\$3.00 PER YEAR.

SPANISH BRUTALITY

Cuban Prisoners to be Carried to Africa.

MANY PROMINENT MEN

A Mass Meeting in the Interest of Education in Georgia—Cleveland to be Present.

By Cable to the Press-Visitor.

MAINE, Oct. 1.—Havana advice are that members of the committee of the Antislavery party recently asked Capt. Gen. Campos to release a number of prominent persons detained in Santiago as military prisoners. The Spanish commander refused, confirming the sentences. It is understood that the prisoners will be taken to the military prison in Africa opposite Gibraltar.

LEWIS, Ga., Oct. 1.—It is announced that Dr. Curry, of Richmond, Va., agent of the Peabody and Slater fund is arranging a mass-meeting for the interest of education here October 25th. President Cleveland, Secretary Smith, Dr. Wilson, Dr. Gilman, of Johns Hopkins University, President of the Senate and Speaker of the House have been invited to attend.

GLOOMY FOR DURANT.

Important Testimony Against Him Brought Out.

By Telegram to the Press-Visitor.

SAN FRANCISCO, Oct. 1.—Charles A. Durant, the young man who sat next to Durant in the college lecture-room, says that he was approached by Durant and asked to testify to the latter's presence in the lecture-room on April 3rd, regardless of Duke's memory of the fact or not. Duke did not remember his presence, and therefore refused to testify.

CLEVELAND'S YACHT MISSING.

Caught in a Gale, is Supposed to Have Taken to Harbor.

By Telegram to the Press-Visitor.

GREEN POINT, L. I., Oct. 1.—Nothing has been seen of the steam yacht Onida with President Cleveland, D. S. Lamont and E. C. Benedict aboard. The yacht left Gray Gables late last night on a cruise along Long Island shore. A high gale prevailed off the east end of Long Island all the morning and it is thought that the yacht made for harbor for protection.

Pearl's Men Ate Dogs.

By Telegram to the Press-Visitor.

NEW YORK, Oct. 1.—Last night Pearl's colored servant Henderson and Prof. Lyche of the Kansas State University arrived from the Arctic regions today on the steamer Sylva. The latter says that the lucky find of some musk oxen saved their lives once. While another time they had to kill their dogs on the voyage for failure of food supply.

2,000 Miners Stop Work.

By Telegram to the Press-Visitor.

COLUMBIA, O., Oct. 1.—Two thousand Maximilian miners stopped work this morning. They want sixty cents per ton and the operators are willing to pay it, but the two parties disagree as to a plan for fixing the rate. The union miners of America are not in sympathy with the men who took the step.

Becoming Monotonous, Well Yes.

By Cable to the Press-Visitor.

LONDON, Oct. 1.—The St. James Gazette this afternoon referring to the defeat of the Cambridge-Oxford cricket team by the Philadelphians, remarks: "These defeats of English athletes across the Atlantic seem to be becoming monotonous. If there is one thing we could do, we thought we could play cricket. America is now taking up the game, though it never was popular there, yet even at cricket they outplayed to beat us."

Fatal Result by a Deerick Breaking.

By Telegram to the Press-Visitor.

NEW YORK, Oct. 1.—A contractor's carelessness killed Patrick Reed and two others who were seriously injured by the breaking of a derick at Broad and Exchange place this morning. The contractors were arrested for carelessness.

"Milly" Malone Better.

By Telegram to the Press-Visitor.

WASHINGTON, D. C., Oct. 1.—Senator Malone is brighter and more cheerful this morning. His condition is encouraging, compared with the extremely critical state last night.

TO-DAY'S MARKETS.

Cotton Goes Off Eighteen Points—The Grain Markets.

By Telegram to the Press-Visitor.

NEW YORK, Oct. 1.—Liverpool opened about unchanged, advanced fully 9-16, but lost almost the whole improvement, closing barely steady 1-16 over yesterday's close. Good spot business doing; sales, 12,000; middling, 4 1/2-16, or 5-16 above yesterday.

New York opened irregular, unchanged to 7 points up, but lost all the advance and declined after various fluctuations. The close was steady, 18 points below yesterday's rates.

Sales, 422,500 bales. The chief feature of the decline was heavy realizing. A reaction was only justified after such a sharp advance.

Options closed as follows: September, — to —; October, 8 7/8 to 8 7/8; November, 8 7/8 to 8 7/8; December, 8 7/8 to 8 7/8; January, 8 7/8 to 8 7/8; February, 8 7/8 to 8 7/8; March, 9 01 to —; April, 9 06 to 9 07; May, 9 13 to 9 13; June 9 17 to 9 19.

Armenian Negotiations to Open.

By Telegram to the Press-Visitor.

CONSTANTINOPLE, Oct. 1.—It is reported in official circles that the envoys of the three great powers, Great Britain, France and Russia will soon receive instructions from their governments to resume negotiations with the Porte regarding the Armenian question.

China Gives France Satisfaction.

By Cable to the Press-Visitor.

PARI, Oct. 1.—It is announced that China has acceded in full satisfaction to France for the recent attack made upon the French missions in China.

COURT ADJOURNED TODAY.

Cobbie, a Justice—Our Bright Solicitor—The Satterfield Case.

Court adjourned this morning after a little over a week's session. No business was transacted, only a few cases rounded up. The docket has been a light one.

Judge Cobbie has presided with dignity during the term. He is slow, but painstaking, accurate and impartial. Solicitor Fox ran the court without a hitch. As a collector, he ranks far ahead of any Wake county has had for some years. Mr. Fox is a man of much ability. He is young, full of energy and always on the alert.

He has been the cause of several new judges making a very favorable start in their judicial careers. The district and especially Wake county, is proud of him.

Mr. S. P. Satterfield is still here. He has been given permission to make up his bond in Person. The amount is \$500. Mr. Satterfield says he is glad the true bills have been returned as it will enable him to completely vindicate himself. He thinks the trial will locate the blame on the guilty parties. Mr. Satterfield has a large array of friends around him. Among the number are Harris, Whitaker, Furness, Walker and others. He says he could clear himself without counsel. Mr. Satterfield thinks others will have to do more explaining than himself.

AFTER PLANO AGENTS.

Treasurer Worth Directs Sheriffs to Proceed to Enforce the Law.

Treasurer Worth has had several letters from plano dealers who have complied with law in taking out licenses complaining that agents are working against them who have no licenses at all.

Treasurer Worth has had a good deal of trouble with agents of plano and organs. He consulted Attorney General Osborne this morning and as a result it is decided to send a circular letter drawn by the Treasurer to every Sheriff in the State. The letter sets forth the facts and directs the Sheriff to proceed according to law against those who have failed to take out license. The number who have failed is quite large.

A CASE TO JUDGE SHEPHERD.

Presented by the Law Class of the University.

Ex-Chief Justice James H. Shepherd was the recipient of a handsome present last evening. It was a gold headed cane given to him by the thirty-two members of the University law class, who applied for law license yesterday. The Judge knew nothing of the intention of the class and he was taken by surprise.

Mr. Oliver H. Dockery, Jr., of Rockingham, made the presentation on behalf of the class. He did so in a short and graceful speech, which was quite appropriate.

Judge Shepherd in accepting the token of their love and esteem, thanked the class and expressed himself feelingly in bidding them farewell.

It was the closing of a happy relationship between the student and instructor.

The cane was indeed a handsome one. On it was the inscription: "To Judge James H. Shepherd from the Law Class of '95."

WHO WANTS A JOB?

Civil Service Examination to be Held Here November 9th.

The Civil Service Commission at Washington has ordered that an examination be held in this city on Saturday, November 9, 1895, commencing at 9 o'clock, a. m., for the grades of clerk and storekeeper-gauger. Only citizens of the United States can be examined. The age limitations for this examination are as follows: For clerk, not under 18; for storekeeper-gauger, not under 21 years. No application will be accepted for this examination unless filed with the undersigned in complete form, on the proper blank, before the hour of closing business on October 26, 1895. For application blanks, full instructions, and information relative to the duties and salaries of the different positions, apply to N. A. Brown, Secretary Board of Examiners, Internal Revenue Service.

"The examination will be a special one, held for the reason that the commission has not yet been able to secure a sufficient number of eligibles for this district. In order that such demands of the service as may arise in the future (from removals, resignations, or increase in the force) may be promptly met, it is hoped that all persons desirous of securing positions in the internal revenue service will make application at once, provided they are entitled to examination."

Does the Supply Equal the Demand.

One gentleman wanted to know yesterday if the demand for lawyers was equal to the supply. He also wanted to know what the State was coming to when forty or fifty lawyers were turned loose on the people every six months. Many of the applicants never practice law and many that make the attempt can be classed with the proverbial shaft.

Bank Examiners Appointed.

Treasurer Worth yesterday made known his appointments as bank examiners. The late Mr. Palmer filled the position by himself for the entire State; but Mr. Worth has now divided the field in two districts, the Eastern and Western. The politics of the appointments is fusion; one is republican and the other a populist.

Stephen T. Crowder, of Ridgeway, was appointed Bank Examiner for the Eastern District, and E. T. Joyce, of Mt. Airy, was appointed for the Western District.

Wintery Weather.

Indications were last night that fall had set in. The long heated spell is at an end and the hot wave broken. An overcast felt comfortable. Capt. Tom Arrington has the honor of being the first of the brave to trot out on overcoat.

People moving up the street have the winter bend on them, with upturned coat collars and hands shoved deep down in their pockets.

Send in Your Ads. Friday.

We desire to make a rule and to request all our advertisers to comply with it, to send in their ads for Saturday's changes on Friday afternoon before 5 o'clock. We find this is necessary to get the paper out on schedule time Saturday, and we trust that all our advertisers will take note of this request and act accordingly. This will be the rule and exceptions will be made only to accommodate special cases, but of course we will make exceptions where there is a good reason for it.

CAN CULBERSON CONQUER

Believed at Dallas that Emergency Law May Fail.

CORBET AND WIFE START

For the South—He Will Stop at Many Points En Route—Plays Ball as First Baseman.

NEW YORK, Oct. 1.—Fugitive Corbett and his party left for the South at 10 o'clock this morning. He went to the depot by an elevated train, where his party was waiting him. His newly-married wife accompanied him. This afternoon Corbett and his brother will play baseball in the department league games at Washington. Jim is playing first base and his brother third. From Washington the party will go to Atlanta and thence to Birmingham, New Orleans and San Antonio, which point they reach Sunday. Prof. Dore, who has charge of Corbett, lately denied all stories about the knee trouble.

DALLAS, Texas, Oct. 1.—Work on the amphitheatre was not resumed today and will not be until a decision by the legislature. President Stuart, of the Florida Athletic Club, says it costs him fifteen hundred dollars each day which he doesn't care to hazard. The people of Dallas believe that the chances of beating the emergency law are even.

MR. LACY'S REPORT.

Much Work Done in Preparing Labor Statistics—200 Mills.

Two clerks in Commissioner Lacy's office are kept busy these days in preparing the next report of the bureau, which appears in January. The work of making out the report is arduous, but is being done with a thoroughness and attention to detail that assures the people that the report will be an interesting and valuable one. Just at this time when more interest is taken by North Carolinians in manufactures than ever before, the fact of having a complete and interesting report up report of the State's progress in this line is peculiarly gratifying.

Men have been sent by the Bureau to every cotton and woolen mill in the State, without exception. These men make up the report from an actual inspection of the mills. It will be of interest, as well as gratifying to North Carolinians, to know that this State is now third in the Union as regards the number of cotton factories. The number of mills in the State, both cotton and woolen, is in round numbers two hundred. Of these about one hundred and fifty are cotton mills.

Alamance county still leads the State in both the number of mills and spindles.

DRUNKEN, HE DROVE WILD.

Elk Tucker's Costly "Jag"—Other Mayor's Court Matters.

In Mayor Russ' court this morning Elk Tucker, the colored man who has been employed as day driver for the firm of Crowder & Head, learned that a jag sometimes comes high. He experimented with one yesterday and today he is out of a job, \$12.25 and has the concealing thought of more money to follow in payment for injuries done to his employer's mule, through his carelessness.

People living along the side of the big hill on South Wilmington street had some excitement yesterday afternoon. Tucker, driving a dashing pair of mules, came to the brow of the hill at full speed and started the descent. When about half way down, one of the mules slipped and fell. The drey, coming with awful momentum, was not to be stopped by a small master of a mule, so the poor animal was scraped and dragged over the stones for some distance. It was a valuable mule, but will hardly see more service.

Tucker was arrested and this morning the Mayor put on a \$12.25 fine for fast driving. Dr. Gaston's driver was a witness in a case and became impudent to his honor. He is in the station house now for contempt and may go to jail. Major Ward, for a "jag" that was commonplace in the extreme, was fined \$4.25.

Oh, What a Difference!

By Telegram to the Press-Visitor.

NEW YORK, Oct. 1.—It is fair and warmer here today.

A DAY WITH JUSTICE.

The Prosecution of Langley, Mallon—He is Discharged.

Gaston Langley of Swift Creek Township who was charged with whipping his wayward daughter while in a delicate condition was dismissed. It developed that the whipping happened a year ago and a very small switch was used. The prosecution was considered malicious, and not sufficient evidence was produced to make out the charge so the complainant was taxed with the costs which amounted to about \$10.

John Morgan, the negro who out Stephen Eaton was sentenced to 8 months on the roads. On the stand he swore that he did not have a knife. Yesterday Morgan was found over to the January term of Court for perjury. He will in the mean time work out his sentence on the roads and when January rolls around Morgan will answer to a felony instead of a misdemeanor. Truly the way of the transgressor is hard.

Both cases were before Justice Roberts.

FIFTY ONE LAWYERS.

The Entire Class Passed Successfully—A Large Class.

Fifty-one lawyers, young and old were turned loose upon the tender mercies of the world yesterday. The class contains many bright minds and out of the number there will surely develop some great legal talent.

Every member of the class that applied for license was successful in passing the examination his is very unusual. The class is next to the largest that ever passed before the Court. September a year ago the class numbered 67.

The class contained members of all ages and conditions. A few had not reached the one score and one while others were passed the meridian of life. The most notable graduate was Rev. Baylus Cade, Ex-Editor of the Caucasian. Mr. Cade will practice law in the town of Franklinton. Three Raleigh boys were among the successful candidates. They are Joseph L. Seawell, Walters Durham and Walter L. Watson.

APPLICANTS FOR LICENSE—SEPT. TERM, 1895.

Walter C. Feinster, Frank P. Henderson, A. C. Avery, Jr., R. H. Morrison Brown, Moses N. Harshaw, Thomas Newland, Edgar A. Poe, Henry G. Robertson, Walter L. Watson, Joseph L. Seawell, John A. Shannhouse, Thomas L. Green, Oliver H. Dockery, Jr., James W. McNeill, James N. Hill, Augustus H. Price, William E. Brees, Jr., William E. Shuford, James R. Gaskill, Charles L. Abernethy, Elias B. Wilcox, Joseph P. Pippen, George W. Justice, Thomas S. Rollins, Luther T. Hartwell, James W. Dixon, Baylus Cade, Charles M. McCorkle, Frederick Harper, Frances M. Noble, Warren S. Needham, Charles E. Whitney, Benjamin G. Green, Rufus L. Sherrill, Benjamin G. McLean, Julius L. Mayerberg, Alfred A. Dul, Charles E. Childs, Thomas A. Morpew, Sidney G. Mewborn, and Daniel T. Edwards.

The Wild West, a Circus.

There was a rise in show taxes yesterday with the public officers. Sells Bros. pay the regulation circus tax. Buffalo Bill pays a smaller tax owing to the fact that his show is not classed as a circus. There was some talk about the matter and Sheriff Page consulted Treasurer Worth and the Attorney General. Their discussion was that the Wild West would have to pay circus tax, which \$900 county and state, payable in every county in the state.

Chamber of Commerce.

The officers of the Chamber of Commerce and the chairmen of the various standing committees are requested to meet at the office of the Secretary, 29 Palace Building, this (Tuesday) evening at 8 o'clock for consultation regarding matters of interest to be presented to the monthly meeting of the Chamber on Tuesday next.

DAYLIGHT ILLUMINATION.

That is What Mr. Sam Joseph, of Sells' Circus is Engaged in.

Mr. Sam Joseph, the veteran circus advertising manager of the great Sells' circus, which is coming October 29th, literally made the city gorgeous with his beautiful colored lithographs yesterday. As Mr. Joseph remarked, "We have illuminated the town." There was never anything seen like it in Raleigh before. It has for some time been a tug of war between Buffalo Bill's show and Sells' circus people to make the greatest display in advertising. Buffalo Bill has had three advertising cars in Raleigh. The last of these cars left here Sunday morning and all day Saturday a host of men connected with it were busy heralding their show. Saturday was their day. On Sunday night Mr. Joseph, with a corps of special advertisers, arrived, and by noon yesterday every man, woman and child in Raleigh was talking about Sells Bros. Big Show. Here, there and everywhere could be seen October 29th. Yesterday and today Mr. Joseph made a gigantic effort to put the Sells circus colors on top, and a glimpse at the principal streets of the city shows that he succeeded. The flaming bills with the big date of October 29th are literally on the top of the houses everywhere, especially on Wilmington, Fayetteville and Salisbury streets. Mr. Joseph is a master at this kind of advertising, and when he goes into the campaign he makes himself felt. The indications are that Sells' circus is going to be the biggest and the best that Raleigh has seen in many years.

Mayor Russ was called on yesterday and gave permission for the circus to parade the streets and also tendered to Mr. Joseph the use of the city billing boards. The circus will be at Greensboro on Thursday of this week and will go from there as far south as Birmingham, making a circuit around back by Raleigh by October 29th.

DROUGHT UNBROKEN.

The Week Very Unfavorable for Crops—Streams Low.

The reports of correspondents of the Weekly Weather Crop Bulletin, issued by the North Carolina State Weather Service, for the week ending Saturday, September 28th, 1895, continue to be unfavorable. The extreme heat and dryness continued until cooler weather set in on Friday and Saturday. The mean temperature for the first five days averaged 18 degrees per day above the normal. Drought continues unbroken and is greatly damaging all fall crops. Streams and wells are very low. Peanut digging has commenced, and corn is being gathered in. Very fine and large crops of fodder and hay have been saved. Fall plowing still at a standstill for lack of rain.

CENTRAL DISTRICT.—Very hot and dry weather until until Friday, when it became cooler. Practically no rain except a few light showers in the southern portion of the district on the 24th. Turnips, late potatoes and all fall crops needing rain badly. Tobacco curing still in progress with tolerable results. Cotton wilted considerably during the early part of the week and late bolls will be small and worthless. Nearly all the cotton crop is open in the southern half of the district and picking is progressing rapidly. The week was favorable for saving fodder and hay, large quantities of which have been gathered. No fall plowing has been done. Streams and wells are very low.

The Patapsco Flouring Mills.

We call the attention of our readers to the handsome new double column advertisement of Messrs. Johnson & Johnson, agents for the celebrated C. A. Gambrell Patapsco Flour.

The Patapsco Flouring Mills grind only the cream of Maryland and Virginia wheat and have the latest improved appliances known to modern milling. They therefore make the highest grades and most uniform brands of flour. The mills were established in 1774 and have had 121 years of successful operation. The daily capacity is 2,900 barrels, which is sold throughout the South and East, also Europe and South America. This superior flour is on sale at all city groceries.

The law-class, with diplomas carefully tucked away, has melted away from the city. A very few remain for a day or so as visitors. The class was a remarkable one both on account of size and the fact that every member passed the examination successfully. The Press-Visitor was misinformed yesterday. Two students gave a dash of color to the composite class.

NEWS GATHERED IN A DAY

Condensed and Put in a Readable Form.

FACTS AND GOSSIP

Interestingly Told as Picked up on the Streets and Various Points About Town.

Mr. Peter Sells of Sells Bros. Circus is expected in town today.

Mr. Blagden is getting in a good crop of pretty things at his popular toy store and they make a gorgeous display in front.

Subscribers to the telephone will please add to their list M. A. Parker, 177, Shaw University, 178, and 205, Johnson & Johnson's wood yard.

Cotton opened strong today, but jumped off after a few hours. It brought all the way from 8 1/2 to 9 cents, but there seemed to be no particular rush of farmers. The Exchange was quiet.

Secretary Nichols and Road Supervisor McManis paid a visit to the fair grounds yesterday to see about the proper grading of walks and the preparation of the track for the week's races. Everything will be put in splendid order by the 20th.

Mr. C. C. Babb, of the United States Geological Survey, is here in connection with matters relative to the river-gauge stations. For sometime this State weather service has maintained four of these stations, one of the Cape Fear and one of the Roanoke.

The first advertising car of Sells Bros. Circus which is to exhibit in Raleigh on Oct. 29th will arrive in our city on Tuesday next. The car is in charge of S. H. Barrett, Esq., who has with him 25 advertisers. Mr. J. E. Boyle the Press Agent of this great show also travels in this palace on wheels.

The name of Messrs. Heller Bros. in Raleigh and all over the State is synonymous with "shoes." They are the leaders in their line and will always give you the latest at the lowest figures. Read their announcement today and watch it from week to week for the latest novelties in their line.

The most beautiful thing ever seen in Raleigh, and you will say so when you see it, is a jewel of a soda fountain, built of the finest onyx, which has just arrived here for one of our most enterprising and popular drug-gists. The unveiling will be in a day or two. The verdict will be that nothing half so beautiful was ever seen in Raleigh.

The Yarbboro House is one of the best known institutions in North Carolina. This is because it has been thoroughly advertised by every visitor to Raleigh till it has become familiar to the whole State and South. Proprietor L. T. Brown, who is a thoroughly progressive and up-to-date hotel man, believes in keeping the name of the Yarbboro before the public at all times, as demonstrated by his card elsewhere in these columns. As Mr. Brown says, you do not realize that you have been to Raleigh unless you go to the Yarbboro.

They All Read It.

The circulation of the Press-Visitor has grown to such proportions that it has outstripped all our expectations. It demonstrates that the people will take a paper which gives them the full telegraphic news of the day, the market reports from the great commercial and trade centers, and from six to seven columns each day of the local happenings of Raleigh.

When the consolidated Press-Visitor went into the field five weeks ago it started with a circulation of two thousand. Since that time our subscription books show an increase of several hundred.

As an advertising medium the Press-Visitor was never equaled in this city, and the strain upon our columns caused by new advertisements coming in is such that it will be necessary for us to enlarge the paper if many other advertisers want to be accommodated. Those who want advertising space in our columns are advised to come quickly.
