipments. During the year there have even equipped four inboratories in physcs, one in biology and three in chemstry. The apparatus was purchased from the best manufacturers in America, England, Germany, France and Switzerland. Only the highest standard apparatus has been purchased, and while Dr. Strickler Preaches to the Baccalaureate Address by it has been expensive, the demands for a high order of scientific work made it necessary. There is now no reason why the college should not take a leading rank among Southern institutions in the study of science. All scientific courses, undergraduate and graduate, have been Special.—Today the Democrats of Wilkes FINE SERMON ON FAITH THE WORKER DESCRIBED undergraduate and graduate, have been held the lawrent and graduate, while new courses have been added. Among the latter is a course in electrical engineering. With the large facilities in the city and electrical instruments in the laboratories, the college offers leading advantages to young men desiring to take this line of

"The library has had a year of great success. It is now the center of college The librarian shows that the monthly average of books issued has a crowd of about two thousand men been 51.0 volumes, while even a larger simply because she had ridden in a car use has been made of it by students carrying on special investigations during 2,487 bound volumes and 878 pamphlets her mother. When she alighted from A large number of visitors have already forty-seventh annual commencement of have been added to it during the year. arrived on the Hill to spend the week. Trinity College is now on, having started Of this number there is a collection of nearly all the extant English literasend such men as had been going down tees. In English literature much larger courses of study can be undertaken because of this acquisition to the equipments,

growth. It is now one of the most promof interest to the student of North Caro- mittance. She succeeded in reaching an of the college was started, and has been alley, down which she ran, followed by the college will always be indebted for

"Very many additions have been made to the biological museum. During the time and toil to the collection of specimens on the seacoast and in the mountains. Six hundred birdskins were donated by a friend to this museum, besides many specimens of various sorts have been either purchased by the college or donated by friends. It has been necessary to build a large number of cases in which to store these specimens for the easy use of students, as well as the proper display of them. In this respect there is still a large need which I hope can be supplied. The gymna-(Here President Kilgo quotes from the to pass, to add something to human report of Mr. Whitehouse, director of the gymnasium, which report concludes as follows:) There have been no accidents to report in connection with the per chest repose, 33 inches; upper chest inflated, 35 inches; and lung capacity. 250 cubic inches; showing that the typical student is rather tall, slightly above the average height of Americans, while the weight is low. The chest measurements are below what they ought to be for the height, but the lung capacity is of decided and important changes for the four years' work it would no longer be possible for a graduate to go out with is mental and moral equipments unacompanied by a fine physique.

"I believe the time has come when our board should undertake to estabish at least fifty scholarships, ranging value from \$50 to \$75. These scholarhips are not to be a system of free tuiion to be awarded for financial and social reasons. They are scholarships o be awarded for scholarly attainments, and will be used by only such men in whose hands they will bring the largest good. If you decide to establish them. such laws as will protect the college against a misuse of them. By all means the awarding of them should be in the

hands of the college faculty. "The position which the college has taken in the matter of education makes MISPLACED THE SWITCH it the center of a new movement. The Southern college has been local in its aims and spirit, and thus it has become a nurser of social, civil and educational a nurser of social, civil and educational traditions, instead of a leader in a progressive and large spirit. Thus limited. the college man in the South is marked with the timidity of a sluggish conservatism and provincial limitation to a hurtful degree. Against these Trinty has fixed its policy, and while sincerely loyal Engineer Cut in Two and an Unknown to the State, it seeks to nurse the larger spirit of Americanism, as the South has is responsibilities to the nation's life. The college's ideals of citizenship are American; its sympathies are national, and its faith embraces all States and classes. It seeks to produce a sincere love of a schoarship free from the pretense of inflated pride, but serious in for truth, daring in its loyalty to right, and uncompromising in its right to find and declare truth. In religion it is com- at Garyburg this morning at 1 o'clock. mitted to the doctrines of Christ, which | Engineer Walter Cheatham was instanting Dr. Kilgo submitted his annual report as president of the college. Two Young Women Beaten by Strike Sympathizers.

## BOY VICTIM OF A BULLET

New Features Introduced in Connection with the St. Louis Street Car Strike-A Girl Fleeing from a Mob Refused Admission to a House-A Brave Woman with a Pistel Drives Off a Crowd of Toughs,

St. Louis, June 4.-Christine Thiere, 18 years old, was set upon yesterday by of the St. Louis Transit Company. She the hours it has been open to them; was on the way to spend the day with a car at Ninth street and Geyer avenue at 9 p. m. she wys approached by a young man who called her a "scab." Others joined in the chorus. A young man tore off her jacket and another her hat. She was struck by the fists of men A pocketbook which she carried in her hand was snatched away and the money taken. . Piece by piece her clothing was "The historical museum has steady torn away, while she appealed for shelter at the nearest house. The occupants, collection of historical relics, and will however, were afraid the mob would tear been fostered by, Dr. Bassett, to whom the hooting men. Finaly she escaped

by concealing herself in a cellar. In South Twelfth street another incident of the same kind occurred. Stella past summer Dr. Hamaker gave much Broderick got off a car only to be assailed and hooted at by a mob. Her jacket was torn from her by men. She of Mrs. Folke. The men surrounded the house and began throwing stones through the window. Mrs. Folke got a revolver and opened fire on the mob from her front window and the men

scattered. A riot, during the progress of which a boy was fatally shot and a dynamite explosion marred what would otherwise have been an uneventful Sunday. sium has been in operation a full year. As a car on the Tower Grove line of the St. Louis Transit Company was passing the corner of Twefth and Calhoun streets a crowd of strike sympathizers began throwing stones at it. An unknown man leaned from a window of the car and fired a revolver shot toward the crowd. The bullet sped over the heads of the mob and lodged in the breast of Peter Frank, aged 16, who was sitting

in the doorway of his father's house. The citizen members of the posse comjtatus had their first experience with active service today when several companies were assigned for guard duty at the Park Avenue, Easton Avenue and Southern Electric power-houses of the Transit Company.

While on guard duty the members of the posse will be subject to strict military discipline. Those not on guard will be held in reserve at the different police stations. Barracks have been provided for those already sworn in, and there the men will eat and sleep when off duty. None of the deputies will be sent out to guard the cars, the police being retained for that service. The work of summoning and swearing in additional deputies continues. All but two or three divisions of the

Transit system operated cars today. Interference with passengers in some sections of the city by strike sympathizers is becoming serious. It is as much as a person's life is worth to get off a street car along South Broadway, you should fix their value and enact Men, women and children join in the assault on any one caught riding on the cars-sticks, stones and fists being used
