It's Really Remarkable

How Many Men Sacrifice Their Money to a False Pride . . .

We know numbers of them who have their clothes made to measure simply because they desire to be able to show their friends the tailor's label, so as to prove their disdain for anything that is not made "especially" for them. We almost despair of converting this class to the Stein Bloch idea. But, you who are sensible, we want you to come to us and let us show you

OUR LINE OF SUITS.

You can readily compare them with regard to fit, cloth, quality, tailoring and style with those that your tailor has made to your measure. Comparison with the ordinary ready-made clothing would make the latter look like less than the now proverbial "thirty cents."
