EDGECOMBE CONVENTION. Judge Phillips Unanimously Endorsed for Renomination.

[Special to STATE CHRONICLE.] TARBORO, N. C., July 10.—The Edgecombe county convention was held here Monday, and there was a large delegation in attendance, every township having a full representation.

Col. Elias Carr was unanimously elected chairman, and Frank Powell, of the Southerner, and H. T. King, of the Banner, secretaries.

Committees were appointed to recom-mend delegates to the State, Congressional and Judicial conventions; also a committee to draft resolutions setting the principles of the Democratic party. These committees retired and performed their respective duties. In the meantime a resolution was read endorsing Hon. Fred Phillips for renomination. The resolution was received amid most hearty applause and was adopted MEMINE DISSENTIENTE. Edgecombe is a unit for Judge Phillips and the delegation from this county will make honest and strenuous endeavors to compass his renomination. Edgecombe knows a faithful servant and she does not purpose allowing his services to go unrequited if all honorable means employed and diligent efforts can secure his renomination.

As to the ability and faithfulness of Judge Phillips no one questions, and why should he not have the renomination? He is learned in the land, fair and impartial in all his decisions and at all times metes out justice, tempered with mercy, to everyone.

Does not such a public servant deserve to be retained in office? The people of Edgecombe think so and they earnestly wish to see him renominated.

Mr. Rogers, of Arkansas, made a long speech on the request of Mr. Enloe, of Tennessee, that the journal be corrected so as to show that he was absent instead of present and not voting yesterday. Mr. Rogers criticised severely the rules of the House.

He quoted from remarks of Mr. Mc-Kinley, made when the rules were adopt ed, to the effect that the people were more interested in what the House did than in the rules under which it was done. This, said Mr. Rogers, was the old maxim that "the end justifies the means." It was this principle that led to the stealing of the presidency in 1876 and to the "blocks of five" letter.
