

Rescued from Death.

A year ago I suffered with flooding spells which threatened to end my life. I was given up by several doctors when my aunt called to your Wine of Cardui. I felt that it was only a waste of time and money to try it but to my surprise I found the medicine pleasant to take and each month the flow was less until in seven months I was perfectly natural and suffered no pains. You cannot wonder that I am enthusiastic in the praise of your medicine when you know all that it has done for me.

229 Massachusetts Avenue, Indianapolis, Ind., April 2, 1903.
Anabelle Allen
SECRETARY, COSMOPOLITAN CLUB.

WINE of CARDUI

Mrs. Allen made a conservative statement when she wrote that flooding spells threatened to end her life. Every woman should know that flooding if not checked is sure death. It is nothing more nor less than the escaping of the life blood from the body—bleeding to death. Consumption is not so terrible as this awful calamity when it has gotten beyond control. When the doctors had given up Mrs. Allen and when she had no hope, Wine of Cardui checked the terrible waste and saved her life. Besides saving her life Wine of Cardui brought her back to perfect health. Could there be a more complete and conclusive demonstration than this of what Wine of Cardui can do? If Wine of Cardui cured those terrible chronic spells for Mrs. Allen, would it not do the same for you? Menstrual irregularities, bearing down pains, ovarian troubles, suppression, nervousness and headaches and backaches are only less dangerous symptoms of female weakness and Wine of Cardui cures them all—destroys the last trace and brings perfect health. You need not have the greatest faith in Wine of Cardui. Mrs. Allen didn't. Just give it a trial and let Wine of Cardui cure you just as it did Mrs. Allen. All druggists sell \$1.00 bottles Wine of Cardui.

HOTELS AND RESORTS

NO DISPENSARY FOR REIDSVILLE

A Heated Contest Resulted in a Majority of Eleven Against the Innovation

Reidsville, N. C., Sept. 1.—Special. The election for the establishment of dispensary resulted in a majority of eleven against dispensary. Distilleries were defeated by fifty-seven. The greatest excitement has prevailed all day. Every inch of ground was hotly contested. Five people were arrested and placed under bond at the instigation of the dispensaryites under charge of violating contrary to law. One prominent young man who was placed in jail will bring suit against John R. Webster, publisher of Webster's weekly, for having him imprisoned. The campaign was one of the most notable ever conducted in the state. The Weekly, have opposed and favored respectively. Much interest was manifested in the fight by people in all parts of the State.

Saw Mill Hands Will Strike

Washington, N. C., Sept. 1.—Special. Washington will have a large strike on it shands Saturday afternoon. Six hundred negro laborers in the nine lumber, saw and planing mills are ready to announce themselves on strike and walk out. A negro labor agitator is here and has stirred up discord. The strike is for shorter hours and a larger pay scale will probably be asked. Last week there was a strike in a mill here, and as it was a busy work season, concessions were granted.

Death of Mrs. Bassett

Durham, N. C., Sept. 1.—Special. Mrs. M. J. Bassett, relict of the late R. B. Bassett of Goldsboro, and mother of Dr. J. S. Bassett of Trinity College faculty, died at her home in this city this afternoon at 5:40 o'clock. She had been ill but a few days. Malarial fever and brain trouble caused her death. The remains will be taken to her old home in Goldsboro and will be interred Thursday. She left eight children, four sons and four daughters. She was 58 years old.

WEATHER AND CROPS

Conditions the Past Week Were Not Uniformly Favorable

Washington, Sept. 1.—The weekly crop report issued today by the weather bureau says: In the northern districts eastward of the Rocky Mountains, for the week ending Aug. 31 was abnormally cool with excessive rainfall, except over a few limited areas. In the southern states and over northern portions of the central valleys and middle Atlantic states the temperature averaged above the normal and was generally favorable for the advancement of crops although portions of the south Atlantic and east gulf districts suffered from excessive heat. Portions of the south Atlantic and east gulf states, and of Tennessee, southern Missouri, Arkansas and western Texas are in need of rain.

Over the northern portion of the corn belt cool, wet weather has been very unfavorable for the advancement of corn, which is urgently in need of warm dry weather. More favorable conditions prevailed over the southern portion of the corn belt, where the crop has made good progress.

While there has been some improvement in the condition of cotton, mainly in portions of the central districts, the crop as a whole has suffered deterioration, rust and shedding being very general throughout the belt and premature opening in some of the eastern districts where excessive heat proved unfavorable in Texas there has been much shedding, and while boll worms are disappearing and the crop is more promising in the northern counties, the boll weevil continues very destructive in the southwest, central and eastern portions. Picking is now general

throughout the southern districts of the cotton belt. The tobacco crop has suffered some injury from rains in Wisconsin and New York, but elsewhere has experienced no unfavorable conditions. Cutting has progressed satisfactorily.

Ought To be

supplied with the best Flour obtainable or its no fault of hers if the baking isn't good. Some flours produce good bread, some good biscuits, others good pastry.

Miss Margaret Cain has returned from Cava, N. C.

Reception to Faculty and Students
A reception will be tendered the faculty and students of the Baptist

Female University tonight by the Tabernacle Baptist church. The reception will be held at the church from 8 to 10 o'clock. A interesting program has been prepared and seasonable light refreshments will be served.

What is Life?
In the last analysis nobody knows, but we do know that it is under strict law. Abuse that law even slightly, pain results. Irregular living means derangement of the organs, resulting in Constipation, Headache or Liver trouble. Dr. King's New Life Pills quickly re-adjusts this. It's gentle, yet thorough. Only 25c at all druggists.

Disemboweled by a Woman

Winston-Salem, N. C., Sept. 1.—Special.—Douglas Hairston, colored, entered the room of a colored woman named Zell Taylor in West Winston, at one o'clock this morning. He refused to tell his name and the woman picked up a big carving knife and disemboweled him. He ran a block before he fell. He died today. The girl was arrested, but Mayor Eaton says he will release her if evidence is not produced tomorrow showing that she was not justified in assaulting Hairston.

LYNWOOD DARDEN DEAD

Dogs Run Down a Burner of House and Barns

Scotland Neck, N. C., Sept. 1.—Special.—Mr. Lynwood Darden, the young man who was accidentally shot while hunting a few days ago and was carried to Pittman hospital in Tarboro, died here at 5 o'clock yesterday morning. The remains were brought here on the morning train for interment and were interred in the Baptist cemetery yesterday afternoon at 5 o'clock. Rev. M. L. Kesley conducted the burial services. Mr. C. W. Dunn was called to Martin county a few nights ago to hunt down a house burner with his bloodhounds. The barns and stables of a colored man were fired and while they were making efforts to save them the dwelling was set on fire. The hounds tracked another colored man to his home, and the general feeling of all the colored people in the community was that he was the guilty one, as all other colored people about were at the fire, and there has been a feud between the man whose house was fired and the man whom the dogs hunted down. He was arrested and sent to Williamston jail.

New machinery, gasoline and steam engines and boilers, all styles and sizes. Saw mills, edgers, resaws, planers gins, presses, grist mills, water wheels, hydraulic rams, brick and tile mills, pumps, heaters, exhaust heads, oil filters, "Sims" low water alarms, "Adkins" saws, iron and wood lathes, hoisting machinery, marine engines, every kind of machinery. Send specifications of complete plants and get our prices. CAROLINA MACHINERY CO., Greensboro, N. C.

LAY CORNER STONE

Invitations to a Mount Airy Event, Sept. 12

Mt. Airy, N. C., Sept. 1.—Special.—A committee composed of Messrs. S. P. Graves, O. W. Kochitzky and Geo. W. Lee have issued invitations reading as follows:

"Granite Lodge, No. 322, A. F. and A. M., extends you a cordial invitation to attend the laying of the corner-stone of a church at Mount Airy Granite Quarries on Saturday, September 12th, 1903, at high twelve."

"After the laying of the corner-stone Hon. Francis D. Winston, grand senior warden of the Grand Lodge of North Carolina, will deliver an address on Masonry, and the Masons here will serve a barbecue and Brunswick stew. All the lodges in the community have been invited to help us and we hope to have several thousand people. The proceeds of the picnic will go to the orphan asylum at Oxford and the new church here.
