

Sheriff Speculated in Claims Against County

Appeal of Sheriff Garland From Mitchell to Be Heard in Supreme Court. Other Cases

There are only six appeals to be argued in the supreme court this week, the regular time for the hearing of cases from the thirteenth district, and only one of these is a state case. This is the case of Sheriff Garland from Mitchell county, which will be the first to come up Tuesday morning.

The case is one in which Garland, as sheriff of Mitchell county, was subpoenaed under a special verdict to pay a fine for purchasing claims against the county for less than their face value. The charge being speculation as an officer of the county in claims against the county.

The defense set up by the sheriff was that he purchased the claims at sums less than their face value under the direction of the board of county commissioners of Mitchell county. The trial was before Judge Long, under whose direction the special verdict as to the agreed facts was made up and the sentence subsequently imposed.

The indictment of Sheriff Garland was based on section 1069 of The Code, which makes it a misdemeanor not only for officers to speculate in county claims, but also a violation of law for any officer to engage in purchasing county claims at any price less than their face value, declaring such actions misdemeanors, punishable by fine or imprisonment or both, at the discretion of the court. Garland was a Republican sheriff.

The thirteenth district is composed of Catawba, Ashe, Watauga, Caldwell, Alexander and Mitchell counties. The calendar for the district is as follows: State vs. Garland. (Defendant's case vs. Deal. (Defendant's case vs. Westfall. (Defendant's case vs. Railroad. (Plaintiff's appeal.) Bernhardt vs. Railroad.

Polk Miller Coming

Have you ever heard Polk Miller in what may be termed his Southern "Specialties"? No one can quite so well delineate the darkey of the old times, in tone, in manner, in every way. Mr. Miller is simply unapproachable. And his banjo playing! Why his banjo talks and sings. This year he has as a new feature the best darkey quartette on the road. He will be here April 28, at the Metropolitan theatre, in aid of St. Luke's Home. Many persons here have heard him. To hear one is to desire to hear again. The old people are swept back to the past by his talks and his music, while the younger generation learn the things which gave such delight to fathers and mothers in the times say from 1855 to 1865. Polk Miller is known everywhere, popular everywhere, north, south, east and west alike, but in his own south he is most particularly at home. As a teller of darkey stories he is unmatched anywhere.

MEMORIAL DAY IN SABBATH SCHOOL

Services at First Baptist Today in Memory of the Late Wm. H. Dodd

Today will be observed as memorial day to the memory of the late Mr. William H. Dodd. The regular exercises will be suspended and a special order will be observed. Representatives from all the Sabbath schools of the city will be present, in addition to many others, and will take part in the meeting. It is specially requested that all connected with the school, either now or heretofore, will be present. A very cordial invitation is also extended all friends to be present during the hour which will be from 9:30 to 10:30.

NEW BOOKS IN RANEY LIBRARY

In history, science, etc.: Tennyson's *Works in six volumes*; Green's *Short History of the English People*; Wheeler's *Reminiscences and Memoirs of North Carolina*; Rife's *Peril and Preservation of the Home*; White's *Hilbop's Apostle of the Western Church*; Beren's *Myths and Legends of Ancient Greece and Rome*; Hoffister's *Manual of Parliamentary Terms*; Goss' *Recollections of a Private*; Wright's *Travels of Marco Polo*; Dickson's *Modern Punctuation*; Holly's *Art of Sawing*; Fanning's *Narrative*, giving an account of his adventures in North Carolina from 1775 to 1783; Hilliard's *Six Months in Italy*; Cummings' *Heat, Apperlyphal New Testament*; Old South *Leaflets* (40 vols.); Davis's *Hand-book of Hygiene*; Goodloe's *Some Rebel*

Relics; Vasari's *Lives of the Painters, Sculptors, etc.*; Kidd's *Principles of Western Civilization*; Deems' *Autobiography*; Guyau's *Education and Heredity*; Bolton's *Famous Types of Womanhood*; Ward's *Petrarch*; Mallett's *Lord Clive*; Field's *Sharps and Flats*; Cunningham's *Life and Letters of Erasmus*; Irving's *Legend of Sleepy Hollow*; Wood's *God's Image in Man*; Adams' *Story of Jane Austen's Life*; Dole's *American Citizen*; Dante's *Eleven Lectures*; Macallister's *Ecclesiastical Vestments*; Hood's *Practical Treatise Upon Warming Buildings*; Hobson's *Problems of Poverty*; Barber's *Pottery and Porcelain of the United States*; Ely's *Monopolies and Trusts*; Jackson's *Text-book of Electro-magnetism*; Kipling's *Five Nations*; Nasmuth's *Student's Cotton Spinning*; Bancroft's *History of America* (six volumes); Church's *Pictures from Roman Life and History*; Brackett's *Technique of Rest*; Lord Chesterfield's *Letters*.

N. C. SUNDAY SCHOOL CONVENTION

Reduced Railroad Rates. Special Music--Preparation in Greensboro

All railroads will give reduced rates to Greensboro and return for the North Carolina State Sunday School Convention which meets in that city April 28th-29th. They will be on the Certificate Plan. Everyone desiring to avail himself of the reduced rate must purchase first-class ticket to Greensboro at the regular rate, and at the same time procure from the ticket agent a certificate properly stamped by the agent. This certificate will entitle the purchaser to one-third the regular first-class fare returning. It is very important that the Certificate be secured when the ticket to Greensboro is purchased or else no reduction can be given on the return fare. Tickets will be good until Wednesday May 4th.

An adult and a children's choir have been in training for some time at Greensboro to have charge of the music of the convention. These choirs will be under the leadership of Messrs. Tullar and Meredith of New York city. A special platform has been built for the choir, and there will probably be 150 voices in the adult choir. A large orchestra will also assist in the music. Eight large committees have been at work for some weeks in Greensboro getting ready for the coming convention. The beautiful Smith Memorial Hall has been decorated for the occasion, free entertainment has been provided for all who have sent in their names, and everything is in good shape for a great convention.

Mr. Stockard Lectures

The Epworth League of Edenton street Methodist church will hold a literary and social meeting Monday night, beginning at eight o'clock. Prof. Jerome Stockard, of Peace Institute, will deliver a lecture on North Carolina poets. The music will be an especially good feature of the exercises.

Addition to Cotton Mill

There is to be an addition 50x75 feet, two stories, to the Raleigh cotton mills. It is for the purpose of installing a number of important heavy pieces of machinery and for shipping rooms. The company is now advertising in The Post for bids from contractors for the construction of this addition.

OFFICERS AND DELEGATES ELEGED

Most Largely Attended Meeting of L. O'B. Branch Camp Held in Long While

The largest meeting of the L. O'B. Branch Camp United Confederate Veterans held in a great while was that last night during which officers for the ensuing year were elected, delegates to the re-union at Nashville appointed and other important business transacted. The officers elected were as follows: Commander—A. B. Stronach. First Lieutenant Commander—Jacob S. Allen. Second Lieutenant Commander—G. M. Allen. Adjutant—J. C. Birdsong. Chaplain—Rev. M. M. Marshall, D.D. Commissary—R. H. Brooks. Quartermaster—Major J. B. Hill. Treasurer—R. H. Bradley. Surgeon—Dr. F. J. Haywood. Sargeant—W. D. Smith.

A resolution of thanks was tendered the ladies of the Memorial Association and the Daughters of the Confederacy for their offer of their services in the raising of funds to send the drum corps to the re-union at Nashville. The following delegates to the re-union were appointed to represent the camp at the re-union: A. B. Stronach, J. B. Hill, Jacob S. Allen. Alternates: R. H. Brooks, M. O. Sherrell, and W. D. Smith. It was decided to instruct the Quartermaster to purchase a supply of small Confederate flags to be used in the observance of Memorial Day, May 10th. The camp also accepted an invitation

from the Junior Order United American Mechanics to participate in the celebration of the Fourth of July. Capt. Bain, the distinguished Confederate naval hero, was present at the meeting and was welcomed to a seat with the camp. It was announced that he will deliver an address to the veterans at the Soldiers Home at 3:30 this afternoon and that all veterans will be welcomed.

Death of Mr. L. Brown

A telegram was received yesterday announcing the death of Mr. Lodovic Brown in Salem, N. C., after an illness of only a few days with pneumonia. Mr. Brown married Miss Mattie Crawford, daughter of Dr. J. H. Crawford, of this city, and she survives him. They had no children. Mr. John W. Crawford left last night for Salem to be with his sister in her great bereavement. An announcement of the time and place for the funeral will be made later.

Some Building Notes

Work is progressing rapidly on the handsome new residence being erected by Mr. J. W. Harden on Hillsboro street near the residence of Professor Burckett. Mr. Eimer Shaffer is building a neat residence on the corner of Salisbury and Cabarrus streets, just back of the Shaffer residence on Fayetteville street. Good progress is also being made on the two flats being erected on Person street between New Bern avenue and Morgan street by Mr. Sylvester Betts; and also on the addition to the Betts residence next door to the flats.

HON. D. H. McLEAN THE ORATOR AT GREENSBORO

Hon. Dan Hugh McLean of Burlington was here yesterday. He has recently accepted an invitation from the ladies of Greensboro to deliver the Confederate memorial address there on May 10th. His subject will be "The Private Confederate Soldier." Mr. McLean is one of the state's foremost living orators, and he served four years as a private in the Confederate army, enlisting at Yorktown in 1861 and surrendering at Appomattox. The people of Greensboro may expect a great address.

CAPITALISTS VISITED THE IMMENSE DUKE MILLS

A party of well known capitalists were here yesterday on their way home from Duke, in Harnett county, where they inspected their immense cotton mills which are nearing completion there. In the party were Mr. E. N. Duke and Mr. George Watts of the American Tobacco Company, Mr. William W. Fuller, general counsel of the same company; Supt. W. A. Erwin of the chain of Erwin cotton mills; Mr. John C. Angier, president and general manager of the Cape Fear and Northern Railway, and Sheriff J. R. Black-nall of Durham. Mr. Erwin received many compliments on the progress of the work at Duke. The machinery is now being placed in the mammoth mills and they will probably begin operations during the latter part of the summer.

Base Ball Tomorrow

Tomorrow a battle royal is expected when A. and M. and Trinity meet. Competent judges say that these two teams are nearer equal than any in North Carolina. The A. and M. team has settled down since the Virginia game and promise the fans that they will get full value for their money of genuine first-class base ball. Admission 25 cents. Game called at 4:15.

Raleigh's Public Pumps

It is ascertained that there are now just sixty-four public pumps in Raleigh, whereas there used to be one hundred and five. The average depth of these wells is about thirty-five feet. The old darkey who as an employee of the city has them in charge has been looking after them ever since 1867.

Juvenile Base Ball

The Morgan street base ball team defeated the West Raleigh team by a score of 7 to 6 yesterday. The line ups were: Morgan street—Utley, c; Hamlet, p; Jones, 1st b.; Broughton, 2d b.; Stubbs, 3d b.; Stronach, s.; C. Broughton, r. f.; Correll, c. f.; Upchurch, l. f. West Raleigh—Royester, c.; Billings, p.; Allen, 1st b.; Ellington, 2d b.; Stafford, 3d b.; Gattis, s. f.; Green, r. f.; Bagwell, c. f.; Hill, l. f. Home run by Hamlet.

Christian Church Tonight

The following is the program for Sunday evening's service at the Christian church: Subject—Walking with Christ. 1. Scripture lesson and prayer. 2. Announcements and offering. 3. Song—All Hail the Power of Jesus' Name.

Special Rates Via S. A. L. Commencing October 15, 1903, the Seaboard Air Line railway will place on sale from all important stations round trip winter tourist tickets to all winter resorts, tickets valid until April 30, 1904, with final limit May 21. Following are rates from Raleigh for round trip: Austin, Tex. \$61.85 Dayton, Fla. 34.50 El Paso, Tex. 50.45 Fort Lauderdale, Fla. 29.85 Galveston, Tex. 47.50 Havana, Cuba 61.55 Houston, Tex. 55.19 Thomasville, Ga. 28.15 Tampa, Fla. 15.10 For further particulars call on any agent Southern Railway or address T. E. GREEN, C. T. A., Raleigh, N. C.

Is Any Sick One Left Without a Free Bottle of Liquozone?

We have purchased a million 50c bottles of Liquozone and given them to a million of the sick. Now we wish to ask if any sick one has been omitted. Is there any one left who needs Liquozone, and who has not yet had a bottle to try?

We buy the first bottle of Liquozone and give it free to every sick one we learn of, and we have spent over \$500,000 in the past four months to announce and fulfill this offer. We have done this to convince the sick that Liquozone does what medicine cannot do. And we are willing to do the same with you if you need it.

What Liquozone Is.

Liquozone is not a medicine. It is not made by compounding drugs, not made with alcohol. The virtues of Liquozone are derived solely from gas—largely oxygen gas—by a process requiring immense apparatus and 14 days' time. To make one cubic inch of Liquozone we use 1,250 cubic inches of the gas. The process has, for more than 20 years, been the constant subject of scientific and chemical research. The result is a product which does what oxygen does. Oxygen is the natural nerve food, the blood food, the scavenger of the blood. It is the very source of vitality, the most essential element of life. But oxygen is a gas, so unstable that an excess cannot be held in the blood. Liquozone is concentrated and stable. It carries its virtues into the blood to go wherever the blood goes. It brings to every nerve center, and to every tissue, a vitalizing tonic, with which no other known product can compare.

Kills Inside Germs.

But the great value of Liquozone lies in the fact that it kills germs in the body without killing the tissues, too. There is nothing else known which will do that. Any drug that kills germs is a poison, and it cannot be taken internally. For that reason medicine is

practically helpless in any germ disease. Liquozone is so certain that we publish on every bottle an offer of \$1,000 for a disease germ that it cannot kill. The reason is that germs are vegetable, and an excess of oxygen—the very life of an animal—is deadly to vegetable matter. Liquozone acts in the blood like an excess of oxygen gas. No germ can escape it, and none can resist it; yet, to the human body it is more helpful and vitalizing than any other product known. A germ disease must end when the germs are destroyed. And all the skill in the world cannot cure such a trouble while those germs exist.

We Paid \$100,000

for the American rights to Liquozone—the highest price ever paid for similar rights on any scientific discovery. We did this after testing the product for two years through physicians and hospitals in this country and others. We tested it in thousands of the most difficult cases obtainable, and cured with it every disease which was considered incurable. The results of those tests, published everywhere as they were, altered the world's whole theory of disease.

We paid that price because Liquozone does what nothing else known can accomplish. It will cure more sickness, end more suffering and save more lives than all the drugs combined. And it is absolutely impossible, so far as any man knows, to directly destroy the cause of a germ disease without it.

Germ Diseases.

The diseases in this list are known to

be due to germs or their toxins. Every modern physician knows that to cure these diseases the germs must be destroyed and medicine cannot do that. Medicine sometimes acts as a tonic, aiding nature to overcome the germs. But these results are indirect and uncertain and they depend on the patient's condition. Liquozone directly attacks the cause of these troubles and there is no other way. For that reason, diseases which have resisted medicine for years yield at once to this treatment and it cures diseases which medicine never cures. The results are inevitable. They are so certain that in any stage of any disease in this list we gladly send to any patient who asks it an absolute guarantee.

Asthma
Bleeding Anemia
Bronchitis
Epidemic Cholera

Women's Diseases

will pay your druggist ourselves for it. This applies to any sick one who doesn't know what Liquozone is, but not to those who have used it. The acceptance of this gift places you under no obligation whatever. Our object is to convince you; to let the product itself show you what it can do. This method seems to us better than testimonials, better than arguments. This very offer should convince you that Liquozone does as we claim. We would certainly not buy a bottle and give it away if there was any doubt of results. If you want those results—if you want to be well—let us, at our expense, show you the way. Send this coupon today, for this offer will not be continuous.

Liquozone costs 50c and \$1.

CUT OUT THIS COUPON

For this offer may not appear again. Fill out the blanks and mail it to the Liquozone Co., 453-460 Wabash Ave., Chicago.

My disease is I have never tried Liquozone, but if you will supply me a 50c. bottle free I will take it.

Give full address—write plainly.

Any physician or hospital not yet using Liquozone will be gladly supplied for a test.

TEACHING NEGROES HOW TO REGISTER

A gentleman here was exhibiting one of the most novel publications seen in North Carolina yesterday. The book is called the "North Carolina Constitutional Reader" and is designed to teach negroes how to read and write any part of the state constitution so as to qualify them for registration. The constitution is given in full, and besides every word in the constitution is printed separately and divided into syllables with an accent showing the pronunciation. The words are also printed in script so that the student can learn to write them. The author of the unique book is "G. Ellis Harris, principal of the old town field public school, Littleton, N. C." and is printed and bound in the print shop at St. Augustine school here.

What We Owe To Asia

(Portland Oregonian.) It is noteworthy that out of Asia came our alphabet and our Arabic numerals. The compass we owe to the Chinese, who knew the magnetic needle as early as the second century A. D. Gunpowder originally came out of Asia, and so did the art of printing and the manufacture of paper. The Chinese invented movable types in the middle of the eleventh century, 350 years before Gutenberg. They also made silks long before Europe, and porcelain that has never been equaled by Europe. Truly, Asia is the cradle of the race. On the original ideas of the Persians, the Arabians, the Hindus, and the Chinese our modern society has been built.

Interesting Treasury Decisions

(Indianapolis Sentinel.) The decision of the treasury department the other day that imported wooden legs shall pay duty as "family supplies" is only one of several constructions that place the humor of the gentlemen who construe our tariff laws beyond the comprehension of the average voter. The law permits free entry of animals intended for breeding purposes, but a man who tried to import a Plymouth Rock cocker was compelled to pay a duty of 3 cents a pound. The wise tariff adjusters pondered and studied over it for weeks, and enough red tape was unwound to fill a bushel basket. But it was decided that a chicken was not an "animal," therefore it could not come in free. This recalls Secretary Shaw's decision that frogs' legs should be classified as poultry for revenue purposes. It may take a long time to decide these little things, but when iron, steel or sugar happens to want something the matter is settled off-hand and usually in favor of iron, steel or sugar.

FOLEY'S HONEY AND TAR

Cures Croup, Whooping Cough, Bronchitis, etc.

The best physic: Chamberlain's Stomach and Liver Tablets. Easy to take; pleasant in effect. For sale by W. G. Thomas and Robt. Simpson.

Robbed the Grave

A startling incident is narrated by a John Oliver of Philadelphia, as follows: "I was in an awful condition. My skin was almost white, eyes sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters. To my great joy, the first bottle made a decided improvement. I continued their use for three weeks, and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at all druggists.

LADIES! DO YOU SUFFER

With Monthly Headaches? Take CAPUDINE for them. The prompt relief is magical. 10c, 25c, 50c. A BOTTLE AT ALL DRUGGISTS.
