THE NEW INVESTIGATION.

THE SAME JURY AS THAT WHICH SERVED BEFORE.

A Trip to the Cemetery to Take a View of One of the Bodles-Did Lack of Shoring Cause the Disaster.

By Southern Associated Press.

Wassington, June 15.- The new inquest over the remains of the Ford's theatre disaster begun this morning. The proceedings were devoid of sensational character, the evidence, being directed exclusively to the ascertainment of the cause of the building's collapse.

Col. Ainsworth addressed a letter to Coroner Patterson today complaining that the jury were prejudiced against him by the testimony of the disaffected clerks and riotous proceedings of previous illegal enquiry, and urging his right to be present by counsel and cross examine witnesses. Coroner Patterson refused the request. Expert testimony as to the building was taken for brilliancy, but as a man of parts, np to recess at 12:30 p. m.

Ainsworth's attorney was in the hall this morning a few minutes before the inquest began, but he withdrew before Coroner Patterson rapped the jury to order. District under Mr. Cleveland's first adminis-Attorney Thomas sat with the coroner, and the police lieutenant was present with a squad of police, but there, in a faithful service of only made 's yield readily to his ingenithere was no call for their services today. The same jury were summoned that took part in the interupted proceedings, and they went to Glenwood cemetery and viewed the body of Frederick P. Doftus, one of the victims which lies in the receiving vault there.

One of the witnesses was James was at once liberated from the L Parsons, building contractor. prison. M. Charles de Lesseps, who He had examined the building with ly of power and wide influence. a view to bidding on the contract. Subsequently he became associated names of sixty-seven clerks were examined the building as the work OBSERVER, a leading daily of the eral Land Office. Of this number progressed and since the disaster, and had considered the building safe before excavation, but he saw no evidence of shoring up. His opinion was that the work was unsafe without shoring. The building inspector Entswisle testified that he had examined the wreck and saw no evidence of shoring.

He was asked if the work in progress at the building when it collapsed could have been done safely without shoring, and he replied emphatically:

"No, sir; his idea would have been to shore up and take the weight off cellent spirits despite the seeming every column.' "Would you have undertaken the

work without shoring?" asked the District Attorney. ted purchase of prussic acid. After "No, sir; and in my opinion that consultation of the justices at 10:20

was the cause of the disaster." Architect Clark, of the Capitol, nary evidence did not come up to a gave his opinion that the building was safe before the excavation was begun, and he concurred with Parsons and Entwisle, that the work exhibits at 10:25, the commonwealth should not have been undertaken rested its case and a recess was tawithout shoring.

In reply to the question by Juror Warner, Entwisle said that the Unitween the counsel and the court at ted States buildings in the District the conclusion of which Governor of Columbia were exclusively under Robinson asked for ten minutes in the control of the United States which to arrange matters for the government, but did not appear opening of the defence, it being unto have any officer to look after derstood that the prosecution would
