A. AND M. COLLEGE WINS.

Defeated the Richmond College Team by a Score of 6 to 0.

The eleven of Richmond College and the A. and M. College met yesterday afternoon at Athletic Park. The Richmond team did not appear on the field until 5 o'clock, the train from the west being three hours late. Only twenty minutes halves were played. The playing was spirited and snappy throughout the game and furnished plenty of excitement to the crowd present.

Neither side scored in the first half and it was not until three minutes of time when A. and M.'s stookey eleven carried the pig skin across the goal line amid tumultuous shouting and cheering. The teams were very evenly matched. The struggling players stayed up and down the field during most of the game without any seeming advantage. A. and M. showed superior judgment by punting the ball up the field when Richmond was making almost desperate efforts to score.

The teams lined up as follows:

- A. and M. Richmond. Thomas R. End Buford, Wright R. Tackle Wills, Hunter R. Guard Daugherty, Hodges Centre Lloyd, Jenkins L. Guard Higginson, Grier L. Tackle Blaxton, Ramsey L. End Frayser, Clarke Q. B. Wilbon, Woodell H. B. McNeil, Wooten White, Alexander F. B. Eubank.

Alexander played well for A. and M. He always bucked the line well. The line of the A. and M. College showed up strong, especially at centre. Eubank was the bright star for Richmond. His running and tackling was very good.

Wright, of the A. and M., was disqualified during the game for slugging Mr. Perrin Busbee was referee and Mr. Gore, of Wake Forest, umpire. Both gentlemen gave entire satisfaction.

This afternoon the Wake Forest team meets the A. and M. eleven. The game will no doubt prove very interesting. The teams as they will line up are as follows:

- A. & M. W. F. C. Hodges Centre Tatum, Hunter E. G. Barbee, Jenkins L. G. McGeehey, Wright E. T. Moss, Grier L. T. M. Intosh, Thomas E. S. Williams, Ramsey L. S. Gore C. Vick L. H. Barret, Wooten R. H. Fenner, Singhita R. B. Bailey, Alexander F. B. Gore Capt.

Mr. Bernard's Narrow Escape.

The rush and hurry of the Western Union's bicycled messenger boys came very near causing an accident in front of the Yarbrough yesterday. A call came to the office and two messenger boys grabbed their wheels and started for a race after the three cent bonus for the delivery of a message. As the leader rode out into the street, Mr. Joe Bernard, also a wheel, was riding down town rather rapidly, just behind him a street car was running at full tilt.

The messenger saw the car, but not Mr. Bernard. He started to cross just ahead and the next moment his and Mr. Bernard's wheels crashed together. The messenger was thrown hard to the left, while Mr. Bernard fell to the right. The street car hummed by within two feet of him as he lay prostrate.

Quite Significant.

Jim Young says in the last issue of the Gazette: "The board of aldermen refused at their meeting Monday night of last week to order a bridge put across the railroad at Cannon street. The residents of that part of the city should not forget this action when the \$50,000 of bonds election comes off. The city without reason removed the former bridge but will not replace another."

Prof. Ford Last Night.

Prof. S. F. Ford, of New York, gave a delightful entertainment last night to an audience which was not as large as it should have been. Prof. Ford is a eloquentist of rare ability. He has strong power as a dramatist and humorist. The audience last evening was thoroughly charmed and interest never lagged at any time. Mr. Ford is certainly one of the best entertainers that has visited Raleigh in some days.

WAS A DOWNWARD RUSH

Cotton Went Toward Zero Twenty-five Points.

55 FROM THE TOP.

That is the Record of Today's Drop—Has Rock Bottom Been Reached?

New York, October 19.—In consequence of yesterday's heavy liquidating in New York and especially in New Orleans, Liverpool opened 7 to 8-64 lower and closed easy at the same level. Spot, dull; sales, 7,000 bales, all American cotton; exports, 500 bales. New York opened about 20 points lower, improved a few points, but collapsed again and closed weak 25 points below last night's rate.

This is a decline of 55 points from the top, and a reaction ought to set in, but continued liquidation of the bull contracts may carry the decline a little further. Should the receipts not increase better markets are expected. So far the port receipts are 25 per cent less as compared with last year. Interior receipts are heavier than anticipated, and interior stocks are increasing. This combined with estimates of important authorities, which predict a crop of 7,000,000 and over, and even 7,500,000, caused the bull clique to liquidate.

Options closed as follows: October, 8 7/8 to 8 7/8; November, 8 7/8 to 8 7/8; December, 8 80 to 8 81; January, 8 86 to 8 87; February, 8 90 to 8 91; March, 8 95 to 8 96; April, 8 96 to 9 00; May, 9 04 to 9 05; June, 9 08 to 9 09.

Estimated receipts for today are 44,000, against 53,000 last year. Galveston received so far 33 per cent less than last year. Sales, 296,800, a very high figure for two hours trading.
