

# Colleges Are Invited To Become Members

### The Association of Academies Finished its Work Yesterday and Adjourned--The New Officers Elected

The Association of Academies completed the work of its fifth annual session yesterday at 1 p. m., after electing as officers for the next year Prof. John Graham, principal of Warrenton Academy, president; Prof. A. F. Sams, principal of Cary High School, vice president, and K. L. Madison, principal of Chowhee High School, secretary and treasurer.

The exercises of the day began with prayer by Prof. Graham, following which the secretary made his report. This report shows that there are sixty-two high schools in the association, and a membership of more than one hundred and fifty.

The following resolutions introduced by Prof. J. A. Holt were unanimously adopted:

Whereas, representatives from some of the colleges of the State have indicated a desire to enter this association and to cooperate with us in matters pertaining to higher education in the State; therefore be it resolved

1. That it is the sense of this association that the University and those colleges which have a distinct collegiate curriculum be invited to become members of this association under a broad constitution which shall be framed when as many as three such institutions shall send delegates to cooperate in its formation;

2. That the president and the secretary elect of this association together with a committee of three to be appointed by the retiring president constitute a committee of invitation to acquaint the colleges with this action and to urge their cooperation in the formation of the new or enlarged association. The retiring president appointed as the other members of this committee Profs. J. C. Horner, J. A. Holt, and W. T. Whitsett.

The report of the committee on course of study and college entrance requirements was then by resolution adopted as expressing the idea the association has of a proper standard. The full report appeared in yesterday's paper. It

was decided to consider, at the Teachers' Association as provided for by Prof. Holt's resolutions.

Resolutions of thanks were adopted expressing appreciation for the courtesies extended by the city and State, press, the Yarrowhouse, and the railroads.

Resolutions of sympathy for Prof. John E. Kelly, former president of the association, were unanimously passed, upon the statement by Prof. Marston that the former had been for some time past in ill health.

Dr. W. T. Whitsett introduced a resolution commendatory of the State Literary and Historical Association and pledging the assistance of the academy men in behalf of that important organization.

Subsequently, Dr. Whitsett made a most interesting talk concerning the educational outlook. He is the originator of the Association and one of its strongest members.

His Excellency, Hon. Chas. B. Aycock, "The Apostle of Education" in North Carolina was among the visitors at the morning session, and responded to an invitation from the president, making some happy and timely remarks. He declared that there was room in North Carolina for all classes of educational workers and expressed himself hopefully regarding the outcome of the present crusade against ignorance. He did not favor compulsory education, but rather the creation of a sentiment so strongly in favor of universal education that every child in the State would be reached by the schools. The governor felicitated the Association of Academies upon their unselfish labors and remarked that no agency in the State was doing so much good for so little remuneration as the academy teachers.

This session of the Association of Academies, while not as largely attended as some previous meetings, has been, in the estimation of some of the oldest and most thoughtful members, one of the most successful of its gatherings and one that promises, as results from its action upon several vital questions, the early accomplishment of the Association's highest objects and dearest hopes.

Principal T. C. Henderson of the Croatan Normal School, read a most interesting and valuable paper upon "Indian Education in North Carolina." He was listened to with close attention and received many compliments.

# "Judge Lynch" Took Jurisdiction of the Case

### Governor Ordered Special Court for Northampton to Try a Fiend But It Wasn't Heeded

Governor Aycock issued an order and commission yesterday morning for Judge Justice to hold a special term of the Northampton county criminal court for the purpose of trying the negro Jeter Mitchell, for the crime of criminal assault upon Mrs. Lucinda Hall, but before the documents left the city news was received that an infuriated squad of citizens had given "Judge Lynch" jurisdiction and Jeter Mitchell had already suffered the death penalty, having been hung to a neighboring tree.

Mr. L. R. Harris was here to get the order for the extraordinary session of court and he had the order and Judge Justice's commission in his pocket ready to return home when he received a telegram stating that the negro had been

lynched and the court would not be needed.

In speaking of the crime of which the negro was guilty Mr. Harris said that Mrs. Lucinda Hall, a white lady seventy years old, and of the best families in Eastern Carolina, started from her home over to her son's house, about half a mile away on Christmas day. The path led through a little skirt of woods and in this lonely place she was assaulted by the fiend, who choked her and succeeded in his diabolical purpose. The outrage occurred near Garysburg.

The news of the crime spread quickly and Mitchell was arrested within two hours and positively identified as the criminal. He was then placed in the Jackson jail. Sentiment ran high in righteous indignation and last night he was lynched.

It is generally pronounced very unfortunate that the lynching occurred, especially inasmuch as the Northampton authorities and Governor Aycock were taking steps to mete out the most speedy justice possible to the criminal.
