

TRAIN HELD UP AND DYNAMITED

Express Car Blown Open and Safe Robbed

MESSENGER INJURED

Three Men Known to Have Done Work—They Escaped—During Excitement Two Boys Tried Unarmed to Hold Up Passengers, but Were Captured

Seattle, Wash., Oct. 3.—The Great Northern Overland train leaving Seattle last night was held up and the baggage and express car dynamited about five miles from Ballard.

Three men are known to have done the work. Two boys who got on the blind baggage here, as soon as the hold-up began, entered the passenger coaches and began holding up the passengers. They were captured. They say two of the men were on the blind baggage when they got on, and the third got on at Ballard. All were well dressed, with rain coats and slouch hats.

So far as reported, no one was killed, but Charles Anderson, express messenger, was injured. Manager Waring of the Great Northern Express Company said he did not know the contents of the safe, but believes it was a small sum.

The train was flagged near a brickyard, and as the engineer slowed up two men with rain coats climbed over the tender and presented revolvers to his head. When the train stopped the engineer was instructed to pull ahead, which he did for several hundred yards, when he was again commanded to stop.

Two of the robbers then jumped off, making the engineer and fireman do the same and all marched to the express car door. The messenger was commanded to open the door, and, refusing, an extra heavy charge of dynamite was placed against it and exploded. The explosion tore the car almost to pieces. When once inside the car the robbers began dynamiting the safe, the first explosion being of six sticks, the second of twelve and the third of eighteen.

While the robbers were engaged on

the safe the two boys who had been riding on the blind baggage slipped off and went through the train, attempting to hold up the passengers. They had no guns, but took advantage of the timidity of the passengers while the shooting was going on outside.

The boys, who gave their names as Frank Alfred and Roland Gibbs, are now in jail at Everett. A passenger on the train says their method while going through the coaches consisted more of a begging character than a hold-up.

No one was injured seriously, although a continual fire of revolvers was kept up.

The train was delayed two hours and a half, and then pulled into Edmonds, making a brief report before proceeding to Everett.

The two boys claim they never met the hold-ups until they got on the train and are in no way connected with their work. The idea to hold up the passengers occurred to them after the explosion.

The men disappeared in an easterly direction. Sheriff Smith has started out with a posse.

Conductor Grant's report of the hold-up shows that at least seven men were engaged in the robbery. The conductor believes there were men further down the track, but they did not take any part, possibly because the train stopped too soon.

At noon today the bandits were located at Bitter Lake, near Bettle. This is the same stretch of country where Harry Tracey three years ago stood off a posse for many days. It is expected that a battle will take place with the sheriff's posse at any time. The railroad company has offered \$5,000 reward for their capture and the whole country between here and Bettle is swarming with officers, including some of the best gun shots in this part of the west.

TO FORSYTH'S SOLDIERS

Confederate Shaft Unveiled at Winston

Addresses by Major Waddell of Wilmington, Lieut.-Gov. F. D. Winston, Hon. C. B. Watson, Mrs. H. A. London—Veil Drawn by 2 Ladies

Winston-Salem, N. C., Oct. 3.—Special.—In the presence of an immense throng of citizens of this and adjoining counties and to the happy strains of Dixie the shaft that stands as a loving memorial from the Daughters of the Confederacy to the Confederate dead was formally unveiled here this afternoon.

On account of rain it was found necessary to hold the exercises in the court-house, and soon the auditorium of the building was crowded to its utmost capacity, while hundreds could not get near the doors. The Daughters of the Confederacy occupied seats in the bar, while on the rostrum were Mayor Eaton, Hon. C. B. Watson, Lieutenant-Governor F. D. Winston, Hon. A. M. Waddell, Rev. Dr. H. A. Brown and Dr. H. T. Bahnsen, master of ceremonies.

After prayer by Dr. Brown, Mayor Eaton, in a short address, welcomed the visitors to our city.

The Salem boys' band furnished music for the occasion.

The principal address was delivered by Hon. Alfred M. Waddell of Wilmington, one of the foremost orators of the state. His speech was listened to with close attention, and was interrupted again and again with applause. Lieutenant-Governor F. D. Winston made the address of presentation in behalf of the Daughters. He began his address by referring in the most complimentary terms to Governor Glenn, who owing to other important business was unable to be present, and who had delegated him to perform this pleasant task.

Mr. C. B. Watson accepted the memorial in behalf of the veterans in a few appropriate words.

Mrs. Henry A. London of Pittsboro, president of the North Carolina Division United Daughters of the Confederacy, in response to an invitation, made a beautiful little talk, pledging the Daughters of the Confederacy to teach and uphold the traditions of the southland, saying that never would a southern mother teach her children to look upon the Confederate soldier as other than a patriot, who fought and died for the homes and liberties of his southland.

After the speech-making all gathered around the monument on the courthouse lawn and amid the inspiring strains of Dixie and the cheers of thousands, Miss May Barber and Miss Bessie Blum uncovered to the world the beautiful shaft surmounted by the life-size figure of a Confederate soldier, which will stand for years to come as a loving tribute from the Daughters of the Confederacy, to the Confederate soldier of Forsyth county. Immediately after the unveiling the veterans and daughters of the Confederacy proceeded to the reordering house of the R. J. Reynolds Tobacco Company, at the corner of Fourth and Chestnut streets, where an elegant dinner was served to more than 500 people.

BIG MILL IN TROUBLE

Union Mills Liabilities \$2,700,000

President's Indebtedness \$481,000

Charlotte, N. C., Oct. 3.—Special.—At a special meeting of stockholders of the Union Cotton Mills, one of the largest mills in the state, held for the purpose of reorganization, the report of an expert accountant showed liabilities of approximately \$2,700,000 and revealed the fact that the mills had been losing money for several years, only holding their own by money made in cotton speculation, though since January 1st over \$300,000 had been lost in speculation.

The report showed a personal indebtedness by President Duncan of \$481,000, and by the Buffalo mills of \$500,000. A committee was appointed to examine the reports of experts and President Duncan's explanations, to report tomorrow at 1 o'clock.

The election of officers is likely to take place at tomorrow's meeting. A stockholders' meeting of the Buffalo mills, set for today, postponed till the Union mills matter is settled. Northern capital is largely interested and the situation has elicited widespread interest. It is unofficially reported that President Duncan has been asked to resign and refused.

The Berlin Strike

Berlin, Oct. 3.—The strike of the electrical workers promises to end in a complete victory for the employers. The men's main hope to compel concessions by depriving the city of electric light has been shattered by an influx of non-union electricians from the provinces, attracted by the liberal terms offered by the companies. These men, with many engineer students from the schools, are working under police protection. They are sumptuously fed and housed and their work has prevented any trouble to the users of the electric light. It is likely that a number of the strikers will be permanently replaced by these provincials. The strike fund, despite subscriptions from the socialists, are in nowise abundant.
