SPEAKS IN PHILADELPHIA

Fifty Thousand Jerseymen Greet Him at Washington Park—He Tells Them He Feels Sure of Being Elected Because He is Convinced that He is Right—Pennsylvania Railroad Objects to Rear Platform Speeches

Philadelphia, Oct. 25.—William J. Bryan arrived in this city at 9:25 o'clock this morning from Wilmington, Del., where he spent the night after his trip through Maryland and Delaware yesterday.

Mr. Bryan was escorted by the Democratic city committee of Philadelphia. When he arrived at the Broad Street station of the Pennsylvania railroad he was greeted by a mass of people that jammed the big train floor so completely that there was scarcely room for his party to make its way to the street.

The streets surrounding the station were also crowded with thousands of people curious to see the Democratic candidate. Mr. Bryan was taken to a hotel close to the station, where he was to rest for a couple of hours before beginning his tour of New Jersey.

testing purposes. Before being closed the temperature was taken and found to be only 64 degrees, which is considerably low, as the temperature of many magazines averages 90 degrees.

At 10:15 o'clock there came a terrific explosion, and the magazine was blown out of the ground. The explosion set fire today to the filling house, a frame structure, about 100 feet away, and a small photograph house, about 600 feet distant.

The living quarters of the officers and men are located about 600 yards from the magazine and were not damaged, save for the breaking of windows.
