Net Gold in the Treasury. By Southern Associated Press.

Washington, April 25 .- Net gold in the treasury this morning is over and above \$100,000,000; the gold reserve is \$900,000. This accounts for the gold taken from the New York sub-treasury for export today and accepted from Borton bankers. It does not, however, include the gold which was offered to the government from San Francisco and Roanoke, Va; these amounts will appear in the Treasury figures when the actual exchange is made. Secretary Carlisle is much encouraged at what he terms the "patriotic

position taken by the Boston banks." He took over with him to the Cabinet meeting this morning a bundle of papers, presumably bearing on the conference of the New York bankers with Assistant Treasurer Jordan. In an incomplete condition the Secretary did not deem it prudent to express his opinion in the matter.

WASHINGTON, D. C., April 25 .- The President and party will leave here tomorrow afternoon for New York to attend the naval review. The Chicago at noon Friday to attend the opening of the Columbian Exthe train leaves Chicago at 6 p. m Monday, and is due in Washington at 1 o'clock Tuesday afternoon.

Cotton Killed by Frest. By Southern Associated Press.

JACKSON, Miss, April 25.—From all portions of the State comes the report that cotton is either killed or greatly injured by the recent cold spell and frost. There is time to replant, but great trouble is that in many sections there is no seed. This complaint is almost general. Recent high prices paid for cotton seed had the effect of causing nearly all the surplus to be carried to market.

THE QUESTION BEFORE THE CABINET.

Secretary Carlisle Brings Up the Proposition of the New York Bankers.

By Southern Associated Press.

tary Carlisle brought up the proposition of the New York bankers to supply, under certain conditions, the Treasury Department with gold. It was very thoroughly discussed and finally rejected. What this proposition was is not known, whereas Secretary Carlisle declined to make its terms public. It was not, however, considered advantageous to the government. This was the culmination of several propositions submitted, one of which was declined last Saturday. A counter proposition was then made by the bankers to the Secretary of the Treasury which was received last from no desire of the sheriff. He Monday. This was also rejected, and in turn the Secretary submitted the rioting, and the members of also refused to accept. All negotiations therefor between the Treasury Department and the New York bankers are off at least for the present, and Secretary Carlisle will look in other directions to continue to replete the Treasury with gold.
