Arrangements Complete for the State Convention

Judge Adams Will Accept the Indian Territory Position. Merry Time Expected at Winston

Greensboro, N. C., July 9.—Special.—Hon. A. J. Burton, a prominent candidate for judge of his district, is in the city today. When asked as to his prospects he said that he was not actively participating in the contest, but from assurances received from friends in all parts of the district they seemed pretty good for his nomination at the convention to be held in Winston next Wednesday. Every county in the district has a candidate for judge, except Wilkes and Forsyth, and four of them have two candidates for judge and two for solicitor, while one of two counties have one candidate for judge or solicitor. To a practical politician, it will thus be seen that there is going to be everything is getting in shape for the State Democratic Convention now only one week off. The executive committee, appointed by Mayor Osborne to make the necessary arrangements have made good progress. It is composed of such excellent material as A. M. Stables, P. D. Gold, Jr. and John N. Wilson, and no stone has been left unturned to secure the very best arrangements possible for the entertainment and comfort of all who come. The necessary funds were raised a week ago, in one day's canvass by a sub-committee composed of Messrs. A. B. Kimball, C. G. Wright and others. Rotary fans have been placed in the opera house, these dropped from the ceiling, while desk fans have been placed on the walls and the stage of the large auditorium. These have been connected with the Greensboro Electric Company wires. Cool air will also be pumped into the building by a patented air dispenser. The very best of mineral water has been provided, through the generosity of the Verde Mecca Springs, and the committee has made arrangements for publishing a hotel and boarding house directory with the rates of each, a headquarters of information, in addition, will be at a convenient point to the depot. A corps of efficient pages or messenger boys has been organized, and they will be at the service of all visitors free of charge. The committee and everybody here are determined that in addition to the excellent hotel facilities here, delegates to the convention and all others who come, will go away wishing they had longer to stay. Among seven of the principal hotels here the following list, with sleeping

rooms attached will give some idea of Greensboro's capacity to house people: Renbow, 140; Guilford, 91; McAdoo, 63; Clegg, 63; Huffines, 41; Allen House, 20; Central, 18.

The news that Senator Simmons had named Hon. A. M. Stables chairman of the Democratic executive committee of Guilford county, as temporary chairman of the state convention was received here with great satisfaction. Had he searched the whole state over, he would not have found a more capable presiding officer.

Judge Spencer B. Adams tells me that he has decided to accept the chief justiceship of the Indian Territory Court. He has received a copy of the bill creating the court, and finds that he will be required to organize the court at once. He is only waiting now to receive his certificate of appointment from the president, and his salary will begin from that date. Judge Adams says he has found that there are fewer full blooded Indians in that country than in Kansas, there being less than 10,000 "blanket" Indians there, the rest being mixed with all nationalities, highly civilized and most of them wealthy. He received a telegram at 12 o'clock today which may cause him to leave sooner than he had intended. The message was from Attorney General Knox, asking an immediate conference with him and the judge left on the 1:10 north bound train, via Richmond, to fill the engagement.

TYRRELL COUNTY Resolutions Adopted Endorsing Clark and Brown

Columbia, N. C., July 4. Correspondence of The Morning Post.

I wired you this evening as follows: "The Democratic convention of Tyrrell county met here today and elected delegates to the State, Congressional, Judicial and Senatorial conventions. J. A. Spruill was selected to preside and the meeting was harmonious. Resolutions were unanimously adopted endorsing Walter Clark for Chief Justice, George H. Brown for Associate Justice, first, last and all the time, and Joe A. Spruill for Senator for the Second district. For some accountable reason a resolution to endorse George W. Ward for solicitor was defeated. Convention to put out a county ticket will be called later."

Disbrow Held for Murder

Good Ground, N. Y., July 8.—Louis A. Disbrow will have to defend himself before a jury on the charge of murdering Clarence Foster and Sarah Ray

Lawrence in Tinnia Bay on the morning of June 10. After a session full of dramatic incidents the examination of the young man came to an end today. Justice Foster holding him without bail to await the action of the Suffolk county grand jury which meets at Riverhead next September. When the decision of the court was announced there was a remarkable scene in the court room. Men and women cheered and stamped on the floor and all the efforts of Sheriff Wells and his deputies to stop the demonstration failed.

LINDSAY PATTERSON FOR CHIEF JUSTICE

It is Reported That Republicans Will Offer Him the Nomination

Winston-Salem, N. C., July 9.—Special.—It is given out here today that the Republicans will offer Mr. Lindsay Patterson, a prominent lawyer here, the nomination for chief justice of the North Carolina Supreme Court. When questioned about the rumor today Mr. Patterson admitted that he had heard such a report but stated that he knew nothing official.

Mr. Patterson was first a Republican, but became a Democrat when President Cleveland was first nominated. He was a candidate for presidential elector on the Palmer-Buckner ticket in 1893. It is certain that he would attract a large part of the independent Democratic vote should he be nominated for chief justice.

The Powers Will Vacate

Washington, July 9.—Secretary Hay's prompt action upon the appeal of the Chinese government, through Yuen-Shi-Kai and Minister Wu, relative to the evacuation of Tientsin, has met with success. The foreign gentry who have stood in the way of the evacuation will receive their instructions from their home governments and, although one or two minor points remain to be adjusted, it is believed that Tientsin will soon be turned over to Chinese authorities.

Not One Escaped

St. Joseph, Mo., July 9.—Forty prisoners confined in the county jail made a daring attempt at escape today by blowing out the rear end of the jail with dynamite. The building was badly wrecked and one wing of the court house shattered. The prisoners had secreted themselves in their cells and none of them was injured. Jailor Thomas rushed to the scene the minute the explosion occurred, and revolver in hand, guarded the hole torn out by the explosion until assistance could be had, thus frustrating a wholesale delivery. Not a prisoner got away.

SIMMONS WILL REPLY TO PRITCHARD

Article May Be Expected Tomorrow Morning

In answer to an inquiry yesterday Chairman Simmons said he would reply to the fulminations of Senator Pritchard, published yesterday morning.

Mr. Pritchard's article was read with interest throughout the state yesterday by men of all parties, and was the subject of much comment. Mr. Simmons' reply will appear tomorrow morning and will be eagerly looked for.

Virginia-Carolina Profits

New York, July 9.—The annual report of the Virginia-Carolina Chemical Company, which appeared in Wall street today, shows that the earnings on the common stock (on shares outstanding) is equal to 12½ per cent on that issue.

MOREHEAD CITY

Mrs. T. S. Kenan Gives a Brilliant Social Function

Morehead City, N. C., July 9. Correspondence of The Morning Post.

The most brilliant function of the season transpired here last night when Mrs. Thomas S. Kenan of Raleigh whose social distinction is easily recognized wherever she goes, gave a progressive euchre party to her niece, Miss Bessie Dortch of Aberdeen, Miss.

Miss Dortch is an unusually pretty creature—neither blonde nor yet brunette—with large expressive brown eyes and an exquisite mouth, with fine white teeth. Somewhat in personal appearance, and decidedly in a certain ineffable charm of manner, she strongly resembles her distinguished aunt. Miss Dortch was charmingly attired in white satin, and was altogether a delightful hostess.

Mrs. Kenan wore a superb gown of black lace, interwoven with sprays of jet and turquoise with diamond ornaments.

Mrs. Gray of Alabama, wore a beautiful creation of white silk and chiffon with diamonds and rubies. Mrs. Jas. Bryan, as on all occasions was a marked figure, wearing black lace, glittering with jet from throat to her hem; diamond ornaments. Mrs. Basil Manly of New Bern, indeed regal in black silk gauze, and elaborate corsage garniture of rare old round point. Mrs. Gov. Jarvis handsomely gowned, wearing diamond ornaments and her imperial decoration, was the center of much attention, as she received the booby prize from Mr. Jno. L. Morehead, whose fine voice and personal appearance lent emphasis to the occasion, as he made the

presentation in a neat little address, while Mrs. Bryan bore off the consolation.

We regret that space will not permit us to enter into a full description of the large number of beautifully attired women and gentlemen in full dress, who had been invited to participate in the game, in return for marked courtesies extended to Miss Dortch, since her arrival among us. This entertainment though a "thing of beauty" could not be a joy forever. The game began promptly at 10:30 with a large addition of pretty girls and gay gallants; one of the most striking couples being Miss Merrimon of Guilford a grand-daughter of the late Chief Justice Merrimon, with Mr. Wilson of Matyland.
