MY FRIEND--A WORD WITH YOU.

Do you know that every man who desires to vote at this election must register ANEW? Even if you have REGISTERED and voted before, you must register again under the new Election Law to vote this year.

Do you want the Republicans to carry the election and have your neighbors arrested and put in jail as in 1868 9? If not, REGISTER and VOTE THE DEMOCRATIC TICKET.

Do you wish the negro to get control of your county and State? If not, REG-ISTER and VOTE for the DEMOCRATIC Do you not know that EVERY NEGRO

Don't say you have not time-take time-Your HAP-PINESS depends on it; the GOOD NAME AND PROSPERITY OF YOUR STATE DEPENDS ON IT; HONEST GOVERNMENT AND WHITE MAN'S CONTROL DEPENDS ON IT. DON'T WAIT.

All Democratic papers will please copy and keep at the top of the column of each issue until after the election. ED. CHAMBERS SMITH,

Chm'n. Dem. State Ex. Com. WHAT PROTECTION MEANS.

The percentage of tax on silks and fine goods is much less than it is on coarse blankets and woolens. Under Radical rule a few thousand men have accumulated millions, and millions have been robbed by high taxes and reduced to poverty. This is what PROTECTION means, and the PROTECTED manufacturers can make millions by CONTRIBUTING from the immense amounts of which the people have been plundered, to enable Quay, Dudley & Co., and the Radical party to keep up the plunder.

It is the DUTY of every honest man to register and vote in the interest of hon-

The Republicans, the Mugwumps and the county Democracy in New York city have joined hands and nominated monguee ticket to defeat Tammany. It is going to be an interesting and a spirited fight. Tammany has 100,000 adherents, and there are 130,000 other voters in the city. If all go together Tammany will be defeated, but upon a stretch | legislature. A negro presided over the Tammany usually increases its regular vote and of late it has been the winner. The result of the coming election is problematical, but the CHRONICLE is all the time betting on Tammany and hoping that it will win the State. Its Democracy is sound. . We do not like political combinations between opponets.

RADICALISM IS SECTIONALISM.

When the "Higher Law," strengthened by the sentiment of hostility to the institution of slavery, which was PROTEC-TED by the old constitution of our fa to the interest of our New England them to Southern masters and getting GOLD for them, had, by the results of a bloody sectional war, become incorporated in the new constitution by the abolition of slavery, the Northern Democrats and the Southern Democrats, were again UNITED under an AMENDED CONSTI-TUTION and RESTORED UNION, but our sectional Republican friends seem to hate the constitution and the Union as much as ever, and only to love SECTIONAL political power and LEGALIZED robbery by a high tariff, and are impudent enough to style themselves friends of the Union. Let every man who loves a CONSTITU-

government. AND STILL THEY COME.

TIONAL UNION and the rights secured by

it, register and vote for good and honest

We publish a communication in today's CHRONICLE from A. V. DOCKERY, Esq., giving the reasons why he cannot Vote for Chas. Price, Esq., the Radical candidate for Chief Justice. MR. DOCKERY was Consul under GRANT to Leeds, (we think it was) and is a son of HON. O. H. DOCKERY, who is now Minister to Brazil. He says that he is not ready to become a Democrat, but he will not surrender his convictions.

We are glad to print his letter. It is another evidence of the corruption of the Radical party in this State. Many Radicals are leaving it, and others who love their State and have respectability are so disgusted that they cannot en dorse its conrec Instead of getting better, the party goes from bad to worse.

PRICE REPUDIATED.

The Son of Hon. O. H. Dockery De-Price for Chief Justsce, and Gives Good Reasons for His Refusal.

(Special Cor. of STATE CHRONICLE.) CARTHAGE, N. C., Oct. 13, 1890.-1 shall not support the State ticket headed by Chas. Price. Like many other Republicans I regarded the appointment of Price as bad politics, and I could see less reason for his nomination at Raleigh to

an honorable position. It has been charged and not denied (of my knowledge) that he was handsomely paid for his turning effort in 1882, that subsequently he refused to speak for his new party associates unless | jority. money was raised to pay him, and that two years ago he returned to his vomit and voted against our ticket, developing all the nauseating qualities of the in-

grate and of the officefor revenue expert. Holding now the best Federal office in the State, and still employed as a railroad attorney, my party gravely seeks to glorify his treachery and insincerity by making him Chief Justice. Does any man believe he would resign his present place of profit for a more honorable one? I think not. Then, there has been either a farcical nomination or one that was made in earnest and with the understanding that the Richmond & Danville company will make up the salary to their Chief Justice. The people of this State have not got so low as to permit the latter, and the Republicans should resent the former by quietly taking a dose of Price's own

medicine -voting the Democratic ticket. They can thereby place them-selves in line for Harrison's and Blaine's administration. The truth is that the party has been SKUNKED by the nomination of Mott's man Friday as Chief Justice.

No man can say that I have not during the past two campaigns stood in the thickest of the political fight, and if Delay may cost the defeat of the party. I come out boldly now and say what I shall do, it is because I have so detestashall do, it is because I have so detestable an opinion of the QUIET CUT affected and effected by Mott and Co. in 1886, and their double shuffling on Blaine and Sherman later. I cannot see my way to become a Democrat, but I can do something towards preserving my own party from being "skunked" by the election of Price without deranging my equanimity

as to possible consequences. A. V. DOCKERY. POLITICAL GOSSIP.

Capt. Jas. H. Exum has been nominated for Register of Deeds of Nash county in place of R. F. Drake, deceased. He is President of the Farmers' Alliance of hear him. It did good. Nash, and represented the county in the Legislature of 1885.

At the Senatorial convention held at Little's Mills yesterday, that good Democrat and Allianceman, John C. McAulay, Esq., of Mt. Gilead, was selected as the standard bearer of the Democrats and Alliance in this Senatorial district. He is a man against whom no one can est, economical and equal government. truthfully bring reproach; a capable, intelligent Christian gentleman; a successful farmer and a true Allianceman, and if elected he will worthily represent all the people of his district in the Senate of the next General Assemply .- Troy Vidette.

> The Radical convention in Wayne nominated a county ticket with a negro for Register of Deeds. A committee was appointed to name the candidates for the convention. The Argus says: "Mr. W. S. O'B. Robinson withdrew from the convention as soon as it was organized, on the question of nominating a ticket being carried, he being opposed to that course, and he was followed from the convention by quite a number of colored men, but the full vote of the several townships and precincts were polled."

WINSTON-SALEM NEWS.

(Special Cor. STATE CHRONICLE.) WINSTON, October 13th, 1890.-The Roanoke and Southern railroad is begining to look as if it will be finished to thers, which was adopted when it was | Martinsville, Va, by December 1st. All track has been laid up to the Mayo river, friends to PROTECT it UNTIL they could in Rockingham county, and the bridge EMANCIPATE their own slaves by selling for the crossing is very nearly finished. All the road from that point on to Martinsville is smoothed up and there are no more trestles or bridges until the road gets in sight of that town, when it will have to cross Smith's river. Superintendent Maslin says that the whole road will be completed before December 1st, and cars will run over the full line on regular schedule by December 1st.

The mineral excitement continues along the line of the road. Mr. B. F. Feeley, one of the contractors who recently discovered the vein of silver ore on the plantation of Mr. Milner P. Baughn, near Price's Store, has said that all the necessary machinery had been ordered from Cincinnati to work the mines. Some mining men from Washington and Alexandria, Va., are going in with him and they will develop everything in that line they can find up in Rockingham.

The Mocksville branch road is now well under way. The track has been laid beyond the Davis Military School and the contractors are pushing their work. All the timbers for the bridge across the Yadkin river has been prepared and nothing will have to be done except the placing of them in position. I am informed that the road will reach Mocksville by Christmas if nothing hinders; anyway not later than New Years.

The Winston Tobacco Board of Trade met in its annual election session Saturday afternoon and elected Mr. W. W. Wood, President. He is one of the best men of our place. Kind, gentle, affable, and having an influence for good that is felt among his fellows, he will be a worthy successor to the sainted Mr. M. W. Norfleet, whose recent sad death the whole State.

Friday, Dan Conartzer, the muderer of Call in Davie county, about two years ago, was acquitted by the jury and released. After the supposed murder he skipped the country, but returned and gave himself up to the officers for trial.

The Southern Educator well says that Blair's sunny nature and intellectual training is missed in our graded school, and there are many good things that we have to thank him for, yet his brother, Professor J. J. Blair, clines to Vote for R. R. Attorney his successor as Superintendent, is worthy of the words of the Educator for he wears the mantle well and is gaining great popularity and proving himself fully equal to the responsibility of that high office.

At times he was argumentative, at times pathetic, and at intervals would soar aloft into the imaginative flights of true eloquence and hold his audience in breathless silence. It was long but it was not one of those that seems long. It was of that kind which the appetite devours and cries for more. Mr. Lacy is one of the rising young preachers of the State and as pastor of the church at Bingham School he is at the right place. Sunday at ernoon at the Young Men's Christian Association rooms he spoke on the subject "The Christian before the world" and had a fine crowd of young men to

THE SUCCESS OF THE

SOCIETY

NEW YORK

Is attracting wide attention, for the following reasons:

1st. The increase in the amount of new Insurance in 1889 was 66 per cent over that of the previous year.

2d. New business in 1889 nearly twenty millions of dollars.

3d. The ratios of payments for Death Claims and Expenses to amount at Risk are LOWER than those of the oldest and largest Life Insurance Companies of New York; and the Ratios of Assets to Liabilities in the Provident Savings Life are LARGER, being \$206 for every \$100 of Liabilities, while in the three largest of the New York Companies the Ratios are as \$127, \$118 and \$108 to every \$100 of their Liabilities.

4th. Life Insurance at ACTUAL COST, that brings insurance within the reach of many heretofore unable to carry it.

5th. It never costs one-half the price charged for it in "Best Old Style Life Companies," whose experience proves that hardly 39 per cent. of their Premium Receipts were necessary to insure the lives of their Policy-holders; while the balance was used

FOR SOMETHING ELSE

besides insurance.

6th. Past experience shows that the better the plans of the Society are known, the greater its income becomes.
