THE LAST CAUSE OF DIFFER. ENCE REMOVED.

A prominent and influential member of the Alliance, a Democratic candidate for the Legislature, writes us under date of October 15th, the following private letter. It accords so exactly with | House of Congress-the mere assertion the position of the CHRONICLE, and seems to us to contain so much wisdom, that we take the liberty of giving it to the readers of the CHRONICLE, withholding the name of the writer for the present. Its statements are commended to the consideration of every Democrat, have honestly criticised the letters and the position of SENATOR VANCE. Our Alliance friend writes:

This letter selves impregnable because they claimocratic party that has taken place for forgotton, however, that Roman blood customers. many years, not only in North Carolina, flowed through plebeian veins, and ere but for the whole union. This letter other unworthy cause, submit to vasputs Senator Vance just where I have claimed he was ever since reading his letter to Mr. Car. The State press (I have claimed) did Senator Vance great injustice in declaring throughout the State that he was opposed to the principles of the sub-treasury bill. This let-ter will do great good in North Caro-lina, and should Senator Vance take the stump with Polk and others in the west blood from which they are descended and advocate the sub treasury bill as he can and inform the people on the finances of the country, we will have no trouble in destroying the power of money to op-press the people, and Vance would at once be the biggest man in the Union. We must have more money and cheaper money in this country. The scarcity of money and hard times in the rura districts is driving our men to the towns and to the west. It takes the manhood and the womanhood out of the young people of the country.

DEMOCRATS, GO TO WORK

A thoughtful and patriotic gentleman who has recently been in a dozen or more coupties in Eastern North Carolina writes a private letter to the editor of the CHRONICLE from which we take the liberty of making a few extracts. They serve to show us the danger that | they willing to entrust themselves to we are in, and ought to stir up every men who would enslave their own race? Democrat to go to work. He says:

in the good work. The situation is such indifference and apathy among white men. The Republicans are quiet, but they are on the "still hunt." This is apparent to appear where the such as the winds of the desert, and whosoever relies upon them will sooner or later come to grief. For the colored man then there can be no well grounded hope that the Washington really alarming. I have never seen is apparent to anyone who goes among the people. The negroes are more aroused than I have ever known them. They all register.

One cause of danger is from disappointed candidates. There have been more candidates for every position, from constable up, this year than ever give him a guaranteed suffrage and se-Continue to sound the alarm of dan-

There is no danger in North Carolina this year except from apathy and a false sense of security. If Democrats take it for granted that they will win, the humiljustice will be "exhausted" will be visited upon us. To work, Democrats, to work!

A GOOD EXAMPLE.

The Asheville Citizen (it gets better every day) calls attention to the example of an old gentleman, aged 84 years, who walked four miles in order to register and vote the Democratic ticket. And the Citizen adds:

The man who pretends to be a Democrat and to hate the Republican party and all its works with a righteous hatred and then will not take the trouble to register is beyond our power to bring to a realizing sense of his condition. But he will live to regret his folly.

It has been said by one of the wise men of old that though a man be as wise as Solomon and as strong as Samson if he hasn't got the money he can't settle. In like manner we say unto you, that though your Democracy be the soundest and though you may have "whooped 'em up" at the primary and the county convention, unless you register you can't vote. -Statesville Landmark.

THE Concord Standard is a bright and spicy sheet, and since its enlargement is better than ever.

AN ABLE APPEAL TO MEN WHO LOVE THEIR HOMES.

("pecial Cor. STATE CHRONICLE.)

FRANKLIN, N. C., Oct. 20. -I desire for the manly stand you have taken in behalf of our beloved republic, and I feel especially gratified at the manly defence you have made for our State sovereignty. The perpetuity and usefulness to mankind of Republican government depends upon the sovereignty of of the rights of the States is the first fatal step towards the disfranchisement of the citizen. This accomplished and the ballot box becomes a mockery. We have had recent verification of this. The unseating of members of the lower House of Congress who were sent there by the certified voters of a large majority of a free constituency, without the right of evidence and the privilege of counsel and a fair trial by an impartial jury, show most conclusively that the ruling dynasty at Washington have purposely ignored the first great principle of a Republican form of govern ment, the right of freemen to representation through the ballot box. Indeed, the exercise of such power by the lower gard of citizen rights and the substitu- tions. tion of the dictum of a "junto" for the voice of freemen. I use the word junto in this connection because Clifford, Ashley, Buckingham, Arlington and Lauderdale with their master Charles II did not at any time exercise a more absolute and odious power than and particularly of those Democrats who have our American junto in their late revelings amidst the ruins of the Amer-I am delighted to receive the Chroni- entrench themselves as our masters.

THE SUCCESS OF THE

SOCIETY

NEWYORK

Is attracting wide attention, for the fol-

lowing reasons:

1st. The increase in the amount of new Insurance in 1889 was 66 per cent over that of the previous year.

2d. New business in 1889 nearly twenty millions of dollars.

31. The ratios of payments for D. ath Claims and Expenses to amount at Risk are LOWER than those of the oldest and largest Life Insurance Companies of New York; and the Ratios of Assets to Liabilities in the Provident Savings Life are LARGER, being \$206 for every \$100 of Liabilities, while in the three largest of the New York Companies the Ratios are as \$127, \$118 and \$108 to every \$100 of their Liabilities.

4th. Life Insurance at ACTUAL COST, that brings insurance within the reach of many heretofore unable to carry it.

5 h. It never costs one half the price charged for it in "Best Old Style Life Companies," whose experience proves that hardly 39 per ceat. of their Premium Receipts were necessary to insure the lives of their Policy-holders; while LARGEST AND BEST SELECTED ST the balance was used

6th. Past experience shows that the better the plans of the Society are known, the greater its income becomes.
