

LINCOLN LITHIA WATER LINCOLN LITHIA WATER

\$4.00 per case of one dozen half gallon bottles, delivered by express, prepaid, if your dealer hasn't it.

ALL WATER BOTTLED AT THE SPRING

Its action in the Uric Acid Diathesis, Obstinate Dyspepsia of Long Standing Nausea of Pregnancy, Complicated with Chronic Bright's Disease of the Kidneys, Nephritic Colic, Etc.

GEORGE G. THOMAS, M. D., Wilmington, N. C., ex-President North Carolina Medical Society, Member American Medical Association and American Public Health Association, Chief Surgeon Atlantic Coast Line, etc., says:

"I am thoroughly satisfied with the excellent results that followed the prescribing of Lincoln Lithia Water in my practice when quite a quantity of it had been given a patient, a mine who was suffering with Dyspepsia that had about exhausted my efforts to cure. I suggested that the use of Lincoln Lithia Water very freely and to the exclusion of all other water. The treatment was a most successful one and the relief that ensued has been permanent.

"A little later I prescribed this water for the Nausea of Pregnancy on a patient with Chronic Bright's Disease of the Kidneys. It materially mitigated the suffering, and I believe kept her condition in a favorable state for the whole term. It has always increased the diuretic effect of alkalies and been of benefit to persons suffering with a Lithic Acid Diathesis. In my own person, I am sure it has warded off two attacks of Nephritic Colic, and relieved me of an Excess of Uric Acid. There is never a day now it is not used in my house. A patient, who has been a dyspeptic always, is signally benefited by Lincoln Lithia Water. It most assuredly then does correct and control the disposition to an excess of lithic acid; it does relieve atonic, gastric indigestion, and it does, as a result of one or both of these improvements, build up the general system, improve the appetite and digestion. It is as well a most delightful drinking water, no amount of it that one can take ever giving the consumer the uncomfortable sense of fullness that follows very large draughts of water generally. The high percentage of lithia and the comparatively low percentage of other mineral ingredients, especially lime and soda, make the indications for its use by gouty and rheumatic patients the more pronounced."

A. W. KNOX, M. D., Raleigh, N. C., Member N. C. Medical Society: "I have used the Lincoln Lithia Water quite extensively in my practice during the past five or six years. In the Uric Acid Diathesis, in controlling the tendency to Nephritic Colic, in Dyspepsia, in Albuminuria, and I have come to regard it with great confidence. Indeed, no highly do I appreciate its efficiency in the disturbances of the Renal Functions, that I regularly prescribe its systematic use to the exclusion of ordinary drinking water as a Preventive for Renal Complications during the last three or four months of pregnancy in the cases of all my patients who can afford it."

LINCOLN LITHIA WATER an invaluable and efficient agent for the cure and prevention of Rheumatism, Gout and all complaints arising from Uric Acid Diathesis, Bright's Disease, Gravel, Stone and all Affections of the Kidneys and Bladder, particularly those requiring an alkaline treatment, Dyspepsia, Indigestion, Nervous Debility and Exhaustion, and remarkably curative in Affections peculiar to Women.

Pamphlet and full information upon request.

TEN MILLIONS FOR EDUCATION

Rockefeller's Gift Made Effective in Cash

IT WILL BE INVESTED

The Interest Will Be Available for the Aid of Higher Learning and Will Be Administered by the General Education Board—Six Big Checks

New York, Oct. 2.—John D. Rockefeller's representative F. T. Gates, turned over today to the general education board the \$10,000,000 which Mr. Rockefeller promised to give the board on June 30 last, for higher education.

Mr. Rockefeller, in announcing the gift, reserved the option of paying either in cash or in income producing securities at their market value. He elected to pay in cash in order that the board might be entirely free in the matter of investing the fund. The amount was turned over to the board in eight checks drawn on various institutions carrying Rockefeller deposits. Six of the checks were for \$1,000,000 and two for \$2,000,000 each. The checks were signed by the agents of Mr. Rockefeller, who gave power of attorney for various banks and trust companies on which they were drawn, and were all made payable to "George Foster Peabody, treasurer General Education Board."

A special meeting of the executive committee was called at the board's office. There were present Robert C. O'Quinn, chairman; George F. Peabody, Dr. Wallace Buttrick, Starr J. Murphy, F. T. Gates and Dr. Albert Shaw. John D. Rockefeller, Jr., was the only member absent. The checks were brought to the meeting by Mr. Gates and turned over without any ceremony to Mr. Peabody. Mr. Peabody deposited them in a safe deposit vault. The checks will be taken from the vault tomorrow and deposited in the various institutions on which they are drawn. There will be no actual withdrawal at present of the funds. The amount called for by the checks will in each case be transferred from Mr. Rockefeller's account to that of the general education board. The trustee later will invest the money at their own discretion. It is estimated that the income from the fund will amount to at least \$500,000 a year. The principal, according to the terms of the gift, is to be held as a foundation for education.

The disbursement of the income is left entirely at the discretion of the board, except that it is to be devoted to the promotion of a "comprehensive system of higher education."

The smaller and struggling institutions are the ones which have been receiving the most attention from the board, but as yet no definite action has been taken by the board in regard to the first distribution of the money. There will be a meeting of the

full board in a few days, when it is likely that some definite announcement will be made in regard to the institutions which will receive amounts this year.

SHAW IN VIRGINIA

Secretary of the Treasury Speaks in the Campaign

Richmond, Va., Oct. 2.—Hon. Leslie M. Shaw, secretary of the treasury, opened the Republican campaign in this state tonight with an address at the Academy of Music before a large audience, including many Democrats. There was a sprinkling of ladies and all of the boxes had been reserved for parties who had signified their intention of listening to the distinguished speaker. There were very few reservations of seats on the floor of the academy. Judge L. L. Lewis of this city, Republican nominee for governor, presided and introduced the speakers. Secretary Shaw being preceded by Hon. Jacob Yost of Staunton, former congressman from the tenth district. Secretary Shaw arrived in this city this afternoon. He was met at the station by a number of prominent Republicans and was escorted to the Jefferson Hotel. After a short rest he was taken for a drive around the city. After the drive he returned to the Jefferson for dinner. He was escorted to the academy by a committee of well known Republicans.

In introducing the speakers, Judge Lewis said that he had no set speech to make at this time. He intended that he would have many things to say at a later day in the campaign. He spoke in complimentary terms of both the distinguished speakers whom it was his pleasure to introduce. Judge Lewis was heartily applauded.

Mr. Yost spoke for less than half an hour. He said the audience as well as himself came to hear the address of Secretary Shaw and that he did not propose to detract from the utterance of that gentleman by claiming a larger share of time for himself than necessary. Mr. Yost spoke for the most part in a humorous vein.

Secretary Shaw was greeted with hearty cheers when he arose to speak.

Ministers Will Meet the King

Budapest, Oct. 2.—Baron Fejervary, acting Hungarian prime minister, and M. Kristoffy, acting Hungarian minister of the interior, will visit the king tomorrow. Kristoffy is the originator of an electoral reform scheme for Hungary, which he will explain to his majesty. Their visit is regarded as confirming the report that Baron Fejervary's cabinet will be reinstated, with a suffrage program which now seems to be the only means of combatting the coalition party. M. Lengyel, the leader of the federal branch of coalitionists, in an article in his newspaper urges the Hungarians to socially boycott all officers of Austrian extraction, and he incites the soldiery not to obey them.

Republican Elected in Connecticut

New Haven, Conn., Oct. 2.—Enough returns had been received at midnight from the town elections in Connecticut today to show that Higgins, Republican, was elected congressman in the third district, defeating Mayor Thayer, Democrat, by about 2,000. Thayer carried Norwich, the home town of the two candidates, by about 150.

Socialists Riots

Vienna, Oct. 2.—Socialist riots have occurred at Prague, Bohemia, and Brno, Moravia. Nearly two hundred persons were injured at the latter place, six of them it is believed fatally. Professor Wellner, the inventor of a flying machine, received a severe blow in the eye from a stone, that was thrown through a window while he was at work.

POLICE ON A TRAIL

A Strong Clue in the Boston Murder Mystery

Boston, Oct. 2.—The police of this city are on the trail of a certain man in connection with the disposal of the young woman's body, a portion of which was found in a suit case at Winthrop a week ago last Friday, was learned for a certainty late tonight. The man they want to find has been missing from the city for ten days. He has been connected in some capacity with the office of a certain woman practitioner who has been before the courts several times and is called a "physician," but whether she has the legal right to the title is not known.

The police have known for six days that he is the person answering the description of the man who purchased the suit case of the pawnbroker in the south end of the city. In addition to these statements Timothy Hoard, the cab driver, who says he drove two men with a heavy suit case from Tremont street to the Chelsea ferry the night before the torso was found, has identified a photograph of the man as the younger of his two fares. He appears to have left the city very soon after the autopsy upon the torso had revealed that the malpractice victim had been dead but twenty-four hours when her dismembered trunk was picked up, and the rumor is that he went south.

The photograph came into the mystery through a lawyer who is at the head of a collection agency. He was employed by a woman, the former wife of the missing man, to drum up on the matter of unpaid alimony, and to assist the collection agency in running down the delinquent ex-husband she furnished a photograph of him.

Kidnapper Crowe Arrested

Butte, Mont., Oct. 2.—Pat Crowe, the Omaha kidnapper, is under arrest in Butte and occupies a cell in the county jail. The arrest was made by Detective McGarvey and Captain McGraw of the city police, who caught Crowe at the Northern Pacific depot about 9 o'clock, while he was waiting for a train going west. Crowe admits his identity, but they will not permit anyone to see him. Crowe has a brother living in Butte, Anthony Crowe, and it is stated that he arrived in the city this morning from the east and spent the day with his brother, intending to leave for the coast tonight. Detective McGarvey got a tip of Crowe's presence in the city and nabbed him.

Kindness to Refugees

Cincinnati, Oct. 2.—The seven actual sufferers from yellow fever who were brought to this city from the south, having recovered and being able to return to their homes in Louisiana, today sent a signed statement of appreciation and thanks to the city health officials and others on account of the treatment received here. Thanks were expressed for "the kindness and liberal views in welcoming to this city stricken refugees from a far-off state."

Rank and Honor for Witte

St. Petersburg, Oct. 2.—The imperial decree, issued today, formally announcing the bestowal on M. Witte of the rank of count, adds that the distinction is given "in recognition of the services to the throne and fatherland and the admirable manner in which he discharged a task of the highest importance to the state and as a mark of the special favor of the emperor."

Pictures From the Kaiser

Washington, Oct. 2.—Commander Hans-Georg Hebbinghaus, the naval attache of the German embassy here,

who has just returned to this country from Germany, today presented to President Roosevelt four steel engravings depicting the life of Frederick the Great, which were sent to the president by Emperor William. To Commander Hebbinghaus the president expressed his appreciation of the pictures, and asked the attache to thank the kaiser for them.

THE SEASON'S COTTON GINNING

The Figures to September 25th Were 2,358,031 Commercial Bales

Washington, Oct. 2.—The total amount of the cotton crop of this year ginned up to September 25 was 2,358,031 bales, counting round as half bales, and the active ginneries numbered 21,387, according to a report issued today by the census bureau. Texas ranks first, producing 777,446 bales from 3,739 ginneries. Georgia comes second, with a total output of 600,212 bales from 4,336 ginneries. These statistics have been compiled from the telegraphic reports of special agents who canvassed the ginneries, and are subject to slight corrections by the mail reports of the individual agents. No report was made for September of last year, and comparative statistics are consequently not available.

Table with 3 columns: States or Territories, Counting Round as Half Bales, Active Ginneries. Includes data for United States, Alabama, Arkansas, Georgia, Florida, Louisiana, Mississippi, Missouri, North Carolina, Oklahoma Territory, South Carolina, Tennessee, Texas, Virginia.

Circus Man Gives Bail

London, Oct. 2.—Joseph McCaddon, the former circus proprietor who was arrested at Southampton last Saturday as he was about to sail on the steamship St. Louis for New York, was brought up in the Bow street extradition court today, on a warrant issued at the instance of the French authorities charging him with fraudulent bankruptcy in connection with the recent collapse of his circus at Grenoble, France. He was remanded under \$40,000 bail, which was immediately forthcoming.

As to a Japanese Loan

London, Oct. 2.—Koretiyo Takhalra, the financial agent of Japan, who shortly will return to America, says there is no definite project for a new Japanese loan, nor have steps been taken for the conversion of the old loans. He anticipated, however, that the financial program to be submitted at the coming session of the diet will propose a new loan to liquidate the bonds now outstanding. The last loan is still intact, and will suffice to reimburse the Japanese armies in Manchuria and defray the expenses of the demobilization.

Monarch over pain. Burns, sprains, stings. Instant relief. Dr. Thomas' Electric Oil. At any drug store.

RAISING QUARANTINES

The Danger at New Orleans is Passing Away

New Orleans, Oct. 2.—The trip of Dr. White, of the marine hospital service, to the sugar parishes intended to secure such modification of the regulations as would permit the importation of labor to harvest the sugar crop, has been completely successful, all the county boards of health agreeing to such quarantine modifications.

The boards of health of Lafayette and several other towns have agreed to the New Orleans proposition to withdraw all quarantines on October 15 as no longer necessary.

The past week's record of 183 new cases and 23 deaths is the smallest since the outbreak of yellow fever in the Mount Carmel Asylum in Plety street calls attention to the fact that the Catholic church has suffered much worse than the others from the present epidemic, losing Archbishop Chappelle, and Father Greene of the Jesuits, and having the fever in very bad form in three convents supposed to be more or less cut off from the world. Last night's report shows fever trouble in three convents. The fever in the Mount Carmel asylum in Plety street has been traced to sisters from the convent in St. Claude street, who lodged in the asylum some two weeks ago and, it is thought, brought the infection with them from the convent in which there had been three deaths from yellow fever.

Now comes the death from that disease of Sister Mary Edith, a native of Germany. There was an unwillingness at first to fumigate churches and chapels, which may account for the spread of the disease in religious circles. Bishop Rouxel has pronounced strongly against this.

GREENSBORO FEDERAL COURT

Office Holder Cases to Be Tried Later in the Week

Greensboro, N. C., Oct. 2.—Special The October term of the United States court opened this morning and promises to be unusually interesting, if not sensational. There is a large crowd. The cases against the federal office-holders constitute the chief topic of interest and have attracted quite a number who are here in the capacity of witnesses and attorneys. It is understood that these cases will be called for trial later in the week. District Attorney Holton stated today that the case against N. Glenn Williams would be called for trial Wednesday. This rivals in interest and importance the cases against the revenue officers.

Only two cases of interest were before the court today, that of D. L. Arey of Salisbury, who was convicted at the June Charlotte term and appeared here today and voluntarily surrendered himself. He left tonight in custody of a deputy marshal for Salisbury, where he will enter upon his three months' imprisonment in the county jail of Rowan. Arey also brought with him and is ready to pay twenty-two thousand dollars, the amount of the judgment against him. He will also pay tomorrow a fine of two hundred dollars and costs amounting to something over sixteen hundred dollars, aggregating twenty-four thousand dollars, which makes the sum the government gets from this one defendant.

Following the disposition of this case was the trial of W. B. Lucas from Montgomery county, charged with operating unlawfully a brandy distillery. After very earnest arguments by his attorney, G. S. Bradshaw, and the district attorney, and the charge of the judge, the defendant concluded that he did not care to follow Mr. Arey, and failed to answer when called to hear the response of guilty from the jury. He is pursued by an instanten capias, but the chances are that he will not engage the further attention of the court at this term.

Durham News Boiled Down

Durham, N. C., Oct. 2.—Special.—Superior court convened here this morning with Judge Shaw on the bench. He and Judge Ward exchanged courts for the next two weeks. The term here will be for two weeks and for the trial of civil cases only. On the docket there are quite a large number of cases, seventy-five being set for trial. Among these being large damage suits of interest.

Ex-Mayor M. E. McCown, who was sentenced to thirty days for contempt of court by Judge Ward, was given his freedom last night at midnight. That was the end of the thirty days for which he was sentenced by the court. The jailer allowed the prisoner to get out as soon as his time was up, remaining up until midnight. There

Grand Opening,

FALL AND WINTER MILLINERY

Thursday and Wednesday, Oct. 3-2

We will exhibit our pattern Hats on the above named days.

We cordially invite all the ladies of the city to inspect them.

Our Millinery Department has been for years very popular and bids fair to be more popular than ever this fall.

The prices will be of interest to you. We will move from our present location after the Holidays and to close out the stock we will sell our Millinery at lower prices than you can buy them elsewhere.

Come and see the Hats.

Walter Woolle

14 EAST MARTAIN STREET.

were but few at the jail when he was released, as it was generally thought that tonight was the time for him to get out of prison.

Mrs. Bowling, wife of Dr. E. H. Bowling, died at her home in Edgemont yesterday morning. She had been extremely ill for some time and her death was not unexpected. A complication of diseases caused her death. In addition to the husband she left several children and a number of other relatives. The funeral and burial took place this afternoon.

Joseph R. Cates, about 40 years of age, died at his home in the western part of the city. He had been ill for some time. Consumption was the cause of his death. He left a wife and four or five children.

Hon. W. W. Kitchin's Son Dead

Roxboro, N. C., Oct. 2.—Special. Hon. and Mrs. W. W. Kitchin were bereaved Saturday evening in the death of their son William. He was a bright boy and everybody loved him. The funeral service took place today at 10 o'clock when little William was laid to rest in the city cemetery. Several of Mr. Kitchin's relatives from Scotland Neck came on a special train from Durham last night to be present at the funeral.

Murder Follows a Quarrel

Charlotte, N. C., Oct. 2.—Special.—A negro named Grover died in the Good Samaritan hospital here today as the result of gun shot wounds inflicted Friday night by another negro, Bob Springs. Grover lay in the road all night and was found lying unconscious condition Saturday morning. The men had quarreled. Springs made his escape.

THE BERWANGER READY-FOR-SERVICE GARMENTS.

Are the result of many years' effort. Our aim has been to provide a garment of undoubted good quality, that will admit of no criticism, and at a price, when viewed from all points, could not be qualified by any adjective but cheapest. If success can be measured by patronage, then indeed we have succeeded, for on follows seasons, the wearer of Berwanger garments increases steadily. Patrons of twenty-four years ago are our patrons today. We have given them perfect satisfaction. May we serve you in like manner? We do and boys.

Business Suits \$7.50 to \$25.00. Dress Suits \$15 to \$30. Top Coats and Rain Cravenettes \$10 to \$25.

S. Berwanger, Bell Phone 1052

The One-Price Clothier
