

The State Chronicle.

PUBLISHED DAILY AND WEEKLY BY The Chronicle Publishing Co., 216 Fayetteville St., RALEIGH, NORTH CAROLINA.

JOSEPHUS DANIELS, Editor.

DIRECTORS: JOSEPHUS DANIELS, H. B. HARDY, GEO. P. FELL.

TERMS—POSTAGE FREE: DAILY, one year, \$6.00; DAILY, six months, 3.00; DAILY, one month, .50; WEEKLY, one year, 1.25; WEEKLY, in clubs of 5, 1.00. Liberal commission allowed to club agents. Sample copies furnished free on application.

DROP US A POSTAL.

If at any time your paper is not delivered, or if it is delayed. Papers should be on the door steps of every city subscriber by six o'clock in the morning. If not somebody is at fault, and if so we want to know it. If you fail to receive your paper, therefore, or if it comes late, drop us a postal at once, giving your address, and stating your complaint, which will receive prompt attention.

I am a Democrat, pure and simple. I believe in fighting for reforms inside of party lines. I believe that any attempt to organize a third party in the South would be an absolute failure --- Ben Tillman.

WEDNESDAY, July 15, 1891.

A POPULAR FALLACY EXPLODED.

This is the time of year when people who think they think begin to pack their valises and go to the seashore. They don't want to go. Oh, no. They find no pleasure in the inspiring music. The breaking of the billows at their feet is no poem to them. The surf-bath—refreshing and strengthening to tired, ordinary men—holds no refreshing portion for them. Serious thought alone is their recreation, so they say. But they have labored hard for a year, and they need the fish diet which gives strength to the brain. A New York Herald writer says that is the reason President HARRISON went to Cape May.

But, alas! for this long accepted theory that fish food makes gray brain matter. Listen to what a learned writer in a current English magazine has to say on this subject:

One popular fallacy in connection with fish may be noticed—namely, the oft repeated assertion that the eating of that particular food increases brain power. No one who has studied the subject can possibly

believe the assertion. A man might eat a huge portion of fish every day of his life, and on the day of his death, if the quantity of phosphorus (the brain invigorator) consumed were to become visible, it would not amount to more than might probably suffice to tip a couple of lucifer matches.

The bright Herald man comments: "Imagine an administration that only scraped together the illuminating power of two lucifer matches during a six weeks' vacation!"

And, continuing, the writer—who really must have had our own distinguished ichthyophagist under consideration—observes:

"While living upon fish only, one feels 'a want,' a craving for 'something you don't know what'—that is to say, you cannot give a name to your desires; nor does the feeling wear off as you continue the dietary."

THE TERMINAL ROAD MOVES ITS HEADQUARTERS.

The headquarters of the West Point Terminal system, known as the Richmond and Danville, will shortly be removed from Washington to Atlanta, and MR. PAT CALHOUN will be made Vice President of the system. This is a move that indicates the determination upon the part of the Terminal authorities, not only to make dividends, but to redouble their efforts for the rapid and solid development of the country through which their lines run. MR. INMAN and MR. CALHOUN tell the Atlanta Constitution that the removal of the headquarters was agreed upon because the great system can be more successfully operated from Atlanta than from any other point.

The removal is a great thing for Atlanta. General Manager WM. H. GREEN, General Pass. Agent JAS. L. TAYLOR, Traffic Manager SOL. HAAS, and Treasurer HALL will have their offices in Atlanta, and in the course of a short time shops for the building and repair of locomotives and cars will be erected. MR. CALHOUN, Vice-President, will have his office in Atlanta and have full authority to hear all complaints, find out what is needed and act for the company.

We note this movement with pleasure because it is another indication that owners of great Southern interests are finding out that the most successful management is possible only by personal contact with the Southern people. The Terminal system has been fortunate in having such wise Southern men as MR. INMAN, COL. ANDREWS and MR. CALHOUN in charge of its interests. The more power and authority they are given, and the nearer the managers are brought in contact with the people, the better for the South and for the roads.

PARIS is excited over a paper by DR. LANNELONGUE in which he disclosed the results of treating infantile cases of tuberculosis with injections of chloride of zinc. The experiments have been successful, but the doctor says they are only experiments. He has, however, been besieged with letters from tuberculous patients from all parts of Europe who feel that they are in the presence of a sort of universal panacea. It may have merit, and has made a decided impression upon those who saw the experiments, but if the public become too hopeful they may be destined to another bitter disappointment like that which followed the shipwreck of the tuberculine treatment of Professor KOCH.

At the Chicago Exposition, little Delaware is to have the first choice of ground for a location of a State Building because she was the first to ratify the Constitution of the United States. Rhode Island was last, and will thus have last or "Hobson's choice." It is a little remarkable that the two smallest States of the original thirteen should be the first and last.

The Senatorial fight in Mississippi gets hotter. MAJ. BARKSDALE (Sub-Treasury advocate) carried Carroll county, which is the home of Senator GEORGE. In Yazoo, which has always been MAJ. BARKSDALE'S strong-hold and which is his old home, GEORGE gets the instructions. BARKSDALE'S friends attribute it to his advocacy of the Sub-Treasury bill, for he is personally very popular in Yazoo. Up to date, GEORGE has 40 out of 47 of the nominees.

"I AM A DEMOCRAT"

There is a dispute between the admirers of CLEVELAND and HILL as to which one is the author of the above expression. HILL has enjoyed the honor exclusively because in the fall of 1885 he made a speech in Brooklyn and brought down the house with the declaration "I am a Democrat."

Now a New York admirer of MR. CLEVELAND calls attention to the fact that on July 24th, 1884, when MR. CLEVELAND was notified of his nomination as President, he said:

"I AM A DEMOCRAT because I believe that this truth lies at the foundation of true democracy: The party and its representatives which ask to be intrusted at the hands of the people with the keeping of all that concerns their welfare and safety should ask it with the full appreciation of the sacredness of the trust and with a firm resolve to administer it faithfully and well."

Eternal Vigilance.

Is the price of health. But with all our precaution there are enemies always lurking about our systems, only waiting a favorable opportunity to assert themselves. Impurities in the blood may be hidden for years or even for generations and suddenly break forth, undermining health and hastening death. For all diseases arising from impure blood Hood's Sarsaparilla is the unequalled and unapproached remedy. It is King of them all, for it conquers disease.

Where the Snow Birds Nest.

For a cool place in summer; for health and recreation visit Linville, Grandfather Mountain, and the beautiful region surrounding them.

Regular sales of real estate will commence in Linville on June 1st. Residence and business lots, and suburban sites offered at private sale only. may-6-2-m.

LOUISBURG FEMALE COLLEGE, LOUISBURG, N. C.

All the English branches, with Music, Art, Elocution and Ancient and Modern Languages taught by the most approved methods. Callisthenes free. No physician required in the College during the past year. Board, washing, lights and tuition in English only \$140 per year. Special studies at reasonable rates. Send for catalogue to S. D. BAGLEY, A. M., President. June 20-23m

Notice of Sale.

As trustees of S. B. Norris and C. A. Carter formerly trading and doing business in the city of Raleigh as Norris & Carter, the undersigned will sell on Monday, the 20th day of July, 1891, at public auction, for cash, at the Court House door of Wake county, all the notes, accounts, choses in action and other evidences of debt belonging to the said Norris & Carter. Time of sale 12 o'clock m. Terms cash. W. G. UPCHURCH, M. T. NORRIS, Trustees of Norris & Carter. July 10th, 1891. 7-11-tds.

The women praise P. P. P., for Scrofula, General Weakness and Nervousness, Indigestion, Rheumatism, and Female Complaints. Try the great and powerful P. P. P., and then recommend it to your neighbors, and you will know you have done a good deed.

Wake Up

If you wake up in the morning with a bitter or bad taste in your mouth, Languor, Dull Headache, Despondency, Constipation, take Simmons Liver Regulator. It corrects the bilious stomach, sweetens the breath and cleanses the furred tongue. Children as well as adults sometimes eat something that does not digest well, producing Sour Stomach, Heartburn, Restlessness, or Sleeplessness—a good dose of Regulator will give relief. So perfectly harmless is this remedy that it can be taken by the youngest infant or the most delicate person without injury, no matter what the condition of the system may be. It can do no harm if it does no good, but its reputation for 40 years proves it never fails in doing good.

Be Not Imposed Upon!

Examine to see that you get the Genuine, Distinguished from all frauds and imitations by our red Z Trade-Mark, on front of Wrapper, and on the side the seal and signature of J. H. Zellin & Co

P. P. P.

is recommended by physicians because they see its healthy effects all around them.

A leading physician in New York and director of one of the large hospitals, says, Feb. 8, 1890, he has made use of the P. P. P. sent him, and was pleased to say P. P. P. proved efficacious in a number of cases, and adds, it is no more than he should have anticipated from the satisfactory combination of such well-known drugs. A prominent railway superintendent of Savannah (name given on application) says he was crippled by a disease in legs and arms, powerless to walk or eat without assistance, having lost the use of his limbs by rheumatism, malaria, dyspepsia, etc. Physicians here sent him to New York and they returned him here, and he was as complete a wreck as one could be and live. A course of P. P. P. has made him a well man.

P. P. P. is known among physicians in the South for its various and wonderful cures as the great purifier of the age.

Blood Poison

Primary, Secondary and Tertiary Syphilis, old sores, pimples, blotches, scrofula, blood and mercurial poison and skin diseases are eradicated by the use of P. P. P. Hosts of certificates are in office to show the cures in these diseases where all other medicines have failed.

Rheumatism

Inflammatory, gout, sciatic and its kindred diseases with its excruciating pains are cured by the wonderful blood-cleansing properties of P. P. P. (Prickly Ash, Poke Root and Potassium).

Catarrh

Originates in scrofulous taint. P. P. P. purifies the blood and thus prevents catarrh.

For Old Sores, Skin Eruptions, Pimples, Ulcers and Syphilis, use only P. P. P., and get well and enjoy the blessing only to be derived from the use of P. P. P.—Prickly Ash, Poke Root and Potassium.
