A Fatal Cyclone.
 By Southern Associated Press
 OSAGE CITY, Kan., April 19.—About 4:30 o'clock yesterday afternoon one of the worst cyclones which ever visited Kansas struck this city, and in short time forty buildings were wrecked and several lives lost. About twenty persons were seriously injured, many of whom will probably die. Part of the city devastated lies on the south side of the tracks of the Santa Fe, and comprises both business and residence buildings. Fully 100 houses, barns and stores in the suburbs were completely demolished. Telegraph and telephone lines are all down and the streets are lined with debris. The damage is estimated at \$50,000. Osawatomie Kansas was also in the path of the cyclone, a terrible hail storm occurring at 6 p. m. The houses are flooded from torrents of rain. Windows are broken and several barns and small buildings were blown over.

Cholera in Europe.
 By Cable.
 VIENNA, April 19.—Two cases of cholera and one death from the disease are reported from Onuth, in Bukovina. Four cases have occurred in Nove Mamapove.

St. PETERSBURG, April 19.—The official statistics just issued show that from March 13th to March 27th there were 460 new cases and 120 deaths in the government of Podolia, and from March 27th to April 18th 113 new cases and 35 deaths in the government of Oofa. Elsewhere in the empire 15 new cases and 7 deaths are reported.

Gold in the Treasury.
 By Southern Associated Press
 WASHINGTON, April 19.—Secretary Carlisle stated this afternoon that he had \$1,176,000 free gold in the United States Treasury. This was obtained yesterday and today principally from the West in exchange for small notes, and relieves the tension at least for the present. Mr. Carlisle declined to discuss the present situation or the possibilities or probabilities of future action.

A Saw Mill Fire.
 By Southern Associated Press
 NEW ORLEANS, April 19.—Last evening the Pelican saw mill was destroyed by fire; also a million feet of lumber with no insurance. Thirty cottages in the vicinity and a pile driver were also burned. The total loss foots up a hundred thousand dollars. The cottages were occupied by laboring people, who lost all their furniture.

A \$250,000 Fire.
 By Southern Associated Press
 WORCESTER, Mass., April 19.—Fire destroyed the great structure of the Clinton wire cloth company's works at Clinton this morning. Loss \$250,000. There is an insurance of \$450,000 upon the plant, which is divided among eight manufacturers' companies.

AT HAMPTON ROADS.
NEW ARRIVALS GREETED WITH SALUTES.
 The Booming Guns Cause the Ground to Shake and the Windows to Rattle—All Countries Who Accepted will be Represented.

By Southern Associated Press.
 FORT MONROE, Va., April 19.—Another foreign ship passed in between the capes early this morning and dropped anchor with the fleet. The Arethuse daily expected for some time was sighted before many persons were astir. At 8 o'clock, as the bands on the flagships at anchor playing the national anthem, the big cruiser came lastly drifting down in the Roads under easy steam, and just as she got abreast of the Philadelphia, the American ensign was broken out from the mainmast and as its folds lengthened out to the stiff breeze, twenty-one guns were fired in its honor. The Arethuse had hardly taken her position with her two companions Jean Bart and Huzzard, at the extreme east end of the fleet when the water battery at the fort answered her gun for gun. Then Admiral Gherardi saluted with seventeen more guns and the Philadelphia promptly responded with the same.

The ceremonies over, the Frenchman turned her attention to the foreigners in the harbor and for over half an hour there was an incessant bombardment of quick regular volleys of Britishers, deliberate sharp cracks of Russians, heavy ponderous thunder of Hollanders and the prompt smart reports of the Italian, as they all saluted or answered the salutes of the Admiral commanding the new arrival. The reports made by so many discharges fairly shook the ground and caused the window panes to rattle like hail falling upon the tin roof.

To-day is wash day on the American ships. The rigging of the vessels were strung with jumpers, trousers and a black silk handkerchief of the sailors which fluttered in the breeze and added nothing to the beauty of the vessels. The harbor continues to fill up with all sorts of pleasure boats, big side-wheel steamers and luxuriant yachts. Many people who could not obtain accommodations on shore have come in their chartered steamers and live aboard them at night, while the day they spend visiting ships and seeing sights in the harbor.

The Argentine Republic's ship, Ninth of July, has not yet arrived, nor has the other Russian and two Italians, which are somewhere in the vicinity of the capes, and may drop in at any moment. All of the British ships have arrived, and the last French cruiser to come in completes that country's display. Three more Russians are expected to reach New York before the close of the review. Two Brazilian ships are en route from the West Indies, and the Spanish ships are somewhere between here and Havana with the Columbus caravels in tow. All of these war vessels are liable to arrive before the end of the week and Admiral Gherardi is confident that when he sails Monday there will be few countries that accepted the invitation to participate in the review whose ships are not here.

In the afternoon the commander of the Arethuse stepped into his gig and was rowed to the Philadelphia, where he called officially on Admiral Gherardi and was received with due ceremony. Thirteen guns announced his departure, and after when Admiral Gherardi returned the call the same ceremonies were enacted aboard the French ship. During the day the French Admiral called upon Col. Frank and officers of foreign ships and more gunpowder was burned.

Just before noon the new cruiser Detroit, which has had her trial trip North, came into the Roads with two brooms made fast to her rigging, indicating that the navy had another ship that could sweep the seas. She circled around the fleet and then steamed out for Baltimore.

Lynched by a Mob.
 By Southern Associated Press.
 LITTLE ROCK, Ark., April 19.—Twenty-five masked men overpowered the jailer at Morrilton shortly after 11 o'clock last night and took Flannigan Thornton, a negro, who recently murdered Constable Chas. F. Pate, to the woods. Up to a late hour the sheriff was unable to ascertain the whereabouts of the mob. A reward of \$100 for the capture and conviction of each member of the mob has been offered by the sheriff.

Garcia Revolutionists Surrender.
 By Southern Associated Press.
 WASHINGTON, April 19.—General Schofield received a telegram from the commanding officer at Ringgold, Texas, announcing the surrender at that post of two more of the Garcia revolutionists.

Doings at Washington.
 By Southern Associated Press.
 WASHINGTON, April 19.—For the first time since the adjournment of the Senate the White House today was free to all who came to see the President, and contrary to the expectation of a number of interested observers, there was no great rush of office seekers. Senators and Representatives came slowly between the hours of 10 and 12 o'clock and at noon all the others who came on business were admitted. There was a great crowd of these and Mr. Cleveland had his hands full attending to their wants, but an hour sufficed for the reception of all. There were no appointments today. Hereafter appointments will be made public at noon and at that hour only.

Secretary Herbert will start for Hampton Roads Friday next if his health will permit. He will go from here to Annapolis, where he will board the Dolphin and sail for the Roads. He will be accompanied by his daughter and his naval aide, Ensign Woods.

The Navy Department this afternoon issued the following programme of arrangements in connection with the naval review at New York:

1. A banquet by the Chamber of Commerce to the officers of the review fleet, on the evening of the 27th inst.
2. Reception at City Hall, New York, by the Mayor, to the officers of the Naval Review fleet, at 2 p. m., April 28th. Carriages will be provided by the Chamber of Commerce to take the officers from 42nd St., North River, to the City Hall.
3. This reception will be followed by a land parade of marines and sailors from the vessels, and from such of the foreign vessels as may be willing to join. The men are to land at 42nd street, North River, and to march by 42nd street to Fifth Avenue, then to 14th street, then to Broadway, then by the City Hall, and then to embark at the most convenient point to return to the ships.
4. The army steamer, "General Meigs," has been detailed to take the Duke de Veragua and his suite during the review, and will follow in the line with the reviewing vessel. Major General Schofield and Rear Admiral Belknap will accompany Duke Veragua. Commander Goodrich has been detailed to take charge of "General Meigs."
5. It has been agreed that the ministers representing the different countries shall present their officers to the President on board the Dolphin. There will also be given a banquet on the night of the 27th by the Grant Monument Association, at which Secretary Herbert will be present.

Cleveland Joins the Festivities.
 By Southern Associated Press.
 WASHINGTON, April 19.—The President expects to be absent from Washington about a week in attendance upon the naval review and the opening of the World's fair. He will go to New York next week and remain until the official ceremonies connected with the review are over. A short rest will follow his return to Washington and he will then leave for Chicago to be absent three or four days. The details of the programme are not arranged. Cleveland will not attend the naval rendezvous in Hampton Roads, and Mrs. Cleveland will not accompany her husband to Chicago, although she will go with him to New York. All the ladies of the families of the members of the cabinet will be with the President and cabinet in New York, and probably will accompany the Presidential party to Chicago.

Not True.
 By Cable.
 LONDON, April 19.—The story given out yesterday that the Dowager Duchess of Sutherland who was sentenced to six weeks' imprisonment in Holloway jail for contempt of court, had been locked up, was universally printed and believed. It transpires today, however, that the report was erroneous. Her counsel obtained permission for her to remain at a villa in Windsor for the night with the understanding that she surrenders to the authorities. It is now announced that she was taken suddenly ill at four o'clock this morning. The requisite number of physicians' certificates are forthcoming to keep her out of jail for the time being. Meantime an effort is being made to demonstrate that the judge exceeded his authority and that titled women are exempt under the provision of law governing civil cases. Hers, however, is a criminal case.

NEGROES HOLD THE FORT.
THE JAMES CITYITES REFUSE TO BE DISPOSSESSED.
 The Sheriff Who Goes With a Posse to Dislodge Them, Finds All Doors Locked and a Sullen Assemblage of Twelve Hundred Darkies Confronting Him.

NEW BERNE, N. C., April 19.—Special—The sheriff went over to James City this morning with wagons to dispossess the tenants of the houses, but finding the houses all locked up and the occupants absent he returned to the city, having accomplished nothing. What the next move will be has not yet been made known but a very large number of citizens of New Berne have been summoned to report at the court house tomorrow morning. The sheriff states that on his arrival there today he found an immense congregation of people, ten or twelve hundred, in the streets, all in a sullen mood, and in answer to his question, "Who lives in this or that house," "I don't know," was invariably given.

The threatening aspect was such that his men, four or five in number, were unwilling to proceed to break open the houses and finding that he could do nothing under the circumstances he returned to the city. He says the postoffice and one church were the only buildings he saw open. All the others were closed up. No threat was made to him but one of his men was told by some one in the crowd that if he attempted to break open a house he would be killed.

Serious Charge Against the Speaker.
 By Southern Associated Press.
 COLUMBIA, S. C., April 19.—A sensation was sprung in the fight against the Dispensary bill to-day when Major Hamilton, counsel for Chester dealers, filed his rejoinder to the city council's answer. He charges the Speaker of the House of Representatives with altering the bill after it had been passed by the House. The paragraph making charges says that the bill never acquired force of law in the State because the original which was passed by both houses was altered and changed by Ira B. Jones and amended as he saw fit, when it appears in the journal that no such changes or alterations had been sanctioned. The charge will doubtless bring forth much acrimonious discussion.

No Treaty with Ecuador.
 By Southern Associated Press.
 WASHINGTON, April 19.—The announcement that the treaty had been concluded and only awaited ratification by the Senate between the United States and Ecuador, by which this country was to acquire one of the Gallapagos islands as a naval coaling station, proves to be entirely without other foundation than the beated imagination of our minister to Ecuador, Mr. Mahaney, of Buffalo, N. Y. Mahaney, in letters to friends in this city, described the aforesaid treaty in minutest detail, and stated that he had forwarded the treaty to the State Department.

These letters were made public by Mahaney's friends. High officials of the State department confirm the statement that no treaty for the acquisition of territory for the coaling station has been negotiated with Ecuador, and adds that Mahaney's correspondence with the State Department though voluminous, does not even mention that he was engaged in the attempt to negotiate such treaty.

The Agitation Allayed.
 By Cable.
 BRUSSELS, April 19.—Yesterday's vote in the Chamber of Deputies reversing the former action of that body and granting universal suffrage practically, as demanded by the workmen, has completely allayed the agitation among the industrial population. The strikers here, at Antwerp and other places generally, resumed work this morning. No further trouble is apprehended.

What 'tis.
 Why 'tis the greatest special sale ever before heard of. On next Monday Swindell will sell indigo blue lawn warranted fast colors at 71-2 cents per yard. These goods are cheap at 15 cents. Remember 10 yards to each customer.

Our Advertisers.
 There is a lot of talk and a lot of writing about our advertisers, but they are all right if they will come to Swindell's and get a spring suit at cost. We are offering all our clothing any longer. Now if you would strike a bargain and at the same time get seasonable goods come at once to Swindell's.

The velvet touch of the Tiger is thus noted by the Indianapolis News: Tammany raised \$10,000 Monday evening for the widow and child of one of its members—Senator Hogan. And yet some people wonder how Tammany managers to preserve its superb organization.

Baseball Tomorrow.
 The game between the University and Wake Forest, which is to take place tomorrow (Friday) afternoon, is the first of the series for the championship of the northern section of the Southern Intercollegiate Association. The winner of this game will represent North Carolina in the game with the University of Virginia at Lynchburg on April 28th. It is a very important game, therefore. A good deal is dependent upon it, and each team is ambitious of the honor of representing the State in the subsequent contests.

The game will be played under Association rules, and with a neutral umpire. It will be played through and without unnecessary bickering or "kicking." The umpire's decision is final, and neither side dare risk a forfeit. The Raleigh public can feel assured then of a pleasant and probably a fine game, full of brilliant plays.

Both teams have trained well for the game and are in fine condition. Each has given some evidence in practice games what it is capable of doing. Wake forest, in a ten inning game has defeated the Petersburg club, which afterwards held the famous Boston down to a score of 1 to 0. The University played a week ago an errorless game against Vermont, keeping them down to a score which was the smallest made by them in two years with one exception.

The young men belonging to both teams are anxious to retrieve their reputations before the Raleigh public and do away with the unfortunate impression made in previous years.

The Holt Monument.
 The Greensboro Record has been shown the plans for the Holt monument to be soon erected at the Guilford Battle Ground. It is to be a handsome piece of work; the base is five feet square and two feet high. The next piece is four feet square and fourteen inches high, the die is to be three feet high and three feet square, surmounted by a cap fourteen inches high. There are to be three bronze plates costing \$185. On one is to be the coat of arms of the State; another will be inscribed: "Erected by Gov. T. M. Holt, 1893," while suitable historic inscriptions will be placed on the others. The whole is to be of Mt. Airy granite.

Mrs. Hammond Released.
 By Southern Associated Press.
 ATLANTA, Ga., April 19.—Today's developments in the Redwine investigation resulted in the release, on her own recognition, of Mrs. Hammond, the woman arrested three weeks ago as an accomplice of Redwine, and who was believed at one time to have some of the money. There seems to have been no evidence to show that the woman had any money. Redwine was sent for by the grand jury, but he was too ill to leave jail.

Terribly Wounded.
 Last night about 8 o'clock a man terribly wounded his wife's feelings by telling her that he could no longer pay for the high priced hats and dresses she had been buying, but if she would use good judgment and go to Swindell's he would be willing to pay for anything she purchased. At this she brightened up and said she had not thought of that, but would go at once to Swindell's and buy herself a new hat and dress and also something for the children. Her husband explained to her that she would save from 20 to 25 per cent by doing this. Everything in millinery and dress goods at Swindell's at a lower price than any house in the State.
