## Terrible Atrocities by the Turks in Macedonia

Young and Old Massacred Without Regard to Sex or Station—Inhuman Outrages Are Reported. Fighting in Adrianople

Sofia, Bulgaria, Aug. 24.—There are unconfirmed rumors here that fighting and massacres are proceeding in the streets of Adrianople.

Reports from Monastir, authenticated by the Russian and Austrian consuls, give horrifying details of the massacres and atrocities.

At the village of Armenko the Turks destroyed 150 houses out of a total of 157, and massacred every man, woman and child. The women were subjected to the most horrible atrocities by the soldiers. Eighty revolutionists captured at Krusheve, who were sent in the direction of Monastir in chains, were slaughtered by their guards.

The sanitary condition of Krusheve is described as revolting. The dead are lying in the streets stripped of every garment, the Turks even taking the vestments off the body of a priest.

## DURHAM'S INTERESTS

Matters Which Will Claim the Attention of the Chamber of Commerce

Durham, N. C., Aug. 24.—Special. The Durham chamber of commerce is now beginning the second year of its existence and much important work has been mapped out. The most important is the work to get for Durham more hotel facilities and to take up the matter of freight discrimination. In about two weeks the first meeting of the chamber in the new year will be held and work on these matters will begin at once.

Judge R. W. Winston is president and he has just announced his standing committees who will have charge of the work of the chamber. In giving out the names of those appointed he said that the first work to come before the chamber would be the securing of better hotel facilities. Durham has in the Carolina one of the best hotels in the state, but more hotels are needed, hotels that will give a cheaper rate and also a rate for families. President Winston believes that in a short while this work can be accomplished.

Then the freight discriminations will bring about much work, but it is something that the chamber of commerce has fully decided to take up at once and fight out. There is no doubt

that this section has been greatly discriminated against by the railroad companies in the matter of freight charges. It is said that a package will be carried from Boston to Atlanta, and then back to Durham just as cheap as it will be brought from Boston to Durham. Atlanta and other sections get the benefit of cheaper rates than are given to our people. The entire matter will be investigated and will be laid before the proper authorities who have the power to remedy the evil.

Another special work of the chamber will be looking after immigration from other sections and the care for visitors in the city. A special effort will be made to get more such state meetings as the firemen, said the president, and during the coming year it is hoped to have several of these meetings held. Then excursions will be sought and the excursionists looked after. Durham has a fine street car system and park, and these will be used to influence others to come here for a day. In a short while the chamber will be in handsome new quarters. It has much work to do.

## JOY IN ECLIPSE

### A Bride of Five Days Is Left a Widow

Durham, N. C., Aug. 24.—Special.—A telegram received here this morning announced the sudden death of Dr. Thomas Palmer Wynn, which occurred in New York city. The full particulars of his death have not been learned as yet.

On Wednesday of last week, just five days ago, he led to the marriage altar in this city Miss Alberta Robbins, and it was the young widow who sent the message back telling of her sudden grief. The telegram left New York this morning at 8:09 o'clock and simply stated that Dr. Wynn had died very suddenly of ptomaine poisoning. Nothing else has been heard as yet, although a number of telegrams of inquiry have been sent from here. The story has gained circulation here that he died of ice cream poisoning, but the telegram gives the only authentic information.

It is one of the saddest deaths that has shaken Durham in many a day. The marriage was such a happy affair, and when they boarded cars for their bridal trip through New York state and to Canada they were happy and bade a large number of admiring friends goodbye at the depot. "We are going until Miss Alberta wishes to come back," said the happy bridegroom as the train moved away from the depot.

Dr. Wynn was about 42 or 43 years of age and had a large practice at Tarboro. He met Miss Robbins while she was engaged in teaching music in his town, and the marriage followed. He had a large number of friends among our people, where he has visited on several occasions.

The bride is a daughter of Mr. and Mrs. Charles Robbins in this city and she has one sister.
