

# North Carolina Farmers' State Association

### Call Issued for Annual Meeting in Raleigh, Wednesday, Sept. 3rd—Its Work

The first annual meeting of the North Carolina Farmers' State Association is called to be held in the auditorium of the agricultural building in the city of Raleigh on September 3rd, instead of the third Tuesday in August, the date selected by resolution last January. The following circular letter signed by R. H. Speight, president, and T. B. Parham, secretary of the association, was issued yesterday:

"To the Farmers of North Carolina:

"At the January meeting of the North Carolina Farmers' State Association, a resolution was adopted that the annual meeting of the association be held the third Tuesday in August. Commissioner S. L. Patterson, who is a member of the executive committee of the association, informs us that he will be away, engaged in institute work at that time, and the following week will be in attendance at the meeting of the Cotton States Association of Commissioners of Agriculture in Nashville, Tenn. Therefore, it is thought best to hold the annual meeting of the State Farmers' Association on Wednesday, September 3, in the auditorium of the agricultural building in the city of Raleigh, beginning at eleven o'clock a. m. It is to be hoped that every county in the State will be represented at that meeting. We hope to secure reduced rates over the different railroads for the occasion.

"When this association first met in September, 1901, to take in consideration the cotton seed situation, and devise plans by which a better price could be obtained for them, and by resolution declared that under existing conditions

cotton seed should not be sold for less than 25 cents per bushel for cash, nor exchanged for cotton seed meal for less than 1,333 pounds of meal for one ton of seed, it demonstrated the power of concerted action; for by that resolution it established a price that resulted in untold benefit to the cotton farmers of the South. While some derided the action of the convention, and said that it was composed of people who did not know what they were doing, others had confidence in their judgment and stood by the action of the association. The farmers who refused to take part in the meetings, and continued to sell their cotton seed as fast as ginned, received from 18 to 21 cents per bushel for them while those who abided by the action of the association, received from 25 cents to 27 cents per bushel for theirs. This very fact should give the farmers of the State confidence in the association, and cause them to take an active part in its workings.

"For the purpose of a complete organization and thorough representation at the State meeting, we suggest that township meetings be held on Saturday August 23, at the usual place for holding township meetings, and that county meetings be held Saturday, August 30, at the court house, at 12 o'clock, and then select delegates to attend the State meeting.

"This association is of too much importance to the farmers of the State for its meetings to be neglected by them. Let them show their interest in the work, and their determination to succeed by attending these meetings in large numbers. The secretary will gladly furnish constitutions and membership rolls to any one desiring them. Remember this association is in the interest of all classes of farmers, whether cotton, tobacco, grain or truck farmers, therefore all are cordially invited and urged to attend."

## POSTSCRIPTS

Mr. A. J. York of Concord spent last night in the city.

Mr. W. C. Bain of Greensboro is in the city on business.

Mr. A. B. Andrews, Jr., returned to the city yesterday afternoon.

Messrs. Geo. W. Connor and H. G. Connor, Jr., of Wilson are guests at the Yarborough.

Mrs. G. A. Strickland left last night for High Point where she was summoned on account of the death of her father.

Rev. J. L. Foster returned yesterday from Franklin and Granville counties where he conducted successful revival services.

Mr. Charles C. Johnson, of the Raleigh Electric Company, has rented the residence, No. 404 North Person street and his family will move there at once. They have been living with Col. J. C. L. Harris for some time.

Dr. F. K. Cooke, recently elected to the chair of medicine at Wake Forest College, spent last night in the city on his way to the college to look after some matters preparatory to the inauguration of the medical department when the college opens for the fall session. The outlook he says, is very bright for a goodly number of medical students.

Lieutenant Francis A. Cooke of the United States army spent last night in Raleigh as a guest at the Yarborough. He is spending a furlough with his father, Capt. C. M. Cooke at Louisville. The Franklin Times of this week says: Lieutenant Francis N. Cooke, of the United States army, is spending a short time with his people in Louisville. He has been stationed recently at Fort Leavenworth, Kansas, but for the next 12 months his headquarters will be Fortress Monroe.

## THE EDUCATIONAL CAMPAIGN

Names of Speakers, With Places and Dates, for the Rallies in the Counties

The executive committee of the Educational Board, through its secretary, Superintendent J. C. Brooks, yesterday gave out the following announcement, containing the names of speakers for the rallies of the great educational campaign, and the dates upon which they will speak in the various counties:

"The speakers named below will address the people at the following times and places. The general public is invited to attend the meetings.

"The active friends of education, teachers and other citizens, can greatly aid the cause by securing a large attendance at each appointment. If the people of each community will arrange for a basket picnic, it will add to the pleasure and profit of the occasion.

**CHARLES B. AYCOCK,**  
**JAMES Y. JOYNER,**  
**CHARLES D. McIVER,**

UP-TO-DATE CLOTHIERS AND FURNISHERS.

**A WONDERFUL CHURN**  
The Acme Butter Extractor An Invention That Eclipses All Former Devices for Making Butter

By forcing air through the cream liberates the butter globules as nature forms them. Forcing air through the cream drives out all impurities, and you have a wholesome butter and wholesome milk. The old dash barrel and swing churn process breaks the globules and leaves the fine flavor of the butter to evaporate and the butter to spoil. Our new process leaves the globules unbroken. The separator is unsurpassed as a butter washer. A few turns of the wheel drives all animal matter out of the milk. This new extractor gets from five to ten per cent more butter than any other machine. It is an entire revolution in the art of churning. The temperature for churning differs in different states; 72 degrees for cream and 78 degrees on milk gets the best grain of butter in the Southern and Eastern States. The further north you go, the lower the temperature is to churning. Salt the butter in the brine. Use one ounce of salt to each pound of butter. In sweet milk the whole cream is to be acted upon, and the globules being stronger will bear a higher temperature without injury. In sweet cream you have less casein and the butter globules are exposed and can be freed at a much higher temperature. Whilst cream is composed by acids formed in the milk, the butter globules can be liberated at a much lower temperature. These facts teach us that the curdles that envelop the butter should not be broken. And the longer the cream is allowed to stand, the more tender and more easily bursted. This is not discernible by the eye, but is easily detected by a microscope. By our new process these curdles are not broken, thus insuring keeping qualities. The dasher should be soiled and rinsed in cold water. If the cream swells as it sometimes will when too cold, turn back a few times, and this will prevent it. If too thick, add milk or water until the desired effect is obtained. Wash the butter in water a few degrees colder than the cream, and then you have a fine granulated butter and also a fine aerated butter-milk. To wash the machine, fill the tub with hot water and turn the wheel from the bottom, washes it in a few seconds. Any one can operate it. It is durable, economical and cheap, and will last a lifetime. Every machine guaranteed. Good line agents wanted. Our agents make from \$25 to \$100 a day. Several counter agents wanted. Send for circulars or call on S. M. Young, State agent, Raleigh, N. C. Secure a county before they are all gone. The machine is something new, but it is good. It has taken the premium over every machine wherever shown.

**WILSON COMPANY HAS DISBANDED**  
Failure to Comply with State Guard Regulations

The Wilson Light Infantry has disbanded and is no longer a part of the state guard.

Adjutant General B. S. Royster of Oxford was in the city yesterday and announced this bit of information. Beyond the statement that the company had failed to comply with the laws and regulations governing the state guard, General Royster had nothing to say of the causes leading to this step. It was recommended by Inspector General T. H. Bevin.

The Wilson Light Infantry was known as Company K, Second Regiment, State Guard.

## MASS MEETING OF RALEIGH MASONS

The Post is requested to announce that the chamber of commerce committee on the Masonic temple calls a mass meeting of the Masons of Raleigh for Monday night with the William G. Hill Lodge. At that time there will be a thorough discussion of the matter of inducing the Grand Lodge committee on site to locate the temple in Raleigh. Arrangements will be made at the same time to send a delegation to Goldsboro August 12, when the Grand Lodge temple committee meets there to finally determine upon the location of the temple. Every Mason is urged to be present, as it is of the highest moment that prompt and effective action be taken, such as will overcome all opposition.

**Useful Phone Directory**  
Mr. Fred C. Toppenan of Henderson, one of the most enterprising and industrious men in the telephone business, manager of the Henderson exchange, is compiling a directory of exchanges and toll stations of the Henderson, Carolina Telephone and Telegraph, Carolina, Virginia and Interstate telephone companies, covering practically all territory in this state east of Durham. The book when finished will comprise 200 to 300 pages and be issued in a 5,000 edition. The different companies, exchanges and toll stations are alphabetically arranged and it will be a work of inestimable convenience and value to telephone users throughout the wide territory embraced. This book will come from the press in a few days.

## FUNERAL OF JUDGE BYNUM

Greensboro, N. C., Aug. 8.—Special.—The Presbyterian church of which the late Judge Bynum was a member was filled with people this evening at 5 o'clock when the funeral cortege reached there from his residence. Services were conducted by the pastor, Dr. E. W. Smith, who announced that out of deference to the known wish of the deceased, there would be as simple as possible. The bar and the lodge of Elks attended the obsequies. The choir sang "Rock of Ages" and "Lead, kindly light." A solemn and appropriate prayer was offered. Beautiful floral offerings were banked in the chancel and on the casket. The interment was in Green Hill Cemetery.

**Game to the Last**  
Chicago, Aug. 8.—While on the scaffold today, Lewis G. Toombs made a statement in which he protested his innocence of the murder of Carrie Larsen. He said that time would clear his name of the crime. Toombs died gamely.

## TRIBUTE TO MR. CHAS. M. HICK

(Religious Recorder.)  
Mr. Charles M. Hick of Raleigh, son of Col. J. M. Hick, whose interest in the work of the Baptist State Convention counted so greatly in his life-time, has received a fellowship in physics in the University of Nebraska. Mr. Hick graduated from Wake Forest in 1901, and last year he finished his studies in the Columbia University. He is an excellent Christian young man, and as a man and scholar is very promising. His work in connection with our Raleigh First Baptist church has been marked by both zeal and ability. His friends take pleasure in the recognition and in the opportunity involved in the Nebraska fellowship.

**Welcome for Knights Pythias**  
San Francisco, Aug. 8.—San Francisco is all ready to welcome the Knights of Pythias, thousands of whom are now on their way here to attend the grand convocation of their order. Eighteen special trains are expected to arrive over the Southern Pacific railway and the Ogden route not later than midnight Sunday. Others will come via Los Angeles and several from the north.
