LEACH & ANDREWS, --Ice Manufacturers-- RALEIGH, N. C. Having recently completed a plant, with the most modern and improved machinery for the manufacture of ice, we are turning out the prettiest, clearest and firmest ice that has ever been manufactured in this country. Every block being of uniform size, it packs in the car closely, and will suffer less loss in transportation than either natural ice or that manufactured by the old process. As to purity, we challenge comparison. Every gallon of water we use is first evaporated into steam under a pressure of one hundred pounds to the square inch and condensed before freezing, thus insuring water as pure as it comes from the clouds. Carload quantities on short notice. Full weights and careful packing guaranteed. Address, LEACH & ANDREWS, Raleigh, N. C.
