Corbett's ferry is another prospective point on Red River, eight miles from Danbury, Tex.

SAUCY SPAIN.

Will She Make a Big Demand Upon the United States.

WASHINGTON, D. C., Oct. 3.—That is a beautiful fairy story, which comes to Washington via the columns of a Spanish newspaper published in Cuba, to the effect that Spain is to be backed by England, Italy and Mexico, in making a demand upon the United States for the payment of \$500,000 indemnity, because of the failure of this government to prevent the departure of filibusters. Spain has before this been guilty of some very foolish things, but there is very little probability that its government will be silly enough to make such a play in the hands of the Cuban sympathizers in this country. The story was probably written solely for Spanish reading. The feeling in favor of free Cuba is already making itself felt in Washington, and with a demand for indemnity from Spain it would speedily become overwhelming, and would be there is every reason to believe, quickly responded to by the administration, regardless of what backing Spain might have.

The term does not expire until January a year from now, but a reporter learns on excellent authority that Mr. Lacy will resign his position after the first of next January. The people of the State will be sorry to hear of this. SERIOUS CRIME CHARGED

Percy Tomlinson Accused of Robbing Mail.

IS WELL CONNECTED.

Alleged to Have Taken \$5 from a Letter at the Postoffice in Wilson's Mills.

Yesterday a young man apparently about 18 years of age, was brought in on the train from the east under escort of officers. The young man was apparently dressed in a neat black suit. His shoes were well polished. He wore white linen and had on a nice black tie. The youth's outward appearance showed that he came of a good family and was well reared. With him was his father, an elderly gentleman with a full growth of beard, sprinkled with gray.

The name of the boy is Percy Tomlinson and the father's name is J. M. Tomlinson. The charge is that of breaking open a letter at the Wilson Mills postoffice. The penalty for such a crime is a term of years in Sing Sing—no less than one year. Tomlinson was carried to the postoffice building and given a hearing before United States Commissioner Virtrivius Boyster. A number of witnesses had been summoned, but they could not get here, and the case was postponed until this evening at 5 o'clock. In the meantime young Tomlinson was released on a \$300 bond which his father gave.

The arrest was made at the instance of Marshall Carroll, who several days ago received an anonymous letter from a party at Wilson's Mills telling him of the interception of a letter containing money. It seems that Mr. J. H. Holt, a merchant at Wilson's Mills, mailed a letter to Mr. Ashley Horns, of Clayton. The letter contained a five dollar bill and a check. Mr. Horns received the letter, containing the check but no bill. It had been opened, the money taken out and the letter resealed.

Young Tomlinson is charged with doing the crime. His uncle, Mr. Uzie, is postmaster, and it is claimed that he was in the post office, knew of its contents, and saw the letter mailed. It is also said that another witness saw Tomlinson open the letter and re-seal it. The authorities think they have a strong case against him. Post-office Inspector Conway is here, and has worked up the case.

Tomlinson denied to a Press-Visitor reporter that he ever saw the letter, and says the whole thing is brought about by malicious prosecution. He says that he will be able to establish his entire innocence at the trial this afternoon.

The robbery occurred in July. The father of the young man is firm in the belief of his son's innocence.

It will be remembered that J. W. Tomlinson, of Wilson's Mills, was arrested here several weeks ago on a charge of larceny. He was carried back home and the charge was proven false. J. W. Tomlinson is a brother of Percy and is a few years his senior. The family is one of the best in Johnston county. The young man whom the charge is brought against is a grandson of the well-known John M. Wilson, the founder of the town. The family is well connected and is worth good property. Much sympathy has been expressed for the parents.

Marshal Carroll says that a man named Heath brought back the five dollar bill to Holt, who recognized it. Heath said that he got the money from Tomlinson. When Holt spoke to the latter, he is reported to have said: "Keep quiet and I will give you back the money." This he did, and Holt dropped the case.

MONDAY'S RIOTS RENEWED.

Troops Stood by and Saw Armenians Butchered.

CONSTANTINOPLE, Oct. 3.—The riot and bloodshed of Monday was renewed Tuesday at Sofia, by Mohammedan theological students. The leaders chased every Armenian with bludgeons; the houses and stores were looted and many were killed. No attempt was made to save the life of Armenians. The authorities stationed troops at every threatened point asserting that there would be no danger or further disturbances. This is believed.

SOUTHERN'S NEW TRAIN.

Double Daily Passenger Service Between Greensboro and Goldsboro.

Ever since the announcement a few days since that the Southern's train from the west would arrive here two hours later than it now does, there has been some little speculation as to whether another train would be put on to make the connection with the Coast Line for Wilmington.

The Press-Visitor learns, though not officially, that a fast train, similar to the old "annon hall," will be put on, beginning next Sunday, between Greensboro and Goldsboro. The train will leave Greensboro early in the morning, arrive here between eleven and twelve and make connection at Goldsboro with the Coast Line for Wilmington. The schedule is not yet complete and the time of the departure of the train from Goldsboro west is not known. The train will carry mail and will put our northern mail here several hours sooner.

The regular mail, No. 86, will leave Greensboro at 12:15 a. m. and arrive here about three. A double daily passenger service will thus be afforded between Greensboro and Goldsboro. This plan was tried several months ago, but did not prove so popular as the old system.

The following official notice was received this afternoon in regard to these trains: Taking effect Monday, October 7th, the Southern Railway Company will inaugurate two new trains. No. 14 leaving Greensboro at 8 o'clock a. m., arrives at Raleigh 11:05 a. m.; leaves 11:10 a. m., arrives at Selma 12:35 p. m., making Atlantic Coast Line connection for Wilson, Rocky Mount, Tarboro and Fayetteville and the South, and arrives at Goldsboro 1:30 p. m., making Coast Line connection for Wilmington, and Atlanta and North Carolina for Newbern and Morehead City.

No. 15 will leave Goldsboro at 7:00 a. m., arrive Raleigh at 8:30 a. m., arrive at Durham in time to make connection for Oxford, Keyville and Richmond, and arrive at Greensboro 11:55 a. m., in time to make the Fast Mail for the North, arriving at New York the next morning.

No. 36, the mail train, at present arriving at Raleigh at 1:10 p. m., will leave Greensboro at 12:15 noon on arrival of Fast Mail, No. 86, from Atlanta and the South, reaching Raleigh about 3:10 p. m., and Goldsboro about 5 p. m.

No. 35, the mail from Goldsboro, arriving at Raleigh at 4:08 p. m. will arrive about as at present.

No. 12, the morning train, leaving Greensboro about 1:00 a. m., will arrive about as now, 7:30 a. m.

No. 11, now leaving Raleigh at 5:25 a. m., will leave at 1:30 a. m., making the Southern Vestibule connection at Greensboro, and the Western North Carolina connection.

Sleepers between Raleigh and Greensboro on trains Nos. 11 and 12. Instead of receiving our Northern mails at 1:10 p. m., they will reach Raleigh at 11:05 a. m.

The evening freight and accommodation from Goldsboro will arrive at 9 o'clock p. m.

AT THE INSANE ASYLUM.

All the Improvements Completed—The Place is a Pretty One.

Dr. Kirby was in the city yesterday. He said that most of the improvements which had been in progress had about been completed. The large reservoir which holds 500,000 gallons of water is now filled with water. The small reservoir formerly used will also supply water. A strong wire fence has been put around the reservoir to prevent any danger. The water works system is admirably arranged. The Asylum is now connected with the city fire alarm system. In the kitchen and other points of the buildings a pavement of tar and sand, known as the non-inflammable pavement has replaced the ones formerly used. The grounds present a handsome appearance.

The institution contains nearly 400 patients. Dances are given every Wednesday evening which the public is allowed to see. Many forms of innocent amusement are offered the patients. A ten-penny ally will soon be built.

Musical This Evening.

This evening in the parlors of the Yarrowborough a musical will be given by the very best of Raleigh's excellent talent. It is given in the interest of Charity and those who so will help a good cause and be highly pleased.

Some one has spread this silly report abroad. Mr. Cody's word for it is enough to lay aside all idle rumors. The show that exhibited at the World's Fair will be here.

CITY IN BRIEF.

Dr. M. L. Fowler, of Roseville lost his cotton gin by fire today. The fire was accidental, due to carelessness. Four bales of cotton were destroyed. Cleveland defeated Baltimore in the first game for the Temple Cup by a score of 5 to 4 before 8,000 people. McMahon and Young were the pitchers.

Fizzard French dined the day away in the Yarrow, Senator Jeter Pritchard put up at the Park and put in the day making "party calls." Neither had anything to say, and "Palley of N. C. was likewise "mum."

A morning freight parted in the middle coming in on the R. & G. this morning and the crew had plenty of excitement. The accident occurred as the train was thundering down a steep grade. The engineer had to foot it lively for a mile in order to keep the cars from smashing together.

The Raleigh Ice and Refrigerator Company is having a big run on the Superior steam coal which everybody uses when they once buy it. President Roberhardt informs us that the company sold nearly 3,000 tons of this coal last month. At the cold weather advances their business increases and they are always prepared to give the best article and polite and prompt attention.

PRIZE FIGHTING DONE FOR

That is, in Texas—The Legislature's Quick Work.

Prize fighting received a death blow in Texas yesterday and the promoters of the Corbett-Fitzsimmons fight will have to look elsewhere. The Governor's will was carried out quickly—quicker than the most eager anti-fisted.

The Indian Territory has been suggested as a good place for the fight.

The bill which was passed was introduced by Mr. Lewis. It provides that any person who engages in a pugilistic encounter between man and man, or a fight between a man and any animal, upon the result of which money is wagered, shall be deemed guilty of a felony and be punished by imprisonment in the penitentiary for not less than three years, or more than five years. The bill further provides that public property demands that this law shall take effect and be in force from and after its passage.

THE NEW ADDITION OPENED.

The Machinery for the Raleigh Cotton Mills Started Up.

Mr. J. S. Wynne, Superintendent of the Raleigh Cotton Mills, was seen by a reporter yesterday. He said that the addition at the mills was now completed and ready for the machinery. The machinery in the new mill will be humming by the end of this month. One machine in the new addition was started yesterday, but it will be some time before the others commence to go. When the unused space is filled the capacity of the mill will be increased two-thirds. There is considerably more available space in the addition than there is in the old mill proper.

The Raleigh mills has had a remarkable career. From the very first it has been running behind its orders. Its stock is away up and with greatly increased capacity, still better things are expected.

Marriage of Two Popular Young People.

Mr. George W. Mitchell and Miss Esther Massey were happily wedded at the residence of the bride's uncle, Mr. T. V. Bunch, last night at nine o'clock. Only a few invited friends were present. The marriage ceremony, which was performed by Dr. Sims, was simple and impressive. Mr. Mitchell is a compositor in the News and Observer office. He is a clever and popular young man who has a host of friends.

Miss Massey is a refined and attractive young lady. The bridal couple have the best wishes of a large following of friends. After the ceremony a reception was held, which was attended by the parties present. Mr. Mitchell's good fortune came in double quantities last night. He was elected president of the Raleigh Typographical Union.

The young man Tomlinson, who is told elsewhere, is under arrest for postoffice robbery, comes of a splendid family. It is rather hard, too, on the face of it that a man should be in limbo for alleged theft of money over a year ago, especially when he has paid back the money. But your Uncle Sam is implacable when it comes to dealing with those who have got into his pocket. This means of course in a small way no slight was aimed at Cole, Belmont and Morgan.
