THE STOCK MARKET Lower Prices Throughout the List—Selling Movement Made Animated Trading for a Time

New York, Oct. 6.—The level of prices receded at the opening with larger sales in some of the Pacific and coasts. St. Paul opened wide on the sale of 2,500 shares at 103 1/2 to 106, compared with 103 Saturday, Baltimore and Ohio and Ontario and Western showed some small fractional gains. Otherwise losses were universal.

The Gould group of stocks developed special weakness, which gradually extended to many other points. Declines reached a point in the various Gould stocks, New York Central, Illinois Central and a number of less prominent railroads and specialties. St. Paul fell to 102 1/2 and Louisville, which had advanced 1 1/2, reacted 2 1/2. St. Paul was bought freely at the low level and recovered to 104, causing a slight rally all round. This improvement did not hold long as fresh selling orders appeared at 11 o'clock driving the coasts, Pacifics and Southwesterns to the lowest.

Trading was animated for a time under the influence of a general selling movement which lowered practically every important stock a point or more. In the case of Louisville, St. Louis and San Francisco and Texas and Pacific, the reaction ran to 2 points. Losses were even more severe in the less active stocks, for instance, Consolidated Gas, and Chicago and St. Louis second preferred losing from 2 to 4, Minneapolis and St. Paul 5, Northwestern 6 3/8. Saturdays unfavorable bank statement, combined with 10 per cent. money, caused some closing out of long accounts, and more confident operations by the shorts. The market was dull and slightly above the lowest at noon. Bonds were weak at noon.

Reading recovered 1 1/2 over Saturday, and the rally extended to a point or more in St. Paul, Missouri Pacific and a few other stocks. Renewed selling caused a sudden drop to a lower level than before, declines running to over 2 points in a number of leading stocks, the inactive list, with a few exceptions, particularly in the Southwestern group, some of which were down 3 points. A feverish rally of a point in St. Paul, Louisville, Pennsylvania and Colorado fuel had some effect in steadying the list temporarily.

Money rose again to the highest of the day. Several breaks were made in United States exports lost about 15 the inactive list. Wells Fargo and United States express lost about 15, Lackawanna 7 1/2 and Rock Island and Brooklyn Union gas 6.

Losses reached nearly 4 or over for Texas and Pacific, St. Louis Southwestern, Canadian Pacific, Hoeking Valley sugar and Tennessee coal and 3 or more in St. Louis and San Francisco, Atchison, Southern Pacific, Delaware and Hudson, St. Louis and Colorado fuel. The rally on governing by room shorts carried Reading, St. Paul, Southern Pacific, Louisville and Canadian Pacific to a point or more and the general list a fraction. The closing was active and irregular.

cotton belt, the continued stringency of money, depression at the stock exchange, the continuance of the coal strike predictions of larger receipts at the ports outside selling, the closing of stop orders and the lack of Wall street support or of any support at all aside from the covering of shorts on the decline. Some of the mills of New England are beginning to complain of a scarcity of coal and it is said that some of them may have to close.

BARBEE & CO.'S LETTER: Barbee & Co., Raleigh, N. C., Members New York Cotton Exchange. New York, Oct. 6.—For some unexplained reason the market broke about ten points early today and the influence on sentiment was such that the market failed to recover during the day. It may have been the better weather, it may have been the nervousness in the stock market, or it may have been due to profit taking. The simple explanation is perhaps the easiest. That the market good news on the market all out, a change can be looked for. Improved

Money Markets: New York, Oct. 6.—Money on call strong at 8 @ 10 per cent; prime mercantile paper 6 per cent; sterling exchange steady with actual business in bankers bills at 486.50 for demand and at 483.75 @ 488.50 for sixty days; postal rates 48 1/2 @ 49 and 49 1/2; commercial bills 482.75 @ 483.25; bar silver 50 1/2; Mexican dollars 40 1/2.

Baltimore Stock Market: Baltimore, Oct. 6.—The market closed dull and easy. Seaboard Air Line common stock at 30 opened 1/4 lower and closed at 28 1/2; the preferred at 45 was 1/4 lower. Erie Railroad closes at 67 1/2, opened 1/4 up and closed at 67 1/2; the stock at 13 1/2 opened 1/4 lower and closed at 13 1/2. Nashville Railway bond certificates at 77 1/2 were 1/4 lower.

Cotton: New York, Oct. 6.—The decline in cotton today was due to disappointing cables showing weather at the south, absence of any important frost in the

weather will have an influence for the time, but so very much doubt whether the good weather effects will be as material as sentiment discounts. It will require good weather to pick what option we have this year. Without good weather the grade would be poor. Poor grade and a moderate crop would be a disaster. If receipts fall off before the latter part of this month the world will conclude the crop is moderate and then the buying by speculators will be enough to prevent much of a break. Of course the financial situation is not favorable to a bull market. Future present steady markets mean speculating. A reaction with ups and downs is not out of order. But from all we can learn about the cotton situation there is a great deal to induce buying of spring months around here. Later when the situation becomes clearer and the cotton for sale has been sold, prices could advance easily. As long as speculators keep buying in Texas at 8c there is a possibility of much of a decline from 8 1/2 in New York. Things look somewhat unsettled as well as uncertain, but on substantial declines cotton is to be bought.

New York, Oct. 6.—Estimated port receipts for today: 50,000 bales, against 60,800 last week and 45,625 last year. Estimated receipts for tomorrow: At Galveston 21,000 to 23,000 bales. At Houston, 20,000 to 22,000, against 25,000 last year.

Spots, 4-100 lower; middling uplands 8.90. BARBEE & CO. White Man Turned Yellow: Great consternation was felt by the friends of M. A. Hoxsey of Lexington, Ky., when they saw he was turning yellow. His skin slowly changed color, his eyes, and he suffered terribly. His malady was Yellow Jaundice. He was treated by the best doctors, but without benefit. Then he was advised to try Electric Bilets, the wonderful stomach and liver remedy, and he writes: "After taking two bottles of this wonderful medicine, my liver was wholly cured. A trial proves its matchless merit for all Stomach, Liver and Kidney troubles. Only 50c. Sold by all druggists."

Miners Strike in Alabama: Birmingham, Oct. 6.—Nine hundred miners employed by the Tennessee Coal, Iron and Railway Company at the Dickson strike today, according to reports received by the local officers of the miners' union. The Blue Creek miners to the number of 800 are holding a meeting to decide whether or not they will join the picket line, according to reports of the strikers. The company claims that a large number of the Blue Creek miners are opposed to the picketing and favor continuing a work.

Open to Offers: Washington, Oct. 6.—The secretary of the treasury was asked if he was contemplating the purchase of bonds, to which he replied: "Certain bond dealers have asked if propositions would be considered by the department and they have been told that propositions coming from any source would be considered to the extent of five millions, but that the rate would have to be low if any purchases were made."

Mother and Twin Twins: There was at union station yesterday a pitiful case. In the arms of a woman were twin babies not over three weeks old and not weighing over 7 pounds a piece. The woman's name was Murray and she came here from Michigan to see her brother, who is an operative at one of the cotton mills in this city. On arriving she found her brother out of town, but expected him to arrive during the afternoon, and all day she has remained in the station, caring for her two babies, attracting much attention and sympathy from the passing throng of people.

Adjutant General and Mrs. B. S. Royster arrived from Oxford last night to attend "Mamma Ada About Nothing" at the Academy by Mr. Ciras Hanford.
