THE BANK OF NEW HANOVER

CLOSED ITS DOORS YESTERDAY IN WILMINGTON.

The Assignment Causes a Run on the Wilmington Savings and Trust Company---It Is Believed Depositors Will Be Paid Dollar for Dollar.

By Southern Associated Press. WILMINGTON, N. C., June 19.—The Bank of New Hanover was not opened this morning and the following notice was posted on the door: "Owing to the withdrawal of more than \$320,000 of deposits and notice of over \$150,000 intended withdrawals maturing in a few days and also to its inability to realize quickly upon its assets on account of the stringency of the times, the Bank of New Hanover has been forced to make an assignment to Junius Davis in the interest of all concerned. Depositors will receive dollar for dollar and the business be wound up as rapidly as possible. W. L. SMITH, (Signed.)

The general belief here is that the above statement is entirely fair and honest. The assets are estimated at \$1,250,000 and the liabilities at \$800,000. All unpaid collections of the Bank of New Hanover have been turned over to the Wilmington Savings and Trust Company for remittance.

Chronicle.

Homeless. DULUTH, June 18 .- The result of a year of enterprise on the Mesaba range has been wiped out in a single day. Advices received today indicate that the towns of Virginia and Mountain Iron had been destroyed, and that Biwabik was partially if not entirely wiped out. It is impossible to estimate the loss. but it will approximate \$1,000,000 and several thousand people are

homeless. For three weeks the range has been in danger. Forest fires has been burning on all sides of the new mining towns, and only by the greatest effort has the disaster of today been so long averted. Saturday the first news was re

ceived which indicated any serious danger. Up to this time the range towns had fought the fire for themselves, and had so far as possible kept the news of their danger from reaching the outside world, for fear that their prospects might be injured. On Saturday evening General Manager Philbin, of the Mesba and Northern road, received advices which convinced him that the danger was imminent, and he went to Virginia to look after the interest of his road, which touches most of the mining towns. The fire at this time was all about the village, but there was every reason to believe it could be kept under control. This morning a strong wind blew

up and the greater part of the range was doomed. The first news came from General Manager Philbin, who telegraphed at 2 o'clock to President Merritt, of the road:

"Men, women and children loaded on ore cars ready to leave. For God's sake send us aid."

At nearly the same time messages were received from the other range towns.

The operator at Mountain Iron telegraphed that the town was burning, and the Duluth and Iron Range operator at Biwabik wired to President Greabinger of his road "Goods removed from depot. Good-

Ashland, Wis, June 18.—Iron River, a thriving town of over 2,000 population, twenty miles from Ashland, is in flames and is likely to be entirely wiped out. The fire caught in the outskirts of the village from forest fires, destroying the new schoolhouse, Congregational and Roman Catholic churches, and Hessey and Hatton's big warehouse.

Forest fires have been racing al through northern Wisconsin today, causing the hot air to sweep this section like hot winds in the desert. Washburn had a close shave, and along the line of the C. & O. your the fire has made a heavy sweep in and about White River. It is likely to sweep on south and burn millions of teet of standing pine.

The Ford's Theatre Disaster. By Southern Associated Press.

Washington, D. C., June 19.-It was decided by Coroner Patterson tion causes thin and weak hair to betoday not to summon Col. Ains worth as a witness before the Coroner's jury investigating the cause of the Ford's Theatre disaster. Ainsworth is willing to appear as Chief of the Record and Pension Division and an army officer, but not as an ordinary witness. The Coroner believed nothing could be gained by summoning him in his official capacity, and as Ainsworth is not willing to appear as an ordinary citizen, it was thought nothing could be gained by calling him.

The testimony this morning was principally in reference to the character of the material used by Contractor Dent in doing the work beneath the old theatre building.

Washington, June 19 .- The coronors jury investigating the Ford's Theatre disaster has brought in a verdict holding Col F. C. Ainsworth contractor Geo. W, Dant, superin tendent Covert, and Engineer Sasse, responsible for the deaths of the victime, by reason of criminal neglig-
