WAR SCARE OVER

But the Russian-Japan Allian Causes Uncasiness in London. By Cable to the Press-Visitor.

LONDON, Nov 2 .- The war scare is over. It is alleged that the China-Russian treaty has been replaced in the public mind by, an alarm felt at the rumors from the eastern quarters to the effect that Russia and Japan have, or are forming, an understanding to result in their mutual benefit. This new feature has caused a cold chill to pass down the backs of the ministers, and the Premier is said to be shivering yet. Be that as it may, there here and elsewhere. This has been refleeted upon the stock exchange and continental bourses, causing a decided falling off in prices, particularly in Russian, Turkish and Spanish securi-

special Meeting Called Wednesday. A Deficiency of \$90,000 on Real

Estate Assessment, ...
The Board of Aldermen met last ight in regular session with the folowing members present: Johnson, Ferrall, Honeyout, Everitt, White, Baker

Mr. J. D. Boushall, the chairman of the finance committee and Mr. Drewry, chairman of the street committee, both being absent from the city, the reports of these two committees were passed over. Alderman Ferrall in behalf of the street committee stated that a contract had been awarded for the paving of Hargett street between Payetteville and Salisbury with vitrified brick and that the work of paving would soon commence, the excavation having been ompleted

Alderman Ferrall reported that the otics committee had been unable to obtain a full meeting. The only question before them was the granting of one Sunday off in every month to the members of the force. He said it was desireable to have a full meeting before passing on this matter.

Mr. Johnson, chairman of the market committee, stated that some plan should be devised for heating the narket, as it was very hard on the ocsupants with the present improvised means of heating the stalls. At his suggestion it was decided to put in piping to connect with the flues. This plan will permit the use of soal stoves.

A sommunication was read from the renters of the fish stalls in the market. They asked that selling of fish on the ontside of the market be prohibited. The renters of these stalls stated that that they could not afford to pay high prices for stalls and compete with the outsiders, some twelve in number. The fact was also used that no town in the State permitted the sale of fish outside of the market without inspection by an official. Alderman Robinson moved that the request be laid on the table.

Alderman Johnson thought the request should receive attention, but he lid not think

City attorney Holding's opinion was asked for. He said that their were three courses to pursue. Require the sale of fish in the stall, in order to obtain police inspection; have an inspector appointed; or require a license tax from all the venders of

After much further discussion, the natter on motion of Alderman Baker was referred to the Market Commit tee. J. Schwarts asked for certain market privileges After discussion, this was also referred to the same

A request by F Green, upon the endorsement of the neighborhood, to erect a blacksmith shop on Hargett street, between Wilmington and Blogut was referred to the Fire Committee with power to act.

Alderman Ferrall made a motion that the horse which has been rented by the city for the Sanitary department be purchased, for the use of that department, reasonable terms having been offered. The motion was carried. The price for the horse is \$75.

Mayor Russ at this stage of the pro seedings made a few timely and pertinent remarks in regard to the Board. The Mayor said that it was a perfect shame that twelve men sould not get together once a month to transact the dry's business. He stated that the body had repeatedly failed to get a quorum together, As a suggestion he thought it would be wise for the board to change their time of meeting during the winter months from 8:30 p. m. to 7:80 p. m On a motion by Alderman Robinson this change of the time of meeting was adopted.

On a motion by Alderman Johnson it was decided to have a special meeting of the Board on Tuesday night next for the purpose of leving the tax for the present year. The taxes are levied each year by the Board. They have the power of naming the rate up to a seriale maximum. The maximum which is fixed by law is \$1.88 1.5. The rate last year was \$1,38. It is probable that the rate this year will be larger, as by the recent assessment there is a deficiency of \$90,000 alone on Real Estate. The taxes are due December the first.

The Southern Railway's Exhibit. Mr. Frank Green, who is in charge of the Southern Railway's exhibit at the Atlanta Exposition, writes Secre tary Bruner some interesting facts about the big show. He says the attendance has not been a success up to date, but that the prospects for an increased attendance are better now

Among other things Mr. Green writes that he m ets a great many people who think that the Southern Railway exhibit is an exhibit of North Carolina from the fact that this great railway has made up their exhibit so largely of North Carolina products. This is quite a compliment to this State in view of the fact that the Southern had every Southern State from which to select an exhibit.

Presbyterian Statistics.

During the year four Presbyterian ministers, members of the North Carolina Synod, have died There 339 churches, 77 candidates for the ministry, which is large, 30,292 mem hers, 2,904 members added during the year, which is very remarkable. churches organized, 15 evangelists and 6 foreign missionaries. The Presbyterians in North Carolina have waked up and are more pro gressive, active, aggressive than ever. There are twenty counties in which there is no Presbyterian church building. The deceased ministers are Revs. A. L. Crawford, T. N. Faucette, Robert Burwell, J. D. McPherson.

gree-Premium on Poliholders. Mr. J. N. Holding, the city attorney, stated last night that it was very important that the Board should not overook the matter of appointing registrars and pollholders at the next election. Mr. Holding said that he would in all probability be out of the city and they should be attended to.

The appointment of pollholders and registrars referred to was, of course, for the bond election.

It seems that the election law and the city charter conflict on the matter of appointing these officers. The election law as passed by the last Legislature directs that the city elerk shall have the appointment of pollholders and registrars. The city charter says that the aldermen shall appoint the registrars and pollholders Both laws_directs that the pollholders and registrars shall be selected from all three political parties the Board will re-appoint City Clerk Smith's appointees.
