Rumored to Have Purchased the C. F. and Y. V.

THE MORTGAGE SALE

Will Take Place at an Early Date and the Southern May be

The Washington Evening News, of esterday, which arrived here this ning, contained, under sensational lines, a column article of a rumored deal by the Southern for the C. F, and Y. V. Bailroad, from which we take the following:

"The Cape Fear and Yadkin Valley Railroad, of North Carolina, is to be sold under foreclosure of mortgage at at early date.

"There are reasons for entertaining the belief that the road will be purchased by the Southern. It is a settled fact that the Southern has for a number of years been especially desirous of reaching one of the scaports of North Carolina, which they will accomplish by entering Wilmington. The Cape Fear river runs through Wilmington, and it has a very fine harbor and many large vessels enter the port

"The Cape Fear and Yadkin Valley people have within the last year erected some very extensive coal elevators and have a contract with manufacturers in England for the shipment of soal to that country. The purchase of this road by the Southern would give practically exclusive entrance into some of the most productive territory of the State of North Carolina.

"Then, also, it would place the Southern in a fine position to compete with the Seaboard Air Line and the Atlantic Coast Line roads for traffic in some of the most productive parts of the Old North State.

"There is also a rumor to the effect that the Norfolk and Western would also like to purchase this road, but the chances are if it is purchased by any of the large syndicates at all, it will pass into the control of the Southern. The Baltimore and Ohio have also got their eagle eye set upon the road. Should it be purchased by the latter system, it would be necessary for that company to build a new line from Lexington, Va., to Mt. Airy, the western terminus of the Cape Fear and Yadkin Valley road. The Baltimore and Ohio sould also build from Lexington to Winston or Salem, and there make connection with the Cape Fear and Yadkin Valley road.

rendered by Judge Seymour until that extending into South Carolina. If purchased by the Southern road it will practically give that great system exclusive control of all the traffic of nearly all of North and South Carolina, in connection with their branches of the road which are now penetrating there States.

"In connection with the prospective sale, there seems to be a pretty scheme of a combination of some of the bondholders and other parties have on hand to dismember and disrupt the road and destroy it as a trunk line from ocean to mountain. A gentleman of Wilmington who is interested in railway matters and who is jealous of the best inerests of that city was recently in Baltimore, where he met capitalists largely interested in railway affairs, and from the most reliable source in railroad eircles he learned of the scheme mentioned. To a reporter he said :

"The Cape Fear and Yadkin Valley Bailroad bondholders' committee in Baltimore, consisting of Messrs. W. H. Blackford, chairman; Frank T. Redwood, William H. Peret, John A. Tompkins, Basil B. Gordon, J. W. Middendorf, and Frank P. Clark, it is understood, have prepared a plan of reoroad sold as a unit and reorganised on a business basis, that is, that the reorganization shall provide for the complete equipment and encocesful operation of the road as a trunk line between Wilmington and Roanoke.""

It is complained to the PRESS-VISI on that it is unjust to the State Fair next week that arrangements should have been made for the children of the public schools and the students of the A. and M. College to go to Atlanta during Fair week. It is certainly unforunate for the Fair and a pity that these trips could not be arranged for the following week. The Fair certainly deserves the audivided support of the Baleigh public, if no others. SCHOOL CHILDREN TO ATLANTA | () |

They Will Leave on a Special Train Monday-Holiday Next Week. Superintendent Howell is extreme ly anxious for the children of the public schools, or as many as possible, to visit the Atlanta Exposition With this view he has made specia arrangements with the Southern Railroad whereby a special train has been secured for the transportation of those who may wish to go. This train will leave at 7 o'clock Monday morning and strive at Atlanta by supper time, thus making the entire trip by day light. The fare for the trip will be only \$7 00, and for children between the ages of five and twelve years of age only \$5 50. These rates are chaper than on any other railroad, but those who may wish to return may do so on any Southern rain before October 30. The school children will return on Tuesday, October 29th. The rates are made not only to school children but to parents and those who may go in place of parents to care for the children. Mr. Howell estimates the total cost of

the trip at \$20 00. Superintendent Howell was seen by a reporter today. He said that considering the Exposition a great educational feature, he thought that if possible the children should have an opportunity of seeing it. He was sorry that circumstances are such that the trip conflicts with the State Fair, but it must be taken next week or not at all. So the two day's hollday usually given Fair week will be stretched into a week's holiday and trip for those who can go to Atlanta, a trip which as far as general information obtained counts, is equal to weeks of schooling.

Mortality Among Negroes.

New Orleans Picayune. The student of sanitary statistics cannot but be impressed to an ex treme degree with the extraordinary mortality among the negroes of the United States, as compared with that of the whites.

The official reports of the health authorities in the principal cities of the Union, as collected in the Octo ber number of the New York "Sani tarian" Magazine, give some startling facts as to race mortality. The following extracts are presented of the death rate per thousand of population for whites and blacks:

City or State. Whites the same of the same

From these figures it will be seen that the death rate of the negroes is from 50 to 200 per cent, greater than that of the whites, and even in Chicago there is no exception to the general rule. Statistics are lacking Washington, Cincinnati and other Poe, now under arrest at Winston cities where there are considerable negro population; but there is no nie Mace, aged nine years. The crime reason to suppose that there will be any special change in favor of the

This extraordinrry mortality of the negroes is the necessary result of the sudden enfranchisement of 4,000,000 slaves, wholly inexperienced in selfgovernment and in habits of personal voluntary abstinence. Unfit to control themselves as they, were to be vested with the political control of others, destitute of any respect for continence and chastity, it expected that the negroes, all restraints once imposed on the when in a state of slavery, would give a loose rein to their passions and would indulge, without any consideration of prudence and moderation, in every sort of debauchery

open to them, while disregarding all sanitary arrangements.

Centuries of freedom have been found necessary to bring the white races to the condition of moral worth and the regard for personal honor and chastity to which they have attained. Certainly no less of discip line and no briefer period of proba tion are required for the moral and sanitary development of the negroes. The misguided and fanatical persons who believed that, by the mere flat of authority and the stroke of a pen entire characteristics of a race of ple could be wholly and immedichanged find all their anticipaointed and their calcula-

PRETTY MABEL PAIGE.

An Up-to-Date Company Here Fai The many friends and admirers o

the ever popular little commediene, Mabel Paige, will be glad to learn of her engagement at the Academy of Music for one solid week, commencing Monday, October 21. Little Mabel has been capturing the hearts of Southern theatre goers for the past four seasons, and this year she comes here supported by a company composed of artists of National reputation. Among them is found that splendid comedian Mr. Oscar Sesson, late of "The Colonel," who is such a favorite in Raleigh. Miss Josephine Florence Shepherd is also in the support of the little star. Then there is that sweetest of all tenor singer, Mr. George Gales. Allen Wightman, Fannie Ogden and Rena Trumbell are also in Miss Paige's support "The Other Girl," a clear musical comedy, will be the opening bill, and in order that a large house may greet the little star, the management has decided to admit a lady free on the opening night if accompanied by a person holding one paid 50 cent ticket.

Theatre goers in Raleigh never had such an excellent offer made them beone week. Miss Paige's managers have done this to give the ladies of Raleigh s chance to witness "The Other Girl" without any cost whatever.

Prof. Ford Tonight. Do not fail to hear Prof. Ford a Metropolitan Hall tonight. The late Henry W. Grady said of him in the Atlanta Constitution:

"Prof. S. T. Ford, of New York, gave an elocutionary entertainment in the lecture room of Trinity Church last night which deserves more than a passing notice. "Mr. Ford is a great elocutionist

He is a man of fine presence, and has a voice of wide compass and pleasant quality, thoroughly modulated. He is wonderful show all by himself. He entertained the audience for two hours and nobudy got tired, because the two grand features were the variety of the programme and the naturalness of the over at the State Fair Tuesday, Mesers delivery. "It was all sorts of a good show-

gay, grave, light, heavy, fun, pathos, dialect, humor, and strong dramatic power. All of the selections are good, none of them were longer than eight minutes-and there was not a note or a book in sight. He opened with Artemus Ward's famous London lecture. Then he sang with fine effect the negro dialect melody, 'Carve Him to de Hart;' then gave a pathetic piece, 'His Mother's Beautiful Soug;' then he took off the 'Fashionable Parlor Singer;' then he preached a comic sermon, and so
