"RESTORATION HOST"

Dowie Ready for the March on Gotham City

Chicago, Oct. 12.—The "Restoration Host," 3,000 strong, marched in review before John Alexander Dowie at Zion City yesterday. In addressing the 6,000 persons in the tabernacle afterward, Dowie declared that those members of Zion who failed to go to New York would wither away and that their prosperity would cease.

The "Restoration Host" marched into the tabernacle just as it will file into Madison Square Garden in New York this week. Each crusader wore sashes of yellow, white and blue. Men, women, boys and girls, headed by the captains of the different legions, assembled to hear Dowie give instructions for the New York trip, which will begin Wednesday.

Dowie announced that he has now registered 3,018 persons as members of the "Restoration Host." He expects that with those now on their way to New York from other parts of the country the army will have 4,000 members.

Receiver for Lumber Co.

Asheville, N. C., Oct. 12.—Special: Ralph S. Barnard returned from Charleston where, as attorney for the North Carolina Land and Timber Company, he applied to Judge Simonton for an order directing the appointment of a receiver for the Cataochee Lumber Company of Haywood County. The order was granted and Judge Simonton named as receiver P. T. Dauman. The Cataochee Company had contracted to purchase from the complainant company land valued at more than \$600,000, but failed to meet the obligation. The company's liabilities are something like \$150,000, while assets are somewhat difficult to discern. So far as North Carolina creditors are concerned the failure involves a large sum.

TIME TO DON FALL ATTIRE.

The changing of color and the falling of leaves is nature's gentle reminder that autumn is at hand; that it's time for you to be shedding your summer raiment and putting on new fall attire. Our fall stock is the result of careful and intelligent study of the wants and needs of the people, and our unceasing endeavor to raise the standard of merchandise without any corresponding increase to you.

Ladies' Tailor Made Costumes

The new fall costumes are certainly masterpieces of the tailor's art, and strikingly typify the highest degree of ready-to-wear apparel ever attained. Each and every article here bears the unmistakable marks of painstaking effort by weaver cutter and tailor. This applies just as forcibly to the inexpensive as the highest price articles. Add to this the economies of our superior purchasing power and the large sales that our small profit-policy brings to you, and you have the reason why Boylan, Pearce & Co. have gained the mark of supremacy on woman's man-tailored, ready-to-wear garments.

LADIES' MAN TAILORED SUITS	\$10 to \$40
LADIES' DRESS SKIRTS	\$5.00 to \$15
LADIES' WALKING SKIRTS	\$2.50 to \$5
LADIES' MADRAS WAISTS	\$1.50 to \$4.50
LADIES' SILK WAISTS	\$5.00 to \$15.00
LADIES' SILK PETTICOATS	\$5.00 to \$15.00

Every piece must be the best value obtainable for the money, and we don't hesitate inviting your inspection and comparison.

Ladies' Cloth Wraps in short, medium and long length. Prices \$5 to \$35.

Ladies' Loose Three-quarter Parisian Cloaks, the highest mark of material and workmanship, \$25 to \$40.

Ladies' Cravenette Rain Coats, extremely stylish and popular, \$12 to \$20.

Children's and Misses' Wraps in all lengths and prices.

Underwear

It's the season of changes. One day warm, the next day cold. Fleeced Cotton Underwear is the wise between season weight. We have an immense line for ladies, misses and children. Pants, Vests, Corset Covers and Combination Suits. But should you desire all wool or part wool Underwear, remember all weights and sizes can be found here at value-giving prices.

Millinery

For no other fall season were we so splendidly prepared. We never displayed more beautiful hats. We never carried such assortments. And you know as well as we that we always have more hats than any two other stores. True, it's just after our fall opening, but even now the collection is worth seeing. As to styles they are all you would expect from the foremost millinery store. They are beautiful beyond description. Prices? As in former seasons you will find them way below those asked by other stores who sell as fine hats as ours. This is no idle boast, and you know it.

Dress Goods

This department is at its topnotchfulness. There's scarcely a fabric named in the new long list of fall styles which is not represented here. Rough or smooth, light or heavy weights, woollens in white, black and colors are here in profusion. Then there's Crepes, Silks, Velvets and Robe Suits. An inspections of this stock will convince you that we are foremost in the lines.

Wrecks Strwn on the Coast of Currituck Inlet

Two Large Schooners a Total Loss—Crews Rescued by Life Savers—The Beach for Miles Strwn With Wreckage

Norfolk, Va., Oct. 12.—Special.—A. W. Drinkwater, United States weather observer at Currituck Inlet, N. C., arrived here today as a special messenger from the coast, where all the telegraph lines are down, bringing news of the wreck and total loss of the three-masted schooners Mabel Rose of Norfolk and Nell W. Howlett of New York. The Rose, which was loaded with 405,000 feet of lumber, taken on at the Tunis Lumber Mills here for Wiley Parker and Camp Company of New York, lies on the beach a mass of wreckage, twenty-five miles south of Virginia Beach, and the Howlett, which is described as the worst wreck ever seen on this coast, lies seven miles south of Virginia Beach.

What wrecks lie south of Payner's Mills is not known. The story of the experience of himself and crew, as told by Captain Walton of the schooner flossie, who came to Norfolk with Weather Observer Drinkwater to report to his managing owners, is thrilling in the extreme. The Rose and the Howlett, the latter commanded by Captain Green, and bound from Jacksonville, Fla., to New York with a heavy cargo of lumber, were lying at anchor near Cape Charles, Va., when the storm struck them Friday night and sent them southward.

The schooner Rose became water-logged, and with a 75 miles an hour wind carrying the mountainous seas over the vessel's deck, her crew of seven and one passenger, William Kumpf, of Uniontown, N. J., were forced to take to the fore rigging, where they remained until the breaking of Atoms' storm forced them out. The vessel was water-logged, and just where to retreat the crew knew not. Finally the eight men, as a last resort, crawled to the after deck of the Rose and

Southern Railway Officials Pass Through the City

They are on a Tour of Inspection Which Will Include the Entire System

A splendid train of three private cars, a Pullman sleeper and a dining car, passed through Raleigh yesterday morning at 10 o'clock, having on board the officers and several of the directors of the Southern Railway Company, who are out on a tour of inspection, which will include the entire system. The party consisted of President Samuel Spencer, First Vice President A. B. Andrews, Second Vice President W. W. Finley, General Manager C. H. Ackert, General Superintendent S. J. Collins, of the eastern division, Solicitor Fairfax Henderson, Superintendent E. H. Copeland, Assistant Superintendent G. V. Payton, District Counsel Alfred P. Thom, and Engineers Samuel N. Inman of Atlanta, Edmund D. Randolph of New York, Jas. T. Woodward of New York, Harrison C. Fahnestock, of New York.

The party had intended to stop over Raleigh for several hours and call on Governor Aycock, but the plan was abandoned when it was

learned that the governor would be out of the city in attendance upon the re-union at Greensboro. The special train left Washington, Sunday morning and ran through to Burlington, where they spent Sunday night, then came on to Raleigh and continued their journey to Selma, where they took the Atlantic Coast Line for Norfolk, expecting to reach there last night. Thence they will go to Richmond, where the annual meeting of the Southern Railway Company will be held today. After the annual meeting the party will again go aboard their special train and start out over the road from Richmond to Atlanta, and thence over other divisions of the road. It is expected that the entire week will be required to complete the tour of inspection. As the train speeds over the track the officers have an eye to discovering the condition of the track, the sidings, trestles and other features of the road-bed and equipment. The following special was received last night: Norfolk, Va., Oct. 12.—President Samuel Spencer of the Southern railway, with the board of directors, arrived here last night from Selma, N. C. Col. A. B. Andrews, vice president,
