

AS YOUTSEY TOLD IT His Version of the Murder of Goebel.

ARTHUR GOEBEL'S STORY

On the Witness Stand He Relates a Conversation He Had with the Prisoner in Jail a Few Hours After His Arrest—Youtsey Turned His Back When Howard Fired the Fatal Bullet at Goebel.

Georgetown, Ky., Oct. 15.—The trial of Henry Youtsey was resumed again today although the defendant was reported by the physicians to be no better. Judge Cantrell ruled that under the code he had no discretion, but must order the trial to proceed even if the defendant was in such a condition that he could not confer with and advise his attorneys. The sensational feature of the day was the testimony of Arthur Goebel, the younger brother of the murdered man. He was clear and concise in his language and emphatic in manner when he told of his visit to Youtsey in jail a few hours after his arrest. He detailed minutely his conversation with Youtsey, and in substance said:

"Youtsey told me that he went to Governor Taylor January 29th, and told him that Tallow Dick Combs had been secured to fire the shot; that Taylor objected to a negro firing the shot, so the negro might be a spy; that he (Youtsey) went to Taylor the next day, January 30, and told him that Jim Howard had come to fire the shot; that Taylor asked if he thought the cabinet was in a hurry to go ahead, and finally told Youtsey: 'Tell them to go ahead,' that he (Youtsey) had gotten the key to Caleb Powers' private office from John Powers, January 29, and on the morning of January 30, after a talk with Taylor, Mr. Jim Howard, Berry Howard and Tallow Dick Combs into the public office, gave Jim Howard the rifle and several cartridges and stood at the door when the shot was fired, with his back to the front window, and said he did not see who fired the shot."

The witness impressed the audience greatly and they gave him rapt attention.

Wharton Golden testified that he saw John Powers give Youtsey a key January 29, and that Powers said it was the key to Caleb's private office.

W. H. Cullton told of several conversations with Youtsey in which a plan to kill Goebel was mentioned; that after the shooting Youtsey asked him to swear that he (Youtsey) was in the legislative building when the shot was fired, but he declared that Youtsey told him in some time after the shooting that Governor Taylor had been urging him to leave the State; that he (Cullton) told Taylor what Youtsey said and Taylor denied it in Youtsey's presence. Youtsey only smiled and Taylor told him in future to deny all knowledge of the shooting.

The defense have summoned Jim Howard from the Frankfort jail to testify. He will be here Wednesday. The Commonwealth closed its case to-night after the cross-examination of Cullton. Court adjourned until tomorrow morning to consider as to making a statement to the jury. Youtsey's condition remains the same.

PREPARED FOR BRYAN

New York Arrangements Made on a Large and Grand Scale.

New York, Oct. 15.—The most elaborate preparations have been made by the police for the Bryan meeting tomorrow evening. According to orders sent out tonight by Chief Devery, something like 3,500 policemen will be on duty in and about Madison Square Garden until the meeting there is over. In addition to this army of uniformed men all of the precinct detectives in plain clothes will be stationed at places where they are likely to be needed. Patrol wagons and ambulances will be in readiness, and inside the garden there will be established an emergency hospital ready to receive those overcome by heat or crowding. Bryan's official arrival is timed for 1:55 o'clock at the Grand Central Station. The Tammany Hall reception committee, headed by Richard Croker, chairman, will meet the distinguished Bryan. Captain Price will have charge of the police at the station. When Mr. Bryan appears, a mounted escort, consisting of one sergeant, two roundsmen and seventy-five police, will escort him to the Hoffman House, where Captain Thomas, with a squad of patrolmen, will be stationed. At 5 p. m. a big dinner is to be served in the Moorish room. The magnificent floral piece in the center of the table will be sent to Mrs. Bryan. There will be about twenty-five or thirty guests. Those invited to the dinner, as far as is known are: James K. McGinnis, of the State Committee; ex-Senator Murphy, John B. Stanchfield, William F. Mackey, Edward M. Shepard, Elliot Danforth, Senator Grady, Augustine Thomas, Charles N. Bulger, George Raines of Rochester, Franklin Quinby, Thomas C. O'Sullivan, John W. Keller, Judge George F. Roesch, ex-Judge George M. Van Hoesen and ex-Representative John De Witt Warner. There will probably be a few others, but their names have not been announced as yet.

About Madison Square Garden, both Twenty-sixth and Twenty-seventh streets will be kept clear of people all the evening until Mr. Bryan has left.

The box seats there will be reserved until 7 o'clock. Those who come late cannot count on their seats. At the Garden will be Deputy Chief Cortright in command, Inspector Brooks, a captain, ten sergeants, eighteen roundsmen and five hundred and eighty-five patrolmen outside the Garden and two hundred more inside. Besides, there will be a mounted reserve of five captains, three sergeants, eleven roundsmen and nineteen patrolmen. No such preparations to receive a private citizen were ever before made in New York, as no such crowd to welcome him, running up into the hundreds of thousands, was ever before anticipated.

MULLER SURRENDERS

Boer Commando Surrounded and Under Fire on Swart Kop.

Pretoria, Oct. 15.—Commandant Muller and a number of burghers, has surrendered to the British at Sanderton. The remainder of the commando, it is said, intended to hold out until yesterday when they would also surrender. They were not joined by a large force of Americans, who, it was said, would arrive that day to aid them. The Boers have burned a number of farm houses in the Sanderton district belonging to Englishmen. Clements have surrounded a commando on Swart Kop, and it is expected that the whole force will be captured. The British, at last reports, were shelling them and had killed and wounded a number. Some prisoners have been taken. Generals Barton and Clements fought for three days to drive the Boers into the position they are trying to hold. At a meeting of the executive committee of the Johannesburg Caledonian Society, it was resolved to apply to the military authorities for permission to raise a regiment to be known as the Transvaal Scottish volunteers. The idea is to have complete military units mounted and foot soldiers and artillery.

COMES OUT FOR BRYAN

President of University of New York Joins the Anti-Imperialists.

New York, Oct. 15.—President Albert Ross Parsons, of the University of the State of New York, has cast his lot with Bryan, along with the anti-imperialists. He became an honorary member of the New York State Association of Anti-Imperialist Clubs today. Mr. Parsons is a patriot and a practical student of American history. He has been informed of the objects of the National Association of Anti-Imperialist Clubs, and the State and city associations, he wrote to C. C. Hughes, secretary of the National Association, to express his thorough concurrence with the principles of anti-imperialism. In view of Mr. Parsons' well-known interest in the welfare of his country, his membership was made honorary. Following is the letter received from Mr. Parsons by Mr. C. C. Hughes: "Dear Sir—I have to thank you for proposing to me for honorary membership in the National Association of Anti-Imperialist Clubs. It has long been clear to me that the manifest destiny heresy had crept into the Sons of the Revolution and similar patriotic societies to such an extent that the counsels of the fathers of the republic were practically regarded as piously revered relics of an outgrown past. Since these organizations have failed to take aggressive action towards the maintenance and enforcement of the basic principles upon which the republic was founded, and upon which the hopes of its founders rested, it is gratifying to see the Anti-Imperialist Association rise to perform the patriotic duty which our hereditary societies have confounded with political expediency. I am glad to see that the military society of our country still continues publicly to represent the principles of the father of the republic, and its influence is restricted to the compulsory ending of the articles of the association at public meetings of the society on the Fourth of July annually, in which articles the aforesaid principles are clearly and fully declared."

KWANG SU CHANGES PLANS

The Emperor of China Decides to Return to Peking at Once.

Washington, Oct. 15.—Secretary Hay today received from Minister Conger, a long message stating that as a result of the influence brought to bear on Emperor Kwang Su, and in view of the protestations of the United States government, the Emperor has decided to change his plans and will proceed to Peking at once, where he will occupy the imperial palace. The cabinet further states that the Dowager Empress has refused to enter the imperial city while the allies remain, and she will make her court at Singan-Fu.

Following the policy adopted two weeks ago, the text of the message was not made public, but it was admitted that it states that the Emperor's plans include the proviso that he be permitted to take with him his body-guard, consisting of two hundred of the flower of the Chinese army. It is claimed that he does not fear personal injury, but desires the guard so he may enforce his orders and may arrest and secure Prince Tuan and take him to public execution.

The Emperor is expected to arrive at Peking within the present week. Mr. Conger has reported to the State Department that the cabinet has decided last week, and withheld, that the representatives of the allied powers in Peking will be satisfied with the plan of the Emperor if carried out, and that the execution of Prince Tuan will serve to bring further inquiries as to his accomplices until the question of indemnity has been settled and the imperial government restored, when Kwang Su will be held responsible for the further investigation of crimes and the punishment of offenders.

It is now thought that no attempt will be made to continue peace negotiations until the Emperor has arrived, when his presence and promised immediate action will serve to placate the warring representatives and to bring about an agreement for the punishment of the accomplices of Tuan, when order shall have been restored.

REPORT FROM GUAM

Prospectors Preparing to Exploit Underdeveloped Parts of the Island.

Washington, Oct. 15.—The first reports from Commander Seaton Schroeder, United States navy, since his assumption of the duties of governor of the island of Guam, have been received at the Navy Department. He says that the Western Commercial Company has bought 4,000 acres of pasture land in Guam and is preparing to exploit the undeveloped portions of the island. This company wanted to bring in bonded labor contract, but Commander Schroeder refused to grant the request, because of the prohibition of contract labor in the United States.

Hospitals in the island have been opened by the governor for the reception of all patients without charge, and persons suffering from disease are invited and urged to go to them for free treatment.

A governor of one of the political divisions of Guam was found to be using public roads laborers on his own property. He believed that this was a Spanish custom and he did not know he was doing wrong. He was removed and punished.

The health of the American contingent was fairly good at the date of the report.

ON AMERICAN SIDE

Important Fact Ascertained in Tracing Boundary in Mt. Baker District.

Vancouver, B. C., Oct. 16.—C. C. Dean, who was commissioned by the Canadian government to define the boundary line in the Mount Baker district, has finished his labor, and finds that most of the contentions of the Americans were correct. He finds that every mine in the district is on the American side of the line. He reports, however, that the Americans have taken a post stuck in the ground in a certain locality as designedly planted there to define the boundary, when the post is really a mile from the boundary; that Canada has a mile more territory north of the forty-ninth parallel than many United States residents believed. The territory is barren and rocky and no minerals have yet been discovered in it.

TROUBLE WITH COTTON

State Chemist Will Make Microscopic Examinations of Specimens.

State Chemist Kilgore returned last night from Robeson county, where he went to investigate certain cotton crop conditions it having been reported to the Agricultural Department here that from some unknown cause large patches of cotton in quite a number of fields were dying prematurely. The locality where this cotton is complained of is near Palis on the Seaboard Air Line. Prof. Kilgore spent yesterday forenoon inspecting some of these "infected" fields and brought back with him last night a goodly bundle of cotton stalks which will be subjected to microscopic inspection with a view to discovering the cause of and remedy for the trouble. While he has as yet formed no opinion as to the trouble Prof. Kilgore says that he is sure that it is not due to the presence of any insect.

Protest Against Big Schooners

Washington, Oct. 15.—At a special meeting of the Retail Liquor Dealers Association resolutions were adopted protesting against the sale of a quart glass of beer, as practiced by some saloon keepers, on the ground that it demoralizes the business, brings together a bad element and causes drunkenness.

Jimmy Struck Is Rich

Berkley Springs, W. Va., Oct. 15.—Jimmy Adams, 22 years old, has returned from the Klondyke with \$200,000 in possessions worth \$5,000,000. Adams left here two years ago on a gold train. He returned in a private car hauled by a leased locomotive.

MARCUS IN THE ANANIAS CLASS

Webster Davis Speaks His Mind Freely in Regard to Chairman Hanna.

Cumberland, Md., Oct. 15.—Webster Davis, who resigned his position under the present administration as assistant secretary of the interior, addressed a monster Democratic mass-meeting here tonight and publicly contradicted the statement made by one Storey and reported by Hanna in his speech. He said that he would class himself with other liars, and that Storey was not permitted to enter the hall because the British were because the British would allow no one to enter who did not sympathize with them for fear they would betray their secrets. He said he was not surprised, for Hanna and his corrupt gang played into the hands of the British and looked the bloody British boots for gold, and that the British had millions, and had been out for plunder he would not have sold the title band of ragged farmers fighting for liberty. He said that when he was coming back to America to plead with the administration in behalf of the Boers, prominent British people approached him and said if he would make speech in their behalf he could name his price. He said in thunder tones that the blood of the Boers was on the hands of William McKinley. The people were on to Hanna and he could not fool the people. Nothing but death could prevent Bryan's election.

BUDD GETS OF LIGHT

He Was Led Astray by Waryard Boys, Which Fact Saved Him

Bryan Budd, the young white boy from Durham who chased several young ladies in North Raleigh Saturday night with an ugly knife in his hand, was arraigned before the mayor yesterday. The parents of the young ladies who were frightened appeared before the mayor and asked that the prosecution be dropped. It was learned that Budd is of a good family and that soon after his arrival here Saturday several boys gave him some whisky, which put rash ideas in his head. The mayor accordingly let him off with a fine of \$12.25.

The number of domestic mail routes increased from 22,053 to 33,163,056, an increase of 9,200,107, while the volume of business increased from \$363,008,921 to \$564,730,813, an increase of \$141,781,336. Secret Societies Continue Active

Shanghai, Oct. 15.—Hang Yi, president of the board of war, is reported to be dangerously sick at Weiss on the road to Singan Fu. General Yung Lu has gone to Singan Fu to join the court. SENATOR JONES CANNOT BELIEVE IT WAS MADE IN SINCERITY

Chicago, Oct. 15.—Senator James K. Jones, chairman of the Democratic national committee, commented today on Vice-Chairman Henry C. Payne's election forecast as follows: "His claim," he said, "that California, Connecticut, Indiana, Illinois, Kansas, Minnesota, New York, New Jersey, North Dakota, South Dakota, Ohio, West Virginia, Wisconsin, Wyoming and several other States will go for McKinley in the coming election is absurd, and any intelligent man who knows anything about the situation is bound to know it. He claims even chances in Delaware, Kentucky, Maryland, Nebraska, Nevada and Utah. I only wonder he did not include Texas, Arkansas, Georgia and Mississippi also in his list. Montana is as certainly a Republican State as some of the others on his list, and Montana will go for Bryan by 20,000 to 30,000 majority. I cannot believe that Mr. Payne is sincere."

EARTHQUAKE AN SKAQUAY

The Waves Recorded at Victoria at the Moment of the Shock

Victoria, B. C., Oct. 15.—A severe shock of earthquake occurred at Skaguay last Tuesday, lasting from 2:30 to 3 a. m. According to news by the steamer Anur, which returned this afternoon. The shock was not as serious as the heavy quakes of September last year, when some of the glaciers were shattered, but it was universally felt on Lynn Canal, and in the immediate vicinity. Whether it was felt along the coast or in the interior could not be learned. A noteworthy incident in connection with the earthquake is the fact that at the identical time it occurred at Skaguay, it was recorded by the seismographic apparatus modelled by Prof. Milnes, established in this city. This machine made a photographic reproduction of the waves from the shock the same time as the earthquake took place.

Hundreds of the stricken people have left the devastated county, and it is stated that many more will leave unless relief comes quickly to them.

A Plain Statement of the Facts as They Are OUR POSITION:

We have come to the fork in the road. Shall we sink principle, decency, business integrity and follow the crowd down the dangerous lane of cheapness? Or shall we keep on alone along the avenue of quality that we've been traveling these many years? It doesn't take us a minute to make up our minds. Quality shall rule this store in the future as it has in the past. We cannot afford to turn traitor to the confidence of a community that has rewarded us because of our fidelity. We are not tutored in underhand methods. We will not play the role of commercial hypocrites. We'll stand by our colors. We'll give Raleigh One Clothing Store Where a Dollar Has a Standard—Where Value is a Known Quantity—Where Honesty of Word and Deed is a Rule. We can sell quality at a less price than others, because we buy them for less and in larger quantities; because we are content with less profit. BUT WE WILL BUY AND SELL NOTHING BUT QUALITY. The shoddy that's made for the sensation mongers can have no place on our counters— shall never be dignified with a Berwanger label. We shall sell clothing that is worthy of the name—worthy of your fullest faith—worthy of us. We'll start our prices as low as we can and squarely toe the line of worthfulness.

We Know We're on the Right Track

We're doing more business this season than ever before, and this sets us still firmer in our determination to stand by quality through thick and thin.
