A Common Sense Calendar,

The calendars that come in the fall are as numerous as the flowers that bloom in the spring. Many further resemble the flowers in that they come without being sent for, and fade after a very brief existence. The most sensible and business-like Calendar that we have seen comes to us from N. W. Ayer & Son, Newspaper

Advertising Agents, Philadelphia, and bears their "Keeping everlastingly at it" imprint. It is so large and clear that its dates can be easily distinguished across an office, and is printed in a manner to reconcile the most

fastidious to its company for a year. It is sent to any address, postpaid, on receipt of 25 cents.
