

THE STOCK MARKET

After Diversity of Movement at the Opening the Level of Prices Was Carried Downward—Easy Tone at the Closing

New York, Nov. 29.—Gains and losses were very much maintained at the opening of the stock market today. The majority of gains were among the industrial and the United States Steel stocks and Colorado Fuel were conspicuous among the list. Canadian Pacific lost a point and Louisville and Nashville 5-8. Distillers was up 1 and St. Louis Southwestern preferred 3-4. Operations on both sides of the account were heavy.

In other parts of the list the diversity of movement was not so pronounced, but was noticeable in some of the leaders and western stocks. Profit-taking was on a large scale among yesterday's bull leaders, especially Illinois Central, Louisville and Nashville, Norfolk and Western and Colorado Fuel. Grain carrying stocks averaged 1/2 or more under last night at intervals. Kansas and Texas preferred and United States Rubber lost 3-4. A rally in Union Pacific was without influence. United States Steel eventually succumbed to the weakness of the preferred and lost its rise.

The selling became general and carried the average level of prices below last night. Louisville and Nashville, Illinois Central and Atlantic Coast Line lost 3/4, Minneapolis and St. Louis, Iowa Central preferred, Duluth, South Shore and Atlantic preferred, Copper, Federal Mining preferred and Cotton Oil preferred a point or more. United States Steel touched 31 1/4 and the preferred 92 3/8. There were gains of 1 to 1 3/8 in Sugar, Metropolitan Street Railway, Ice preferred, Federal Mining, General Chemical preferred and Butterfield. After a rally of a few points the market became dull. Bonds were easier at noon.

Conspicuous buying of a few stocks left dealings in the general market light. Amalgamated Copper made up its loss. Louisville and Nashville rallied 1/2, but the other earlier weak features did not recover much. Sugar rose buoyantly to 31 1/4, an overnight gain of 3-8, and then reacted a point. New York Central and Metropolitan Street Railway ruled 2 points higher. The Pacifics began to pick up after Missouri Pacific was lifted a point.

The collapse of the advance in Sugar, that stock falling back to 31 1/4, infused an easier tone to the market and trading became dull. Fluctuations in the usual favorites were trivial. Obscure stocks went up in leaps and bounds, Pullman securing 5 points and Pacific Mail, Pipe preferred and Toledo, St. Louis and Western 2 to 2 1/2.

New York Stock and Bond Quotations Furnished by W. B. Hibbs & Co., Bankers and brokers, 1419 F street, members New York stock exchange, Washington stock exchange and Chicago board of trade, by special wire to The Morning Post.

Table of Baltimore Provisions Market including BALTIMORE, Nov. 29.—Flour—Easier; winter extra \$4.20 @ 4.35

will support 11,750,000 bales there will be little to buy cotton on. Those conservative crop estimators who have carried off the laurels for the last five years are now evidently wrong. The only consolation is that it's about time and the government will reveal all early enough in the season to prevent serious loss.

Wheat—There was a strong start in July in demand on the dry weather in the northwest and some buying of May on Broomhall's Argentine cable, although private cables reported weather fine. The market displayed a good bit of strength, but there was selling by Cudahy brokers and the northwest and the slack cash demand, large increase in the world's visible creating liquidation in December, finally finding its way into May and July. While the situation appears very heavy, we would prefer purchases on further weakness.

Corn—Trade was not extensive in the futures, although working off to a slight extent in sympathy with wheat. Country acceptances were large and there was selling of May by cash houses, although commission houses were good buyers on the breaks. We still favor purchases of May on weak spots, as that month is largely oversold.

Oats—The principal feature was buying of December and selling of May by Armour through a broker at a 1-4 difference.

Provisions—Hogs were in large supply, but steady with most shipments over last year, but under. Prices worked lower with Cudahy selling May ribs and buying scattered, although towards the close shorts covered. We feel friendly to product on weak spots.

Burglar for the Pen.—Shepherd A. L. Cuthrell of Hyde county came in on the 11:45 train last night, bringing Ed. Davis to the penitentiary. Davis is a convicted negro who was convicted of burglary in the Hyde superior court. A record of his being crippled Judge Jones sentenced him to only one year. He was placed in the city lock-up last night and will be taken to the state's prison this morning.

Timber Property Sold.—Asheville, N. C., Nov. 29.—Special J. E. Rankin, trustee in bankruptcy, and Thomas S. Rollins, attorney, returned this evening from Putnam, where the lands of the North Carolina Lead and Tinber Company were sold by Mr. Rankin for the purpose of satisfying a mortgage of \$25,000. The lands embrace 35,500 acres, lying in Madison and adjoining counties, and compose it is said, one of the finest timber properties in the south. Mr. O'Brien bid \$5 more than the mortgage, and the bid was accepted.

Bankruptcy Case.—Mr. M. L. Chambers of Durham was yesterday sworn in and admitted to practice in the United States court here. He immediately filed a petition in bankruptcy from David M. Levy of Durham, who was adjudged a bankrupt by Judge T. E. Purnell. His liabilities are about \$1,700. Assets, nothing.

A restraining order was sent to Wilmington by the judge yesterday in the bankruptcy case of J. W. Turner of Clinton. The order enjoins the sale of property by a constable under process issuing out of a magistrate's court.

Property Transfers.—Deeds were recorded yesterday as follows: W. J. Ellington and wife conveyed to V. O. Parker for \$300 a lot on East street, between Davie and Martin streets, adjoining the lands of J. S. Wynne.

N. W. Hatch and wife conveyed to Lonnie H. House for \$500 a tract of 57 acres in Neuse township, adjoining the lands of rs. J. C. Winder, F. E. Weathers and L. A. Cozart.

Amelia A. Parrish conveyed to Andrew C. Johnson and wife in consideration of natural love and affection a tract of 9 acres in Panther Branch township.

Wants State Historian.—In speaking of his forthcoming message to the legislature Governor Aycock said yesterday that he will recommend the creation of the office of state historian, who shall collect historical matter anywhere in the state and install it here, look over, prepare and publish material bearing on state history to be found in various departments here and also to rearrange all original records so they will be in permanent form and easy of access. The governor says he will transmit to the legislature the report of the committee on the proposed enlargement of the capitol, but will not recommend any alterations or additions to the present building. He is opposed to changing the capitol in this way. He says additional buildings can be erected on property the state owns. But the capitol should stand as it is.

FROM SOUTH AFRICA.—New Way of Using Chamberlain's Cough Remedy.—Mr. Arthur Chapman writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put one upon the dummy teat the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby." This remedy is for sale by W. G. Thomas, Robert Simpson and Bobbitt-Wynne Drug Co.

THE CITY PROVIDES FOR FREE VACCINATION

Arrangements have been made for free vaccination in view of the presence of several cases of small pox in this vicinity. City Health Officer T. P. Sale announces that Dr. R. S. McGeachy, city physician, will be at his office between the hours of 8:30 a. m. and 10:20 a. m., and from 2 p. m. to 4 p. m. and vaccinate free of charge citizens of Raleigh who apply.

County physician, Dr. J. J. L. McCullers, has appointed Dr. Thos. M. Jordan to represent him in Raleigh township and Dr. Jordan has vaccinated a number of persons.

Magistrate Reid yesterday held John Pulley under a \$25 bond for his appearance at court because he refused to be vaccinated when ordered to do so by the county physician. The defendant said that he had been vaccinated now, but the prosecution was not withdrawn and Pulley gave the bond.

One case was reported yesterday. Mrs. Frank Brannan, corner Martin and Person streets.

SPLENDID REPORT OF EPWORTH M. E. CHURCH

Only one of the four Methodist churches in Raleigh has completed a four-year pastorate here hence must be assigned to another charge. Rev. Marvin W. Culbreth has been at Epworth church as long as the rule in the denomination permits. Mr. Culbreth during this time has done a good work and his departure will be a distinct loss to the city. The report of the Epworth church for the past year show that all the collections have been made in full, the church debt paid and the pastor's salary overpaid. The membership in the Sunday school and the Epworth League has increased while the church roll now contains 96 names, a gain of ten. During the year 46 names were added and 26 were lost by death or removal.

The church building has been remodeled and greatly improved. In fact over \$2,000 has been spent in this work and every cent of it has been paid.

The Chemical Society

The fall meeting of the North Carolina Section of the American Chemical Society will be held on Saturday, December 3, at 11 a. m. in the office of the state chemist, this city. The program that has been arranged is as follows:

President's address, "Some Problems in the Cellulose Field," A. S. Wheeler. "The Action of Amalgams on Various Aqueous Solutions," G. M. P. Smith.

"Molecular Attraction," J. E. Mills. "Determination of Crude Fiber. Some Additional Notes," J. M. Pickel. "On Crompton's Equation for the Heat of Vaporisation," J. E. Mills. "On Biot's Formula for Vapor Pressure," J. E. Mills.

"Note on the Law of Dulong & Petit," J. E. Mills. "Friedrich Wöhler," J. M. Pickel. A dinner will be given to the members of the section at Giersch's Cafe by the resident chemist.

Masonic Officers

Two branches of the Masonic order here at their last meetings elected officers. The first was Raleigh Chapter, No. 10, of Royal Arch Masons, which chose the following officers:

High Priest—H. C. Butler. King—J. E. Cameron. Scribe—F. F. Harding. Capt. Host—J. A. Allen. Secretary—A. H. Andrews, Jr. Treasurer—T. W. Blake.

Death of Little Gladys Carroll

Little Gladys Woodard Carroll, the fourteen months old daughter of Mr. and Mrs. W. P. Carroll, passed away yesterday afternoon at twenty minutes to three o'clock after a severe illness from meningitis.

Manteo Elects Officers

Manteo Lodge of Odd Fellows last night elected the following officers for the ensuing six months: Noble Grand, M. T. Ray. Vice Grand, W. N. H. Smith. Recording Secretary, Winston Davis. Financial Secretary, W. W. Willson. Treasurer, Chas. H. Beine. Trustees, F. H. Eubank, W. C. McMackin and Thos. W. Blake.

Only Makes a Bad Matter Worse. Perhaps you have never thought of it but the fact must be apparent to every one that constipation is caused by a lack of water in the system, and the use of drastic cathartics like the old fashioned pills only makes a bad matter worse. Chamberlain's Stomach and Liver Tablets are much more mild and gentle in their effect, and when the proper dose is taken their action is so natural that one can hardly realize it is the effect of a medicine. Try a 25 cent bottle of them. For sale by A. G. Thomas, Robert Simpson and Bobbitt-Wynne Drug Co.

FRANK MILLER "BRONCHO" BRAND RYE WHISKEY. SPECIAL \$2.00 Per Gal. Old Distilled Mild & Mellow. A Few of the Endorsements Received: I cheerfully recommend the liquors sold by Frank Miller as being pure and unadulterated. I prescribe them in my practice with good results. Yours truly, W. H. PARKER, M. D.
