Raleigh Citizens Gladly Testify and Confidently Recommend Doan's Kidney Pills

It is testimony like the following that has placed "the old Quaker Remedy" so far above competitors. When people fight here at home raise their voice in praise there is no room left for doubt. Read the public statement of a Raleigh citizen:

W. B. Johnson, merchant tailor of 11 S. Wilmington street, place of residence, South Swain street, says: "I obtained the greatest relief from backache through the use of Doan's Kidney Pills obtained from Bobbitt-Wynne Drug Company's store. My son-in-law, Charles Beal, also suffered from backache very badly and Doan's Kidney Pills proved most effective in relieving it. We have also used Doan's Ointment in our family for a breaking out on the skin of the neck and two applications dried up the affliction. Everybody should know of these two remedies. You can use my name and welcome as one who highly endorses the claims made for them."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Lost Money on His Cotton

Goldboro, N. C., Sept. 26.—Special. In some parts of Wayne county the farmers have a habit of selling all or part of their cotton crop during the spring and summer months for a certain price to be delivered by the first of October. This year not a few took advantage of the offer of 10 cents a pound and sold to the buyers on this market. One young farmer, Joe Massey from near Princeton, was in the city this morning with ten bales of cotton which he had sold during the summer to local buyers for ten cents a pound. He delivered up the ten bales and got his money, but in doing so he lost about twenty dollars, this being the difference between the price at which the staple is selling now and that for which he sold his last summer. He sold his when spot cotton was worth only eight cents, and he is not the only man in the country who did likewise.

Freight Train Delayed

Goldboro, N. C., Sept. 26.—Special. A through freight on the Atlantic Coast Line was detained in this city last night from about 6 o'clock in the evening until 12 o'clock at night. The engine pulling the train was one of the heavy freight engines. While trying to turn round on the Southern Y an engineer new to this part of the road ran the engine off the end of a spur track right on the ground. Instead of the switch being turned for the Y it was turned for the spur track and the new engineer, not being familiar with the yard, ran his engine on the ground before he knew it. It required the assistance of a number of yard engines several hours to get the locomotive on the rails again.

Rev. Samuel Hanff of Wilson is in the city.

STATE OF CONNECTICUT,

Office of the Insurance Commissioner.
Hartford, November 21, 1904.

Hon. Morgan G. Bulkeley, president, Aetna Life Insurance Company, Hartford:

Dear Sir: You will find enclosed herewith a copy of the report of the examination of your company that was recently made by this department in compliance with the law providing for such examinations. The work began on the 19th day of April and ended October 24th, 1904. The result of the examination is very gratifying to the department and fully confirms the statement of the company as to its financial condition. The figures show the surplus of the company as the result of this examination to be \$3,047,248.49 more than was claimed in the statement filed with this department. The larger surplus shown by the department's figures arises mainly from the fact that you have charged yourselves with a special reserve liability of more than \$2,000,000 above that required by the statutes. The investigation makes it quite apparent that the company is leading fairly with the policyholders and complying with all the requirements of the law.

Respectfully yours,
THERON UPSON, Commissioner.
