Swept by a Cyclone.

By Southern Associated Press.

HOPE, Ark, June 1.—Howard county was swept by a terrible storm of wind and rain yesterday afternoon, resulting in the loss of life and great destruction of property. County Assessor Stewart and two children are reported killed in the collapse of their home. Many bridges and trestles along the different railroads are wrecked, and several hundred feet of the Aarkansas and Louisiana Railroad are washed away.

At Harrisburg the Cantly Lumber Company's property was swept away. Among the injured are David Roberts, fatally; Jacob Suzede and wife, slightly injured. Loss to property $90,000.

The entire country is wrecked from two to seven miles southwest. Rain and hail both fell heavily. Judge Gibson's farmhouse, three miles south, is totally wrecked. At Guernsey half a dozen houses are blown down and many inmates seriously hurt.

At New Leadville a destructive hailstorm did great damage to the crops and residences, and killed a large amount of stock.

The World's Fair is Ready.

By Southern Associated Press.

CHICAGO, June 1.—Everybody in every State is informed today by the commissioners that the fair is in shape and a good time to see it is at once. This official letter will be scattered in every corner of the country and its aim is to disprove the silly charges of incompleteness and extortion. The document is a long affair explaining the immense scope of the exposition and its advantages from an educational standpoint. It will recite that there is enough to busy the mind of the studious man for many months. It advises no one to stay away since the occasion is the grandest of any age in any country. There are no excessive prices for essential things and it is time that the stories should be branded as untrue. The statement will be wired to the leading papers and given the widest possible circulation.

A Cyclone in Mississippi.

By Southern Associated Press.

MEMPHIS, Tenn., June 1.—An Appeal-Avalanche special from Rosedale, Miss., says: A cyclone struck this town at four o'clock yesterday afternoon and the roar of the wind drowned the cries of the wounded. The scene was awful in its grandeur and beggars description. The killed are as follows: W. W. Bowdre (colored minister and wife). The list of wounded embraces the following: Mrs. Capt. Miller, John Water, A. V. Foote, Lucas Veal, Lynn Robinson. The two last named are colored. Twenty houses were either wrecked or badly damaged. Among them were the Baptist and Methodist churches and the City Bank. Many cabins occupied by colored people were blown down and trees and fences were carried by the wind like straws.

Insanity was the Plea.

By Cable.

LONDON, June 1.—William Townsend, the man who was arrested on the charge of having discharged a pistol in Downing street, but really on suspicion of intent to murder Prime Minister Gladstone, and subsequently charged with having sent to Gladstone a letter threatening to take Gladstone's life, was put on trial today at Old Bailey. The defense offered was that Townsend was insane. After hearing the evidence the jury found Townsend guilty of the crime charged against him, but was irresponsible for his actions. The judge thereupon ordered that Townsend should be confined during her Majesty's pleasure, the usual order made when convicted persons are held to be irresponsible on the ground of insanity.

The Tomb of Jefferson Davis.

By Southern Associated Press.

RICHMOND, Va., June 1.—Crowds of people visited Hollywood today to view the grave of Jefferson Davis. Mrs. Davis and family went out to take a last look at the casket. At 3 o'clock the work of bricking up the tomb was begun. During the day a number of people called on Mrs. Davis and her daughter.

All the floral designs in the Davis section have been turned over to the trustees of the Valentine Museum, who will have them embalmed, after which they will be transferred to the Confederate Museum of Antiquities.

THE NEW TREASURER

TAKES CHARGE OF THE UNITED STATES VAULTS.

Mr. Morgan Relieves Mr. Nebecker—It Will Take Six Weeks to Count the Cash.

By Southern Associated Press

WASHINGTON, June 1.—D. H. Morgan, of Connecticut, the New United States Treasurer, took the oath of office this morning, and entered upon the discharge of his duties, relieving E. H. Nebeker, of Indiana. The committee appointed to count the money in the Treasury assumed charge at 12 midnight, and began the count. It will take six weeks to count it. Owing to the extra work necessitated in transferring the office of United States Treasurer from Mr. Nebeker to Mr. Morgan, the figures necessary to prepare the monthly statement could not be compiled today. The debt statement will be issued tomorrow, June 2d.

The coast defense vessel Monterey has completed her last official trial trip and there is rejoicing at the Navy Department as to the result, in view of the repeated attacks that have been made upon the character of the workmanship upon the boilers and machinery. These stories, it is presumed, have now been set at rest by the trial, which was particularly severe in the endurance test, the boilers being kept under full steam pressure and the engine at work for more than two days and three nights. The trial took place off the Southern coast of California, the vessel leaving Mare Island navy yard last Saturday and returning yesterday. Capt. Howison, president of the trial board, telegraphed Secretary Herbert that the performance of the vessel was satisfactory in all respects.

To add to the board's findings the following telegram, dated May 31st, has just been received from the chief engineer of the Monterey, forwarded through the proper channels: "Machinery worked very well. No water in journals. No leaks in boilers. Continually in operation sixty-five hours. Power not as high as expected, due to inferior coal. Speed nearly thirteen knots."

The Presbyterian General Assembly.

By Southern Associated Press.

WASHINGTON, June 1.—When the Presbyterian General Assembly convened as a court at 9:30 o'clock there was a notable decrease in the attendance, both on the floor and in the galleries, last night's vote having been the climax of the meeting of the Assembly. The members of the prosecuting committee were in their accustomed places, but Prof. Briggs' party, represented by Prof. Francis, were alone.

The Moderator first announced the committee, the appointment of which was authorized last night, to formulate the minutes, expressing the sense of the Assembly as to the vote taken upon the appeal from the judgment of New York Presbytery. By a vote of the Assembly Rev. Thomas A. Hoyt, D. D., of Philadelphia, was made chairman. The other members are as follows:

Ministers—H. W. Cogden, of New York; James H. Brooks, Missouri; Calvin W. Stewart, Nebraska; W. W. Marshal, Nebraska; J. J. Lucas, Indiana; George D. Baker, Pennsylvania; E P. Whallon, Indiana, and Thomas D. King, Iowa.

Elders—John Randolph, Baltimore; Thomas McDougall, Ohio; David Jackson, California; Edward T. Green, New Jersey; James A. Curry, Kentucky; E. D. Warfield, Pennsylvania.

The committee were given leave to retire for consultation, and the Assembly as a court adjourned to be reconvened at the call of the moderator. The Assembly then resumed the consideration of legislative business. Chairman Baker, of the judicial committee, reported upon the complaint against the synod of Pennsylvania, which was not sustained by the committee, and the report was adopted.

At 12:50 the General Assembly took a recess till 2:30 p m., previously adopting the report of the committee on bills and overtures, reaffirming the deliverance of the Assembly of 1892 on the inspiration of Holy Scripture. The committee having under consideration the sentence to be imposed upon Dr. Briggs had not reported. The committed appointed to fix upon Dr. Briggs' sentence have agreed upon their minutes. It is understood that Dr. Briggs refused to make any compromise, and that the committee recommend that he be suspended.

MILWAUKEE, Wis., June 1.—The Plankington Bank, which was involved in the F. A. Tappan failure, closed its doors this morning.

Salem College Commencement.

WINSTON, N C., June 1.—Special.—Today marked the close of the ninety-first session of the far-famed educational institution, Salem Female College. The exercises opened at nine a. m. and concluded at twelve m. As usual the attendance was large. After music by orchestra, reading of the scripture lesson by Rev. James Hall, and prayer by Rev. S. B Turrentine, of Winston, a beautiful vocal solo was rendered by Miss Tracy, director of that department. "What woman can do" was the subject of the annual address by Congressman G. W. Shell, of South Carolina. It was an appropriate and instructive effort. Principal Clewell made a short address, reviewing the work of the school during the past year, and success it had attained. He said the attendance was the largest in thirty years. Diplomas to 41 graduates and thirteen post graduate students were presented by Bishop Rondthaler of the Moravian church. The exercises were concluded with a benediction by Dr. A. D. McClure of Wilmington. The ninety second session of the college opens September fifth. The twin city club gave its tenth annual reception tonight. Beauty and splendor held high carnival. Five hundred people were in attendance, two hundred being visitors from many states in the South. The music was furnished by the Salem orchestra and Charlotte band. It excelled all former events by the club. The german was led by R. L. Crawford of Winston and Miss Ida Dunlap of Macon, Ga.

The Nantucket Sent to North Carolina.

By Southern Associated Press.

WASHINGTON, D. C., June 1.—The Navy Department is determined to do all in its power for the encouragement of the Naval Militia in the different States that have shown sufficient interest in this important branch of the defense service to pass the necessary laws to warrant the extension of Federal aid. Today an order was made transferring the old monitor Nantucket to the Naval Militia of North Carolina. The monitor is a veteran of war and was under heavy fire at the bombardment of the Charleston defence. The machinery is in good condition; the boilers have been recently tested and the monitor can in a few days be put in as good condition as she was when last in service. She is now at the New York Navy Yard, and as soon as a few repairs are made she will be sent to Wilmington with some one of the new cruisers Southward bound and will be turned over to the North Carolina State authorities.

To the Public.

I have been requested by some of those who are now engaged in the preparation of "The National Cyclopædia of American Biography," to try to procure the autographs of the following named Governors of North Carolina: James Turner, David Stone, William Hawkins, Jesse Franklin, James Iredell, Ben. Williams, Nathaniel Alexander, Ben. Smith, William Miller, Gabriel Holmes, John Owen, Montford Stokes.

If the newspapers of the State will kindly give this request one or two insertions they may do the State some service in trying to rescue from oblivion the names and autographs of many of our early Governors. If any of the newspapers or any other person can ascertain the county in which any one of said Governors resided at the time of his death, and will inform me of the same, he or they will oblige me by so doing. It is reasonable to suppose that any man who was prominent enough to be Governor of North Carolina must have left his autograph among some of the records of his county.

It is proper to remark that I have no interest in this matter except as a citizen of the State.

Refreshments were served in the dining-room and shortly afterward the rice was scattered and Mr. and Mrs. Ruffin left for their new home in Hillsboro.

WAKE FOREST COLLEGE.

THE GRADUATING CLASS OF 1893.

Twenty-three Young Men Take Their Diplomas—The Graduating Orations and Thesis.

WAKE FOREST, June 1st, 1893.

The scholastic year of '92-'3 at Wake Forest College has drawn to a close and twenty three young gentlemen took their diplomas today—full fledged graduates. Unlike most commencement days the forenoon was bright and propitious and the country people from miles around were present in large numbers. And to this may be added hundreds of Alumni and friends of the College who have been in attendance during the entire week, making the audience as large if not larger than on former occasions.

At high noon the Wingate Memorial Hall was comfortably filled and the class of '93 were ushered to the rostrum by the Marshals of the Euzelian and Philomathesian Societies, respectively, and given seats to the right of the stand. On the left whre noticed, in addition to President Taylor and the members of the Faculty, Drs. Huffham, Hobgood, C. Durham, Skinner, Pritchard. Cade, Hall; Revs. J. L. White, A. C. Dixon, of N. Y., J. C. Hiden, of Va; Messrs. W. E. Daniel, N. Y. Gulley, Geo. Blount, Judge Faircloth, Hon. J. C. Scarborough and others prominent in Church and State.

THE SENIOR ORATIONS.

After a preliminary concert by the band, President Taylor announced Charles P. Sapp, of Concord, as the salutatorian, and the visitors were welcomed by this young gentleman in a neat and effective manner. This was followed by a strikingly appropriate oration by Mr. E. Y. Webb, of Shelby, subject, Jefferson Davis. The name alone of the great Confederate chieftain inspires, ever, a hearty and enthusiastic applause, and now as all Southern eyes are turned to the newly-made mound in Richmond's Hollywood, that applause was the more intensified. And the subject was gracefully handled. Mr. Webb is an orator of ability; he writes with ease and speaks with ease, and every word goes to the hearts of his hearers. He will represent his college at the Intercollegiate oratorical contest this season at Morehead. Mr. Webb was followed by Mr. Josiah C. Kittrell, of Kittrell, N. C., subject, The Modern Sphinx. This young gentleman was the orator of his society at the last anniversary exercises and his oration at that time was pronounced a master piece in thought and in diction. Even more can be said of the effort today.

Mr. Samuel J. Porter, a member of the class, was elected a missionary to Brazil at the recent session of the Southern Baptist Convention. He expects to sail in a few weeks, and naturally his thoughts are turned to Our Southern Sister—the subject of his oration. Mr. Porter reviewed the civilization of Brazil, its rapid growth, its prospective future, and spoke feelingly of the lack of Christianity in a country so blessed with sunshine and flowers. His speech was emotional, and listened to with a strong, feeling interest.

The Message of Modern Science, was the next oration, by Mr. R. W. Weaver, of Greensboro. The speech was along the line of the theme, the "message" being suggested to him by the inscription over the entrance to the Machinery Hall at the Columbian Exposition at Chicago—"The fittest survive." It was brief but strong.

Mr. Isaac T. Newton, of Fayetteville, spoke on Modern Epicureanism. In this he reviewed the worldly sins and in a clerical, to be-sure, but strong and impressive style arraigned the card-players, &c. His speech abounded with pleasantry and was entertaining.

The valedictory address was delivered by Mr. F. P. Hobgood, of Oxford, and a happy departure it was from the old style. "Farewell" was said but no tears were shed. In behalf of his class adieu was said to faculty, schoolmates, citizens—all, but it was not the intent of the speaker to appeal to the emotions of his hearers. And it was especially good. Mr. Hobgood's average grade at college was 97.8, an average worthy of record. He has been recently elected to a chair at the Oxford Female Seminary.

The other young gentlemen of the graduating class, who submitted thesis' were: J. Elbert Austin, J. William Bailey, George W. Blanton, Charles H. Durham, D. Milton Gaddy, William A. Jones, Everett B. Lattimore, Stephen McIntire, Jesse D. Moore, Jr., David M. Prince, George H. Ross, William A. Smith, Claude W. Wilson, John A. Wray, Alvis M. Yates and J. Judson.

THE ROYAL CHAIR—LAW—MEDICINE

Hon. J. C. Scarborough, Superintendent of Public Instructions, reported for the trustees. He received the work accomplished at the Alumni banquet last night in regard to the Royal English Chair. This is to perpetuate the name of the late Prof. Wm. M. Royal, who for a number of years was teacher of that branch. The chair is to have an endowment of $25,000, and over $2500, was subscribed at the banquet table. It has also been definately decided to establish a law department at the college and the legal members of the board were authorized to make full preparations for the same by the beginning of the fall term. A school of medicine is being contemplated. The degrees of D. D. were conferred upon Revs. H. W. Battle, of Virginia, and A. T. Robertson, of Louisville, Ky.

Tonight is the concert by the band and the social reception in the Society Halls—an annual occasion of great note on the "Hill."

The Raleigh Public Schools Entertainment.

Metropolitan Hall was crowded last night as seldom before for the closing entertainment of the Raleigh Public Schools. It was a happy gathering. The little folks were there in full force, and so were their fathers and mothers, and all were highly delighted with the performance.

The following delightful programme was rendered:

TABLEAU.

FLOWERS:

Snow drops, crocus, daffodils, anemones, violet, primrose, marsh marigold, ladysmocks, buttercups, cowslips, tulips, hyacinths, May, daisy, lilies of the valley, peonies, hedge roses, forget-me-nots, white lilies, yellow lilies, poppies, evening primrose, pinks, corn marigold, sunflower, chrysanthemums, Christmas rose.

CALISTHENICS.

The Brownies at the Court of Jack Frost.—Jack Frost, Master Duncan Faison; Herald, Master Charles Harris.

The Cadet's Pic-nic, or a Merry Company—Captain, Master Leigh Skinner; Charlie, a cadet disguised as a peddler, Master Edwin Nowell; Florence, the village mischief disguised as a peddler, Miss Nina Green; Bessie, Miss Maud Edwards; Gertie, Miss Kate Skinner; girls, cadets, policemen.

Solos—Leigh Skinner, Miss Nina Green, Edwin Nowell, Talcott Brewer. The songs of all were after the latest and most popular operatic airs, well rendered and most highly enjoyable and appreciated by the large audience. There was not a vacant seat, and the rush for seats was evidence of the great interest manifested in the school by citizens of Raleigh, and the well-filled hall was sufficient proof of the popularity of the schools.
